

In Memory of Steven M. Delano

Steven Michael Delano, 18 of Scarborough died on May 9, 2010, following a motor vehicle accident that occurred while on the way to the Gorham High School Prom. He was born in Portland on July 23, 1991, a son of Cindy & Mark Delano. Steven was a senior in the Class of 2010 at Scarborough High School.

Steven had worked at Hannaford Supermarket in Scarborough for over two years. He worked as a landscaper for Property Masters in Portland and he was a Call Company Member with Engine 7, Oak Hill, with the Scarborough Fire Department.

Steven was an "Absolute Country Boy" at heart. Often seen with his arm dangling out the window. He was known for his mischievous smile and being one of those "Good Ole Boys Never Meaning No Harm" type of guys. His attire consisted of Carhartt, Fox Racing apparel, work boots, hats and anything camo. One of Steven's greatest passions was hunting and fishing at the family camp in Byron, Maine with all the gang. Steven could be considered a regular at Beechridge Motor Speedway. Steve's other enjoyments were having fun with family and friends. His humorous nature of pulling pranks on everyone will be greatly missed.

TOWN MANAGER

To the Town Council and Citizens of Scarborough:

Thomas J. Hall Town Manager

- It is my privilege to present to the Town Council and the citizens the annual report on the operations of the Town of Scarborough for the fiscal year ending June 31, 2010. As you review this report, I hope you will find useful information relating to the health of the Town and specific initiatives of the past year. Below are a number of highlights for your consideration:
- Fiscal Issues-The sustained global economic slowdown continued to have dramatic impacts on the Town budget. This year the increase in total assessed value of the Town was half of past years, while state aid to support education was decreased by \$1.1M. This combination of stagnating property values and significant reductions in nonproperty tax revenues, forced increased strain on the local property tax rate. Despite these challenges, the Town kept the tax rate constant at \$12.15/\$1000, by negotiating wage concessions with the unions and the use of fund balance. The use of surplus funds to affect the tax rate was an appropriate use of fund balance; however, this trend cannot be sustained into the future. Again, the Town considered the effects of proposed legislation to significantly modify the Excise Tax and the impact of TABOR II - these initiatives have significant impact on non-property tax revenues and as such must be monitored closely.
- Beach/Water Access Enhancements- As our prized beaches are our greatest assets, this year was marked by three significant projects that served to preserve and enhance beach and water access. First is the Pine Point Beach Access Project that was enabled through a land exchange with the Lighthouse Motel that provides for unfettered access to Pine Point Beach. The two other initiatives were enabled by Town funding, coupled with financial support from the Land for Maine's Future Program. The Pine Point Pier Project received \$252,500 in funding while \$632,045 was received to fund the purchase of the Higgins Beach Parking Lot and three properties on Mussey Road from the Vasile family. The pier project will provide commercial fisherman with a vastly improved access to the water and will preserve this essential element of our working waterfront. The purchase of the parking lot assures public access to Higgins Beach.

- Transportation Improvements- The Town secured 40% funding through the Portland Area Comprehensive Transportation System for the complete upgrade of the traffic signals in the Dunstan area. At a related component, in advance of the Dunstan Improvement Project, the Town funded improvements to Haigis Parkway/Route 1 intersection. These projects were an outgrowth the Payne Road Traffic Study process that identified a combination of improvements to alleviate the long-standing traffic problems in this area of Town.
- Inter-local Cooperation- The Town made advances in regional cooperation with neighboring communities and businesses this year. First, we partnered with the three other municipalities that share Saco Bay in common to form the Sea Level Adaptation Working Group to study the potential effects of sea level rise and to discuss inter-local mitigation responses. Also, in unprecedented fashion, municipalities and businesses within the Long Creek watershed created the Long Creek Watershed Management District to implement land use changes and storm water improvements to improve the water quality in this urban impaired stream.
- New Initiatives- The Town expressed its commitment to energy conservation and efficiency through the creation of an Ad Hoc Energy Committee. This Committee's work was so well-received that the Town Council created a standing Energy Committee to ensure a sustained focus on controlling energy costs and reducing greenhouse gas emissions. The Scarborough Community Chamber and SEDCO collaborated on the preparation of an Economic Development Vision for Scarborough.

None of these accomplishments could have been possible without a competent and professional staff, a committed group of elected and appointed officials and an engaged public. As you review this annual report you should feel comforted by the fact that the Town of Scarborough is in a strong financial position and continues to provide excellent public services to the citizens. As there are many ways for residents to be engaged in community affairs, I encourage all residents to get involved to make Scarborough a better place to live, work and play. It has been an honor to serve this wonderful community – I look forward to challenges and opportunities in the future.

Respectfully submitted, Thomas J. Hall, Town Manager

TOWN CLERK

To the Town Manager, Town Council, and Citizens of Scarborough:

Yolande P. Justice Town Clerk

It is with pleasure that I submit my report from the Town Clerk's Office for fiscal year July 1, 2009, through June 30, 2010.

The following Elections were held:

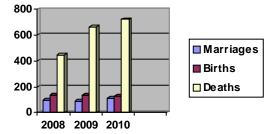

- * Tuesday, November 3, 2009, the Municipal Elections to elect members to the Town Council, Board of Education, and Trustees to the Sanitary District as well as the State Referendum Elections.
- * Tuesday May 11, 2010, the School Budget Validation Referendum – pursuant to the Maine's School Administrative

Reorganization Law. This budget was voted down by Scarborough Voters and a second School Budget Validation Referendum was conducted on June 8, 2010; Scarborough voters passed the budget.

*Tuesday, June 8, 2010, the State Primary Elections were to elect State Representatives from Districts 127 & 128 and State Senate Representatives from Districts 6 & 7. There were also state bond issues. Candidates will represent their parties at the General Election scheduled for Tuesday, November 2, 2010.

The Town Council holds two regularly scheduled meetings a month, except for July and August when the Council holds one meeting, totaling 22 over the course of a year. In addition, there were 3 Special Council meetings held. During this period a total of 59 public hearings were held by the Town Council.

Vital statistics include records of marriages, births, and deaths and are part of the records in the Clerk's Office. The births and deaths are recorded in three locations within the state: 1) Place of residency, 2) Place of occurrence, and 3) the State Office of Vital Statistics in Augusta. The marriages are recorded in the municipality in which the

license was obtained and the State Office of Vital Statistics in Augusta.

