Elisha Lewis

4-8 MATH & SCIENCE CURRICULUM

# TEACHING

**I HAVE BEEN TEACHING FOR 13 YEARS, 10 OF WHICH HAVE BEEN AT HWMS. IN MY CURRENT ROLE, I WORK WITH 4TH THROUGH 8TH GRADE MATH AND SCIENCE TEACHERS AND THEIR STUDENTS. I AM REALLY ENJOYING THIS OPPORTUNITY TO WORK WITH SO MANY GREAT PEOPLE.**

## ABOUT ME:

**I AM FROM SLIDELL, LA.**

**I AM THE OLDEST OF 5, AND I HAVE 4 CHILDREN OF MY OWN (THIS INCLUDES A SET OF TWINS).**

## CONTACT ME

**985-345-6857 ext.53709**

At HWMS, we use **Eureka Math**, which is a TIER 1 curriculum, to ensure that we meet the Louisiana State Standards.

This curriculum helps our students be successful on state testing and achieve their college and career goals.

The Science curriculum that we use for 4th and 5th grade is **PhD Science**. Our 6th through 8th grade students use **OpenSci Ed**.

The approach of these curricula is to begin with a phenomenon, which through learning, research and scientific research lead students to a deep understanding of scientific concepts.

This approach allows students to engineer and design solutions to problems in the world around us.
