

Mrs. Howard-Jones

6TH Grade Social Studies

I enjoy teaching, reading, and singing.

For the current nine weeks, we have been learning about ancient river valley civilizations. We have been studying how to read maps. We have learned We have learned about lines of longitude and latitude, the equator, and the prime meridian. We have learned how to find coordinates on maps using the lines of longitude and latitude. We have also learned how to create maps with features.
