Subd. 2. The School District may require an employee to furnish a medical statement from a qualified physician as evidence of illness or injury indicating such absence was due to the illness of the employee or the employee's child as defined in Minnesota Statute. Final eligibility for sick leave pay will be determined by the school district. In the event that the school district wishes to have a second opinion, the district may select a physician, at district expense, to make an evaluation and submit a medical statement regarding the illness or injury.

Section 2. Child Care Leave: All groups of employees shall be entitled to the following:

Subd. 1. Child care leave without pay and other benefits shall be granted to employees for up to but not to exceed twelve months. Requests for child care leave shall be made to the supervisor in writing as soon as possible.

Subd. 3. In terminating child care leave of absence, employees shall notify the superintendent in writing prior to the time they desire to return to work. The exact date of return to work shall be selected so as to cause the least disruption to the education program and the date shall be mutually agreed upon.

Personal Leave and Personal Leave/Unpaid Time Off: It is understood that opportunities or situations sometimes arise which may require employees to be away from their position for extended periods of time. Generally, school calendars allow opportunities for time away from the school setting. Attendance at work, when school is in session, is very important. It is expected that staff should schedule personal vacations during the natural breaks in the school calendar.

Subd. 1. Staff members are permitted personal days (as described elsewhere in this document) that are compensated. Personal time may only be requested when there is a positive accumulated sick leave balance. Special circumstances will be reviewed as they occur. Personal leaves will be granted in the order received.

Subd. 2. Requests for leave from school (exclusive of FMLA eligible leaves) may not exceed five school days in total length of time away from the district (including the application of personal days) and will be approved if the supervisor is able to secure a substitute worker.

Employees may elect to contribute more than the district match. The employee must match the district contribution or the employee forfeits the district contribution for the year. An employee election shall be automatically renewed each year except by written cancellation by the employee or termination of employment. Eligible and participating employees must make application for participation in the 403(b) annuity matching program by September 15 for that school year.

ARTICLE VI WORKERS' COMPENSATION

Section 1. Upon the request of an employee who is absent from work as a result of a compensable injury under the provisions of the Workers' Compensation Act, the school district will pay the difference between the compensation received pursuant to the Workers' Compensation Act by the employee and the employee's regular rate of pay to the extent of the employee's earned accrual of sick leave.

Section 2. A deduction shall be made from the employee's accrual time according to the pro-rata portions of days of sick leave which is used to supplement workers' compensation.

Section 3. Such payment shall be paid by the school district to the employee only during the period of disability.