During the past fiscal year a total of 111 marriages, 699 deaths and 130 births were filed by the Clerk's Office.

The following items were issued by the Clerk's Office during the Fiscal Year - July 1, 2009 to June 30, 2010:

Items Issued by the Town Clerk's Office:

4,988	Approximately Certified Copies
6	Coin-Operator's Licenses
2	Ice Cream Truck Licenses
126	Food Handler's Licenses
22	Innkeepers Licenses
5	Junkyard Permits
665	Passport Applications Processed
3	Mobile Home Park Operator's Licenses
7	Special Amusement Licenses
7	Waster Hauler Permits

Clam Licenses:

200	Resident Recreational Clam Licenses
20	Non-Resident Recreational Clam Licenses
26	Commercial Resident Clam Licenses
4	Commercial Non-Resident Clam Licenses
1	Commercial Non-Resident Student
	Clam Licenses
9	Commercial Resident Student Clam Licenses
2	Commercial Over-60 Resident Clam Licenses

Respectfully submitted,

Yolande "Tody" Justice, Town Clerk

Deaths Recorded from July 1, 2009 - June 30, 2010

HUMAN RESOURCES & GENERAL ASSISTANCE OFFICE

To the Town Manager, Town Council, and Citizens of Scarborough:

Brian Smith Human Resources / General Assistance Office

Human Resources has evolved through the years, and throughout that evolution, it has become more complex and intricate with the inception of new local, State and Federal statutes. This is not a negative perspective of my profession; it's just a statement of fact. Each year brings new and different challenges and this year will be no exception. The Human Resource Department is responsible for many aspects that affect town employees and its citizens.

- The Human Resources Department is the custodian of employee personnel files, and maintains the policies that affect Town employees. These policies are incorporated in the Town's Personnel Ordinance and via supporting documents that provide more detailed information. Human Resources plays a key role by exercising oversight on a town-wide basis that policies and procedures are consistently and properly administered.
- Scarborough has three unions, which include the Police, Fire and Dispatch Units. The Director of Human Resources is a representative for the Town during union negotiations, and also works with union membership and respective department heads to interpret contractual language when questions and/or concerns arise. All three Collective Bargaining Agreements (i.e. CBA's) expire at the end of this fiscal year. The Town and the Dispatch Union have already agreed to a one-year contract for FY 2011-2012.
- Human Resources is responsible for monitoring, reviewing and providing recommended changes to the Town's Compensation Plan. As with many other municipalities throughout the State, decreased Town revenues and curtailments in State funding have minimized pay increases and limited the hiring of additional employees. During the past fiscal year, all Town employees willingly accepted a zero-percent COLA increase. Respectfully, I commend all Town

employees for their sense of fairness and "team play" during these difficult economic times. The unions have also willingly agreed to wage concessions for this fiscal year.

- The Human Resource Department participates in all hiring processes including recruiting, interviewing and selecting new employees and during the promotional process of current employees. It is understood by everyone that our employees are paramount in continuing and improving the level of services provided to the residents of Scarborough.
- Another contemporary challenge that the Human Resources Department is responsible for is the structure and cost-containment strategies of employee benefits. These include health, dental, retirement and other related benefits. It is important that Town employees continue to receive excellent benefits at a competitive cost. Uncertainty of what the future will bring requires a constant and diligent review of employee benefits and the ability to make reasonable and sound changes as the situation mandates.
- The Human Resource Department participates in and provides guidance to all departments in the areas of Risk Management and Workers' Compensation. This includes working with the Maine Municipal Association, the Maine Department of Labor and local Safety Committees. It is imperative that we do what is necessary to keep our employees safe while at work by providing them with adequate training and the tools and equipment to safely perform their jobs.
- The Director of Human Resources also serves as the Town's liaison to various committees. These include but are not limited to the Scarborough Housing Alliance, the Personnel Appeals Board, the ADA Advisory Board, Safety Committees, Wellness Committee, Outstanding Employee Recognition Committee, the Employee Campaign Manager for the United Way of Greater Portland and other ad-hoc committees as required. The Director of Human Resources also participates in a Municipal Human Resources group comprised of twenty-five members from Southern, Western and Central Maine municipalities and counties.
- Incorporated within the Human Resources Department is the General Assistance Office. The GA Program is administered locally by the HR Assistant, Brenda Clark, and on as needed basis, with part-time assistance from Claudette Charest who was formally the GA Administrator for the Town of Gorham. The program is administered in accordance with State Law and the Town's General Assistance Ordinance. GA allows us to provide aid, under strict guidelines, to individuals and families in financial crisis within the Scarborough community.

Report continued from the Human Resources Dept

GA works closely with various units of the Maine Department of Health and Human Services (DHHS) and with social service agencies such as Southern Maine Agency on Aging, Catholic Charities, Project Grace and People's Regional Opportunity Program (PROP). The requests for assistance continue to increase and with limited resources, it is becoming more of a challenge to meet all of the needs. In support of the Town's efforts it is important to recognize local agencies, businesses and citizens who graciously volunteer their time and provide goods, services and financial support to others in need.

This will be my final annual report since I have decided to retire after a long and successful career in Human Resources. I feel that it's my ethical responsibility to write this annual report even though I have officially retired. I cannot think of a more fitting conclusion to my career in Human Resources than serving as your Director of Human Resources. My sincerest thanks to my co-workers in Scarborough, the Town Council, the Town Manager, Department Heads/Managers, the many residents whom I have personally served and the other professional relationships that I have enjoyed with my colleagues and business partners. In conclusion, the Town of Scarborough is extremely fortunate to have Ellen Blair as its next Director of Human Resources. Formally, she was the Director of Human Resources for the City of Augusta. I consider Ellen to be a friend and have the utmost respect for her as a professional colleague in human resources. I'm confident that she will serve the Town of Scarborough well.

Respectfully submitted,
Brian A. Smith
Director of Human Resources
Assistant

Report from the

INFORMATION SYSTEMS DEPARTMENT

To the Town Manager, Town Council, and Citizens of Scarborough:

Stephen F. Tewhey Information Systems Director

It is with great pleasure that I submit this report on behalf of the Information Systems Department. This is my final report as I am retiring after 34 years with the Town of Scarborough and Scarborough Schools. It has been a pleasure to serve this community, both on the school side and for the last fourteen years as Director of Information Systems. The support I received from the Town Council, School Board, administration, staff and citizens has made my time here very productive and rewarding. Scarborough is a great place to live and to work.

