The online coursework is aligned to the Alabama course of study and reinforces key grade level concepts through text, video, digital manipulatives using simple materials available through the school or found in most homes. These evidence based learning activities can be aligned to students' learning plans. Formative assessments and post-tests can be used to monitor data of vulnerable populations.

GS will use two EL virtual school part time teachers to work with students and parents to help them navigate the online curriculum, to provide additional instruction and intervention via asynchronous and synchronous methods, and to help students stay on track with pacing requirements to ensure that all students master grade level standards by the end of the year.
