PROGRAMMATIC, FISCAL, AND REPORTING ASSURANCES

The United States Department of Education (USED) has approved the application from the State of Alabama for ESSER funds under the CARES Act. The availability of funds is from 4/29/2020 to 4/29/2021. LEAs will be allowed to expend funds until 9/30/2022. Pre-award costs to the ESSER fund will be allowed for allowable cost incurred on or after March 13, 2020.

2. Allowable Service(s) Assurance

The LEA Superintendent or his/her authorized representative assures or certifies that:

The LEA will use ESSER funds for activities allowable under section 18003(d) of Division B of the CARES Act. The United States Department of Education **does not** consider the following to be an allowable use of ESSER funds, under any part of 18003: 1) subsidizing or offsetting executive salaries and benefits of individuals who are not employees of the SEA or LEAs or 2) expenditures related to state or local teacher or faculty unions or associations.

How will the LEA determine the most important educational needs as a result of COVID-19?

GSCC will analyze results of the STAR assessment and I-Ready assessments to determine needs in reading and math. Additionally, the district surveyed parents to gain insight into the effectiveness of remote learning in the spring. Administrators have also worked with teachers to determine the greatest educational needs. Based on our assessments, GSCS has determined that we will need to expend funds for cleaning supplies, devices, virtual school, salary and benefits for virtual school teachers, additional contracted services for cleaning, picnic tables to space out lunch times, shields for desk and allocation to private school.

How does the LEA intend to assess and address student learning gaps resulting from the disruption in educational services?

GSCC will utilize STAR scores in grades K-8 to identify learning gaps among instructional levels and subject areas for grade level groups and individual students. In grades 9-12, teachers will utilize formative assessments to determine learning gaps. After learning gaps are identified, teachers and additional part-time instructors will address the instructional gaps during core classroom instruction by utilizing small group and one on one instruction. At-risk students will also be provided with additional instruction through "pull out time" and after-school programs.