The Scarborough Information Systems Department was formed in 1996 through the cooperative efforts of the Town Council and Board of Education. The municipal's Information Services Department and the school's Computer Technology Department were consolidated into one department to meet the ever increasing technology needs of the Town of Scarborough in a cost efficient manner. During the past fourteen years the merger has proved to be a worthwhile venture as the school and municipal networks share personnel, resources, hardware and information between eight sites that make up the Oak Hill "campus", plus ten other sites within the town.

Scarborough, with the help of the private sector, installed a town wide fiber network over the past ten years. This enabled the installation of a town wide phone and data system for all schools and municipal buildings. This core infrastructure has increased communications and productivity while lowering operating cost These types of partnerships with the school and town have paid great dividends for Scarborough.

The use of technology in education has moved ahead at a rapid pace. Scarborough has been well positioned to take advantage of educational technology through the efforts of the Technology Advisory Committee and the support of parents and citizens. Technology will play a vital role in how we deliver education and the way students learn. The Maine Learning Technology Initiative has paved the way with the one-to-one middle school laptop program. In the

Report continued from Information Systems

future the pencil will be replaced by an individual computing device for all students. Distance learning, implemented by most secondary schools, will find a place in public education. This will enable students to select classes from a wider range of subjects and instructors.

This has been an interesting era for Scarborough and will continue in the future. I am proud to have been a part of it and look forward to seeing Scarborough move ahead with the use of technology, both in the schools and on the municipal side. Thank you for giving me the opportunity to serve such a progressive community.

Respectfully submitted, Stephen F. Tewhey, Information Systems Director

Report from the

FINANCE DEPARTMENT

To the Town Manager, Town Council, and Citizens of Scarborough:

Ruth D. Porter Finance Director

It is with great pleasure that I submit the annual report on behalf of the Finance Department for the Fiscal Year 2009-2010.

The Finance Department is responsible for managing and reporting the financial activities of the Town of Scarborough to assure all interested parties those public resources are conscientiously received, safeguarded, invested, accounted for and disbursed. Our department works to reduce liabilities and risks in order to protect the financial and

personal interests of the residents, taxpayers, employees, investors and visitors. Additionally, the Finance staff prepares financial statements that report the financial condition on the Town of Scarborough.

The Governmental Accounting Standards Board (GASB) is the governing body for the reporting and accounting of municipalities across the country. The Town of Scarborough Finance Department received the prestigious Certificate of Achievement for Excellence in Financial Reporting for the Comprehensive Annual Financial Report for the Fiscal Year Ended June 30, 2009. This is the fifth consecutive year that the Town of Scarborough has submitted and achieved this prominent award. Excerpts of the June 30, 2010 Comprehensive Annual Financial Report (CAFR) are highlighted on the following pages. The Town of Scarborough's financial report was audited by the firm of Macdonald Page and Co., LLC located at 30 Long Creek Drive, South Portland, Maine 04106. Please review the completed CARF on the Town's web sitehttp://www.scarborough.me.us/acct/index.html.

Photography by Jonathan Reed

The Finance Department is comprised of the following offices and describes the related responsibilities:

- Accounting: Includes payroll, accounts payable, cash management, financial software implementation and oversight, investments, risk assessment, accounts receivable, budgeting, debt management, infrastructure and financial reporting.
- Collections: Includes property tax collection and processing, general and rescue billing and collections, vehicle registrations, hunting and fishing licenses, beach parking permits, boat launch permits, parking tickets, snowmobile, watercraft and ATV registrations along with various other revenue collection services.
- Purchasing: Includes procuring goods and services, directing, supervising and coordinating the preparation of technical specifications for all purchasing and construction related activities of the Town.
- Assessing: Includes calculating the annual valuation of all taxable and exempt real and personal property in Scarborough and committing the property taxes annually.

With the implementation of computerized document storage in 2008 for some of our financial software, we are beginning to reduce the amount of paper that we use. The information is stored in the computer so that we may view it on the screen and not have to have a copy printed. We are in the beginning phases of implementing scanning this for our payroll and rescue paperwork as well. This is one way that the finance department is working to reduce our impact on our environment.

The individuals, working in these areas, assist with the ever growing legal and reporting requirements, the growth of the technology industry and of public service and safety for us all.

We look forward to continuing to serve our citizens of Scarborough because we recognize the Scarborough is a great place to work and live!

Respectfully submitted, Ruth D. Porter, Finance Director

AUDIT FOR YEAR ENDING JUNE 30, 2010

The schedules on the following pages have been extracted from the financial statements of the Town of Scarborough, Maine, a complete copy of which is available for inspection at the Town Office. The schedules included herein are:

Statement 1: Statement of Net Assets

Statement 3: Balance Sheet - Governmental Funds

COLLECTIONS/EXCISE TAX OFFICE

To the Town Manager, Town Council, and Citizens of Scarborough:

The Collections/Excise Department is responsible for all vehicle registrations. Our staff is here to assist you in registering your automobiles, trucks, snowmobiles, ATV's and boats, along with hunting and fishing licenses. We are also here to answer any questions you may have regarding this process. We also still and will serve the City of South Portland's customers by completing their new boats and doing all of their residence snowmobiles and ATV's.

We appreciate the opportunity to be of service to the citizens of Scarborough, and I look forward to many more years of serving our community.

The Rapid Renewal allows citizens to register vehicles on-

line via the internet. This program has been on a steady increase and, as the state perfected its online renewal process, we have seen accelerated growth in the area. As always, all of the staff in the Excise Office will continue to be here for you with our friendly smiles and excellent customer service.

Respectfully submitted, Elizabeth "Liz" Hernandez, Excise Office

Elizabeth "Liz" Hernandez Excise Office

Visit <u>www.informe.org/bmv/rapid-renewal</u> to register your vehicle on-line.

Report from the

TOWN ASSESSOR

To the Town Manager, Town Council, and Citizens of Scarborough:

Paul Lesperance Town Assessor

This year, the tax rate was set at \$12.15 per thousand dollars of value based on a taxable valuation of \$3,524,771,600 for real and personal property as of April 1, 2009. This is an increase in valuation of \$37,766,100 from 2008 or 1.1%. The tax rate remained the same as 2008.

The tax rate is based on municipal, school and county expenses. The total appropriation was \$42,825,975 up \$458,859 or 1.1%.

The total number of taxpayers who qualified for a homestead exemption in fiscal 2009 was 4,451 which saved each taxpayer \$157.95. The total number of veteran exemptions amounted to 640 for an additional savings of

\$60.75 in property tax. It is important that each taxpayer who qualifies for an exemption file an application with the Assessor's Office. This was the second year for the Property Tax Assistance Program. We approved 256 applicants for a total refund of \$111,766.00. All citizens are encouraged to call or visit our office so that we can determine if you qualify for any exemptions and make sure the proper forms are completed in a timely matter.

As always, I and my Administrative Assistant Sara Salisbury and Assistant Assessor Susan Russo are available to all citizens for any questions you may have concerning your valuation or property tax.

Respectfully submitted

Paul G. Lesperance, CMA, Town Assessor

The Town Assessor's Website includes information and forms. Please visit: www.scarborough.me.us and navigate to the Town Assessor's Web pages for more information and forms available on-line for your use.

PURCHASING OFFICE

To the Town Manager, Town Council, and Citizens of Scarborough:

Keith L. Matherne Purchasing Agent

The Town of Scarborough's Purchasing Office is responsible for procuring goods, services and construction for all Town Departments as well as administering its contracts.

Since its inception five years ago, Purchasing has continued to provide a valuable service to the Town's various Departments both in the areas of capital equipment and capital projects as well as in the various operational aspects that each department is engaged in on a day-to-day basis.

This past year saw Natural Gas drop to historic lows enabling an opportunity for the Town to secure future pricing and savings from our previous long-term contract. Savings over the fiscal life of this new deal is projected to be over \$10,000. For the second year in a row Purchasing has been able to secure budget savings in our utility costs by proactively monitoring market conditions and securing long-term contracts when opportunities exist to do so. In addition to locking in Natural Gas contracts, we have been enjoying the stability provided by our two year fixed price contract on our vehicle fuel and heating oil. While the market has trended upward, the Town has benefited with last year's pricing and thus has not been susceptible to the higher prices we have seen this year.

In addition to contracting for existing utilities, Purchasing continues to participate in efforts to explore Energy Efficiency by assisting the Town's Energy Committee. We have assisted the Energy Committee's efforts by providing data research, and details on utilities contracting, as well coordinated Energy related procurement for Town Departments. In addition, Purchasing worked to secure two Recovery Act grants related to Energy Efficiency Projects for the Town's Fire Department. With the Town matching these grants by 50%, the proceeds totaled \$151,519 for various initiatives. Phase I of the grant projects involved installing infrared heaters and upgrading to more efficient lighting at the Dunstan Fire Station. Through our competitive bid process, we were able to procure the equipment and installation at a significant savings thus enabling us to do the same work at three additional stations. Phase II of the grant projects will involve replacing old inefficient fuel oil fired boilers at three of our Fire Stations with 95% efficient gas boilers. Through all of these projects we anticipate a total energy savings of 15-25%.

In conjunction with last year's launching of the Town's "Vendor Self-Service Web (http://scarborough.munisselfservice.com/Vendors/default.a spx)," we unveiled our electronic bidding module which operates through our Financial Software. In addition to hosting an online forum for vendors to register their companies directly into our vendor database, our bid module will now alert prospective bidders to opportunities related to their specific line of business via email when these opportunities become available. This module will also eventually enable secure electronic bidding thus providing for a more efficient procurement and contracting process. These efforts reaffirm our commitment to providing increased visibility of bidding opportunities to local businesses.

Purchasing continues to provide oversight and procurement services on various types of equipment, services as well as construction projects throughout Town. On the equipment side (at the time of publishing) we have procured a Plow Truck, a Loader/Backhoe and a Boom Mower for Public Works, and a Utility Tractor for the School Department. We continue to refine our processes to ensure we are getting the most competition and thus the best value for the goods and services we procure. Along with routine equipment purchases, Purchasing proactively explores various operational areas where value can be added. Most notably, the Town recently secured an agreement with Genuine Parts Company/NAPA Auto Parts to provide a complete "In-House" parts operation within the confines of our Public Works facility. This Integrated Business Solution Program (the first of its kind for a municipality in Maine) will provide inventory and procurement of our Fleet parts inventory (which includes but is not limited to Automotive Replacement Parts, Heavy Duty Parts, Automotive Accessories, Bulk Oil and other Lubricants, and Tires), as well as janitorial supplies, and office supplies amongst other commodities. The sky is the limit for this program and we feel it will bring great value to our entire operation by collecting the requirements of all Departments in an effort to benefit from the collective buying power of multiple buying units. We anticipate this program will not only significantly reduce our operational expenses but also reduce the administrative burden associated with duplicate invoices, multiple vendors, checks, and contracts.

Respectfully submitted, Keith L. Matherne, Purchasing Agent

TAX COLLECTION OFFICE / MUNICIPAL BEACH REPORT

To the Town Manager, Town Council and Citizens of Scarborough:

The following is the annual report from the Scarborough Tax Collection Office and the Municipal Beach Report for the Fiscal Year July 1, 2009, through June 30, 2010. The table below shows the revenues for both seasonal and daily beach passes along with boat launching fees that were collected for the fiscal year period. The following pages show the uncollected real estate and personal property taxes for this same period.

Respectfully submitted,

Wendy Frazier, Deputy Tax Collector / Treasurer

Please visit the Tax Office for more information for on-line tax information visit: www.scarborough.me.us and navigate to the Accounting/Collections Web pages.

Wendy Frazier Deputy Tax Collector / Treasurer

FISCAL 2010 SEASONAL AND DAILY BEACH PASSES						
July 2009 August 2009 September 2009 Jan / May 2010 June 2010 Totals:	Beaches \$61,357.15 \$75,699.85 \$5,978.80 \$26,470.00 \$54,260.00 \$223,765.80 Boat Launch Fees	\$11,365.00				
	Concession Stand	\$5,490.67				
Grand Total July 1, 2009, through June 30, 2010 \$240,621.47						
Grand Total July 1, 2008, through June 30, 2009 \$194,122.34						
Grand Total July 1, 2007, through June 30, 2008 \$212,534.62						

The State of Maine encourages all visitors at all beaches to carry out what you carry in.

Scarborough has made available rubbish containers in and near the parking areas of all local beaches and recreation areas.

Please take the time to use them.

Keeping our beaches and parks clean is a "quality of life" issue we all need to be aware of. Your cooperation on this matter is greatly appreciated.

The containers are emptied by the Community Services Department during the summer and winter months.

Thank you for using them.

PLANNING DEPARTMENT

To the Town Manager, Town Council, and Citizens of Scarborough:

Daniel B. Bacon Town Planner

It is with great pleasure that I submit the annual report for the 2010 fiscal year on behalf of the Planning and Code Enforcement Department. Our department performs the planning, engineering and code enforcement functions for Scarborough. The amount development activity during fiscal year 2010 remained lower than historical rates in the Town of Scarborough given the state the economy, development activity was markedly up over fiscal year 2009 levels.

improvement in the construction industry throughout the course of the year suggests fiscal year 2011 is likely to exhibit additional improvement.

During fiscal year 2010 Code Enforcement inspected a range of commercial, residential and institutional building

projects. Two of the most notable construction projects are redevelopment projects along Route One. Maine Health is in the process of redeveloping the former Orion Center buildings at 301 Route One to house medical office and laboratory space, while the Elevation Center is redeveloping the former Konica building at 71 Route One into a mix of medical and professional office space. These projects represent utilizing, and overseeing the construction of, 158,000 sq. ft. and 60,000 sq. ft. of formerly vacant space, both of which will be major assets to the Route One commercial corridor and will further bolster Scarborough as a strong medical and research center in greater-Portland. The Town also inspected the reuse and update of another notable building, the former Wal-Mart. This building at 451 Payne Road was acquired by Mardens and was refaced and programmed for their use. In addition to these larger facilities, Code Enforcement inspected the construction of some new midsized, non-residential developments, the most notable of which are Creative Imaging's new building on Mussey Rd and the new Walgreen's Pharmacy at the corner of the Oak Hill intersection. Beyond these commercial projects, our department also inspected a range of residential development, including new dwellings in Dunstan Crossing, Eastern Village, the Bittersweet Banks subdivision, the Timbersands subdivision, as well as a large quantity of additions, accessory living units and remodeling projects as property owners chose to make updates to their existing homes in this economy rather than purchasing new ones.

Report from Planning Department

On the review and permitting side, our Planning Staff coordinated and reviewed development plans and staffed seventeen Planning Board meetings. The Planning Board and staff reviewed a range residential and non-residential development projects and issued final approvals for those listed in the table below. The Mardens project (mentioned above), a 22,000 sq. ft. addition to the Inverness Medical building at 10 Southgate Rd, a major expansion to America's Best Value Inn on Route One, an addition to Dead River Co.'s facility on Pleasant Hill Rd, and an expansion to Cornerstone Baptist Church are some of the most notable projects that were approved and are now in a position to be developed.

Planning staff also regularly assisted the Comprehensive Plan Implementation Committee and Planning Decisions as we continue to work to implement the Updated Comprehensive Plan that was adopted by the Town Council in 2006. This committee, charged with overseeing the implementation of the Updated Plan, has been working with the Town Council on this effort over the last four years. The committee's achievements in fiscal year 2009 included amending the zoning in the center of North Scarborough to allow for more mixed use, village-style development; updating the Regional Business District (B2) to provide for more flexibility in these commercial areas; establishing a new Stream Protection District that will further buffer and protect the Nonesuch River; and reworking the Town's rural zoning districts to better allow for commercial and hobby-type farming as well as other uses to help diversify the use of rural properties in an effort to keep them open for farming, forestry and other rural activities. The committee endeavors to implement the majority of the Plan's remaining action items in fiscal year 2011.

As for engineering activities, our department has been very involved in some of the Town's larger transportation studies and initiatives. Of note is the Payne Road "West" Transportation Study that examined measures to slow and reduce traffic on Payne Road and encourage the use of Route One and Haigis Parkway as an alternative. This study was conducted to tackle these issues as well as establish the

most appropriate intersection improvements for Dunstan Corner and the Haigis Parkway / Route One intersection, both of which have been in need of improvements for a number of years. After thorough study and public input the Payne Road West Study Committee crafted a package of improvements that were endorsed by the Town Council, which has paved the way for these road improvements and modifications to be implemented over the course of the next two or three years. Similarly, our department has been working on a transportation study for the Running Hill Road This roadway is in poor condition and is corridor. overburdened by commuter traffic. Given this, we have been working with the MaineDOT, Maine Turnpike Authority and the property owners in this area in an effort to explore alternatives to the current road conditions. In addition to these more localized efforts, the planning staff are also involved in the regional transportation planning that is on-going, including representation on the PACTS (Portland Area Comprehensive Transportation System) Planning and Technical Committees as well as the Gorham East-West Corridor Study. Both of these organizations are exploring ways to better coordinate transportation in greater-Portland and promote regional solutions.

Lastly, I would like to thank and recognize all of our staff – Town Engineer James Wendel, Assistant Town Planner Jay Chace, Chief Code Enforcement Officer David Grysk, Code Enforcement Officers Carroll Shepard, Tom Reinsborough and Jonathan Reed, and Administrative Assistants Carole Logan and Robin Dahms – for their hard work, dedication and professionalism.

Respectfully submitted, **Daniel B. Bacon**, Town Planner

CODE ENFORCEMENT OFFICE

To the Town Manager, Town Council, and Citizens of Scarborough:

It is with great pleasure that I submit the annual report of the Code Enforcement Office for the fiscal year July 1, 2009 through June 30, 2010. The information below shows the activity during this past fiscal year.

Respectfully submitted,

David Grysk,

Chief Code Enforcement Officer
Inspectors:

David Grysk, Carrol Shepard,

Tom Reinsborough, Jon Reed

David Grysk Chief Code Enforcement Officer

Report from the

ZONING BOARD OF APPEALS

To the Town Manager, Town Council, and Citizens of Scarborough:

During the fiscal year 2009-2010, the Scarborough Zoning Board of Appeals acted upon 52 appeals.

Of those 52 appeals, 1 appeal was denied. The Zoning Board granted 2 Variance Appeals, Special Exception Appeals, 5 Miscellaneous Appeals, 14 Practical Difficulty Appeals, 9 Limited Reduction of Yard Size and 21 Special Exception, for a total of 51 appeals approved.

Respectfully submitted,

Mark Maroon, Chairman Zoning Board of Appeals

Photography by Scarborough Community Services

A Report of the

SCARBOROUGH ECONOMIC DEVELOPMENT CORPORATION

Harvey R. Rosenfeld - President,

SEDCO (Scarborough Economic Development Corporation) was incorporated in 1985 by the Scarborough Town Council as a non-profit development corporation to manage its economic development program.

To the Town Manager, Town Council, and Citizens of Scarborough,

It is with great pleasure that we submit the annual report for the fiscal year July 1, 2009 through June 30, 2010, on behalf of the Board of Directors and the staff of the Scarborough Economic Development Corporation (SEDCO).

SEDCO has now been in existence for 25 years, bringing new businesses to Town, and also supporting existing Scarborough businesses. We now have more than 1,500 businesses in Scarborough. SEDCO is governed by a Board of Directors including Bill Austin, Stu Axelrod, Roger Beeley, Jim Damicis, Ron Guertin, and Bob Vautin, and we currently have two staff members. Our office is located at 29 Black Point Road, Suite A (the old Oak Hill school).

As everyone knows, these past couple of years have been full of economic upheaval and trying times, and the business community has taken an especially hard hit. We encourage you to support your Scarborough businesses regularly; they very much appreciate your business and support.

Throughout the main commercial areas in Town (Scarborough Industrial Park, the Pleasant Hill Road area, Enterprise Business Park, Haigis Parkway, Route One, Payne Road, Walter C. Nielsen Business Park), new businesses are still going in and some existing businesses are growing and expanding. As is inevitable, some businesses are also closing. This year the Marden's construction was completed, the Landing at Pine Point opened, Walgreens opened, Maine Bank & Trust completed a renovation, Lamey Wellehan came to Scarborough, and Maine Health's Orion Center re-development is already well underway. Many smaller retailers and offices also opened around Town. The Gateway at Scarborough area, off Exit 42 of the Maine Turnpike, continues to grow and bring in new businesses. SEDCO is working hard to bring highquality businesses and jobs to the Haigis Parkway area.

A large task of the past couple of years had SEDCO working with the Scarborough Community Chamber on a long-term Economic Development Vision & Plan for the Town of Scarborough, gathering business and public input. This worthwhile endeavor was completed in December 2009 and the group has now moved onto the implementation stage of the Vision project.

For those unfamiliar with SEDCO's work, our primary task is to work with local businesspeople to help them create or expand their businesses in Scarborough. We field hundreds of phone call and e-mail inquiries each year. We regularly meet with local businesspeople to discuss the services we provide (all free and confidential) and we also assist with site location requests, financial assistance inquiries, business plan help, grand opening/ribbon-cutting planning, and provide demographic and general information about Scarborough. We often work with realtors, bankers, local, state and federal agencies, town staff, and others to best serve our clients.

SEDCO has two main e-newsletters: SITES and Business Bulletin. SITES is sent to regional commercial realtors, economic developers, financial institutions and appraisers in the Greater Portland area and includes a full listing of properties available for sale or lease in Scarborough. Business Bulletin summarizes recent business events and includes a list of all new businesses in Town; it is sent to all 1,500+ businesses in Town, as well as to local Town officials. Both e-newsletters are available to the public via our website. SEDCO also maintains a business directory of all businesses in Scarborough and a Lodging Directory, of all lodging establishments in Town. Both of these are available to the public as well.

Our website was completely overhauled this past year to include a searchable business directory and a searchable property listing component, among many other new items. We are very excited about this new method of assisting existing and outside businesses in doing business in

Report continued from SEDCO

Scarborough. We have also entered the world of social media, with groups and pages on both Facebook and LinkedIn. We invite you to visit us on those sites, and if you like what you see, follow us on them.

We always invite the business community and potential start-ups to contact us. We are truly a unique service funded by the Town of Scarborough. We look forward to working with you!

Respectfully submitted,

Harvey Rosenfeld, SEDCO President & Executive Director Julie Bassett, SEDCO Assistant Director

29 Black Point Road, Suite A P.O. Box 550 Scarborough, ME 04070-0550

Phone: (207) 883-4893 Fax: (207) 883-8172

www.ScarboroughEconomicDevelopment.com

The mission of the Scarborough Economic Development Corporation (SEDCO) is to support economic and business development to improve the quality of life in Scarborough by expanding the town's tax and employment base.

SEDCO would like to congratulate the following Scarborough businesses on their anniversaries this year*:

Cartridge World- 5 years
Platinum Partners Group- 5 years
Nimlok Maine- 20 years
Dunstan School Restaurant- 25 years
Pine Tree Waste- 25 years
SEDCO- 25 years
House of Lights- 55 years
Scarborough Downs- 60 years
Seavey's- 90 years
*(Not a complete list)

Landing at Pine Point

Walgreens Ribbon-Cutting & Grand Opening

Maine Health (former Orion Center)

POLICE DEPARTMENT

To the Town Manager, Town Council, and Citizens of Scarborough:

It is with great pleasure that I submit the Annual Report of the Scarborough Police Department for the Fiscal Year 2009-2010.

Robert A. Moulton
Police Chief

The End of an Era

The beginning of 2010 truly marked the end of an era when public safety lost two of its pioneers. On April 7, 2010, we lost Eldred Harmon, the town's first full-time Fire Chief. Less than two weeks later, on April 19, 2010, the Police Department felt the loss of its long time Chief, John T. Flaherty. Chief Flaherty proudly served a s Scarborough's Police Chief from 1965-1983.

Chief Flaherty was an icon of an era that was symbolized by hard work, honesty, and a commitment to do the right thing. In 1941, John founded the Flaherty Family Farm, which is still owned and operated by the Flaherty family to this day. In addition to his commitments to the farm and the Police Department, Chief Flaherty was an active member of both the Maine and New England Chief's of Police Associations, a past Commander of American Legion Post 76, a member of the Scarborough Lions Club, a member of the Board of Directors for the Town and Country Federal Credit Union, and a two term Scarborough Town Councilor. Known to be tough but fair, Chief Flaherty was a compassionate man who had a sincere desire to help others. I think that is very evident by his many accomplishments in a very full life.

At the 2008 public safety awards night I was both surprised and honored to receive the first "Chief John T. Flaherty Sr." award for thirty years of service. Within a couple of days, I had the opportunity to stop at his house and show him the award and have our picture taken with it. I am very proud of that award and it hangs in my office beside my desk. I also treasure the picture of us together holding it.

Personnel

During this reporting period, we saw some personnel changes in both communications and on the police side as well. Dispatcher Mindy Bisson and Kate Smith both left the department for other opportunities. As a result, we held a hiring process and were able to hire two experienced

dispatchers from other communities. Dispatcher Joseph Thornton came to us with previous experience as a dispatcher in Old Orchard Beach as well as Reserve Officer experience in both Old Orchard and Kennebunk. Joe holds an Associates degree in Law Enforcement. Dispatcher Ashley Knight, who also holds a degree in Criminology came to us with prior dispatching experience in the Town of Buxton. Joe and Ashley have been welcome additions to our communications family.

During this same period, the Scarborough Police Department applied for and received a Bureau of Justice Assistance Recovery Grant to establish a Crime Data Analyst Program. The grant included two year funding for an employee and equipment for the program, with no local match.

Jaime Higgins was hired to staff this position. Jaime had been working as a dispatcher in the communications center, and had taken on the collateral duty of producing a crime bulletin for the department. This bulletin grew into an information sharing tool for this department and other departments throughout the state.

Jaime coordinates with other regional crime analysts and she is able to put efforts into analysis of data as well as dissemination of information to police personnel. She has received specialty training, and has been part of efforts to help improve access to intelligence information for law enforcement personnel throughout the state. She has also taken on responsibility for producing public information that is shared through electronic means of communication such as Facebook and Twitter. She also provides technical support in high profile investigations. Her work has and will continue to be instrumental in solving crimes.

As a result of Dispatcher Higgins accepting this position, we had a vacancy in our communications division. This created a fairly unique opportunity. Kevin Collins had been a dispatcher for several years before leaving in 2007 to try his hand with the Public Works Department. Kevin had indicated that although he enjoyed his time at DPW, he had discovered that dispatching was his true calling. Kevin was able to easily step back into a dispatch position and has been a great addition to our team.

We also had another unique opportunity when Officer Chad Robertson left to pursue military options after serving several months with his military reserve unit. This vacancy was filled by a young man who grew up in Scarborough and had strong ties to our community. Officer Timothy Dalton had been a member of our Explorer Post and had later served as an advisor to the post. Tim holds a Criminal Justice degree from Roger Williams University and is a graduate of the 14th Basic Law Enforcement Training Program in Vassalboro. At the time of his hiring, Officer Dalton was a full time officer with the Freeport Police Department. We are proud to have Tim back on our team.

Daily Operations

Operationally, all of our divisions continue to work very hard to provide the highest possible level of service to our ever increasing population and demand for services. We continue to challenge all of our employees to think out of the box and help us find new efficiencies through the use of technologies or simply rethinking our methods of providing services. During this period, we have used our special enforcement officer in concert with regular patrol officers in order to provide specific traffic enforcement to areas of town that are experiencing higher levels of traffic violations. Although this has been effective when utilized, our staffing levels provide limited opportunities for this type of detail.

During this fiscal year, we have combined grant opportunities with drug forfeiture monies to add and upgrade equipment that would have been requested in future budgets. In one such example, we were able to upgrade the light bars on our marked cruisers, which were outdated and had become a maintenance issue, without impacting the budget at all. By applying for a grant and supplementing that with money seized from a local drug dealer, we were able to buy new LED light bars for each of our marked cruisers. This newer technology is able to produce a much more efficient and effective source of light. The officers and members of the public have commented on the higher level of visibility when responding to calls and while stopped on public ways. This increases the level of safety for the officers, and for people in the community. The light bars also draw less power from the car batteries and charging systems. This is a great benefit with the amount of equipment these vehicles utilize today.

In a similar fashion, we applied grant and seizure money to purchase thermal imaging cameras for each police cruiser. These cameras are permanently mounted in the spotlight of the cars, and the images are displayed on the laptop computers mounted in the cruiser. This allows officers to see images that emit heat in low light situations where they may not be visible with the naked eye. The units have already been instrumental in locating fleeing suspects and missing persons. They are also helpful in checking on suspicious vehicles and areas around businesses after dark. Obviously, this also helps keep the officers safe by alerting them to things that they would not otherwise be aware of. The images can also be recorded to use as evidence.

K9 Unit

On February 5th, 2010 Officer Michael Sawyer noticed that police service dog "Jasou" (pronounced Hey-zu) was not breathing right. Officer Sawyer immediately brought Jasou to the North Deering Veterinarian Clinic in Portland where he died suddenly of a lung condition known as "sudden pneumothorax".

Jasou, a German Shepherd imported from Holland, joined the police department in June of 2003 and was soon certified in both patrol and narcotics work. During his career, Jasou tracked down numerous suspects and lost persons. He was also responsible for seizing thousands of dollars in illegal narcotics and cash as a result of his ability to locate contraband. His latest find alone resulted in the seizure of 20 pounds of marijuana and \$11,000 in cash.

As word got out about Jasou's untimely death, the department received unsolicited donations from the Scarborough Public Safety Dispatchers Association, the Westbrook Police Association, and the Haus Mansfield group, totaling four hundred dollars.

The department was also contacted by a local business owner who indicated that he had spoken with other local business owners and residents and had raised \$6,500.00 that they would like to donate for the specific purpose of purchasing a new K-9. The business owner also indicated that some of these businesses and individuals would prefer to remain anonymous.

Thanks to the wonderful support from our community, the Scarborough Police Department is the proud owner of a new K-9. After testing several dogs, Sgt. Tom Chard and Officer Mike Sawyer decided that K-9 "Kona" would be the right partner for Officer Sawyer.

Kona is a handsome long haired German Shepard. He is three years old and has had obedience training as well as some law enforcement "fit' testing. Kona has been involved in training since his arrival here and is reported to be doing very well.

Kona was purchased from Andreas Schaefer, who is a police officer in Germany, who handles and trains police dogs as a side business. Officer Schaefer has sold dogs to other departments in the United States and brought Kona with him when he flew here to accept an award from the Working Dog Foundation based in Portsmouth, New Hampshire. Our sincere thanks once again to the many wonderful people who made this possible. a Windham hotel where he was arrested without incident. In addition to the above cases, the SMVCTF has arrested hundreds of other people wanted for crimes to include murder, robbery, aggravated assault, arson, drug trafficking, and firearms offenses.

Chief's Award

Scarborough Police Benevolent Association

In closing, I would like to thank the town council for the support that they have given us, both as a department and also as a community. I also need to give special thanks to Fire Chief Mike Thurlow, Public Works Director Mike Shaw, Community Services Director Bruce Gullifer, and all

of the other department heads with whom we work everyday. I would also like to extend my sincere thanks and retirement congratulations to Victor Cote, Bob Harmon, and Doug Donald from the Public Works Department, Steve Tewhey from the Information Services Department, and Connie Flaherty from the Excise Department, who have all been very helpful to the Police Department over the course of many years. Finally, I would like to take this opportunity to thank all of the department's full and part time employees, volunteers, and supporters for all of the time, hard work and dedication that you invest in our community to ensure that it remains a wonderful place to live and work.

Respectfully submitted, Robert Moulton, Chief of Police

www.scarboroughpolice.com

HARBORMASTER MARINE RESOURCE OFFICER

To the Town Manager, Town Council, and Citizens of Scarborough:

Dave Corbeau Harbormaster -Marine Resource Officer

I respectfully submit this annual report as the Harbor Master and Marine Resource Officer for the Town of Scarborough for the year ending June 2010.

This past year has brought an increase in tourist activity when compared to the year ending June 2009. Fuel prices have stabilized, yet the economy is continuing to be a factor prompting families to remain local and venture to our beautiful beaches for day trips. The weather from August of 2009 and through June 2010 was exceptional for fishing, sun

bathing, and leisure activities at the beaches. This turn around was much welcomed after the unusually rainy months of June and July 2009, which resulted in reduced revenue for parking and boat launch fees.

The Marine Division was active throughout the year. Commercial fishermen, clam diggers, recreational fishermen and boaters took full advantage of our Town's facilities including Ferry Beach and most notably the Pine Point Fisherman's Co-Op. The additional boat launch continues to assist with reducing congestions at the Co-Op. The planning for the new front pier and renovation of the launching area and facilities continue, the improvements are anticipated by all.

The clam-flats have been open and available for the clam diggers more days this summer season than last due to less water runoff and red tide. Diggers have been checked for licenses, safety equipment, boat registrations, size regulations and locations frequently throughout the season. The hen clam-flats were closed for the entire year with the exception of an 8 week window in February and March. They remain closed as of the writing of this report.

Recreational boating traffic was similar to the traffic of the past two years. Launching passes continue to be an important source of revenue for the Town in order to repair and maintain the ocean front areas. There were eight marine emergencies reported during the year. In addition, there were various emergency calls for assistance needed on the beaches due to medical emergencies, lost children, and

visitors getting stranded on the sandbar off the Pine Point jetty. The marine unit continues to meet a high standard of training to insure the preparedness for all emergency situations.

Parking at Hurd Park and the Co-Op saw an increased number of days in which all spots were filled early and cars were either turned away or waited for an open spot. There are two lanes consisting of 50 slots at the Co-Op designated for boat trailers. This space on most days is sufficient. There are weekend days in which 75 to 100 trucks and trailers are on location. Campers and trailers continue to pay a higher cost for parking at Hurd Park due to their oversized needs. We have seen an increase in beachgoers parking at the Co-Op and walking to Hurd Park. This has resulted in crowded parking conditions, and in some cases violations/citations written.

The new pier continues to be a high priority for the Town, Harbormaster, commercial fishermen and clam diggers alike. During the past year we have processed the paperwork, acquired all permits and funding to move the project forward. The pier construction is projected to begin in late 2010 and be completed by the summer season of 2011. The side parking lot will also be graded and prepared to be more suited for parking.

The Shellfish Committee and the Department of Marine Resources continue to work as we have over the last four years to reopen the Nonesuch River. The river has been closed due to elevated levels of fecal coli form. Investigations have not yet been able to identify the specific sources however, efforts have been made to work with the Code Enforcement office via accelerated water samplings to locate and correct pollution issues that are keeping the area closed to clam diggers.

As in years past we continue to participate with the Maine Healthy Beaches Water Testing Program. Once again we are able to monitor the water quality to ensure that it is safe for all beach-goers. We were able to keep all of the beaches open for the summer season of 2009 and June 2010, and continue to make sure that our beaches remain some of the best that the state of Maine and New England have to offer.

On behalf of the entire Marine Division, I would like to thank the many wonderful people in the Town of Scarborough for a great year and for all of their efforts and commitment. Thanks to the various departments, entities and community efforts we have been able to ensure that all of our beaches are clean, safe and a treasure to be enjoyed by all.

Respectfully submitted, **David Corbeau.**Harbormaster / Marine Resource Officer

SHELLFISH CONSERVATION COMMITTEE

To the Town Manager, Town Council, and Citizens of Scarborough:

It is with great pleasure I submit this report for the fiscal year July 1, 2009, through June 30, 2010 on behalf of the Shellfish Conservation Commission.

The year 2010 has been a complete turn around from 2009 for harvesting soft shell clams. Up until June 30th there was only one rain closure with no signs of Red Tide. Due to the good weather there has been a noticeable large increase in the number of recreational and commercial license use. We look forward to perhaps having continued good weather throughout the remainder of the summer.

The Shellfish Committee along with the Harbor Master are continue to work with DMR on the Nonesuch River. Thus far the accelerated testing program has been successful The testing has assisted in determining some sources of the pollution in the river. The Harbor Master, Dave Corbeau and Peter Angis have been working with the Code Enforcement office to resolve these issues. Upon resolving the source of the pollution the town will be one step closer to regaining use of the Nonesuch River. If the public observes any sources of pollution in the river please contact either the Harbor Master or the Code Enforcement office.

I would also like to remind everyone to take care of the beaches and boat landings by picking up their pet waste. Pet waste is one of the biggest pollution sources on our beaches and clam flats.

Lastly, I would like to extend a special thanks to the Town Manager's Office, the Town Council, the Town Clerk's Office, the Shellfish Committee & the Harbor Master.

Respectfully submitted,

Robert G. Willette

Shellfish Committee, Chairman

Shellfish harvesters at work

ANIMALS ON THE BEACH

The owner or responsible party must remove and dispose of any feces left by the animal in the appropriate litter receptacle. Please protect our beaches & clam flats by observing the Scarborough Animal Control Ordinance. 604. The full text of Scarborough's Animal Control Ordinance is available on the Town's website at www.scarborough.me.us or by calling the Town Clerk's Office at 207.730.4020.

FIRE DEPARTMENT / RESCUE UNIT / EMA

To the Manager, Town Council, and Citizens of Scarborough:

B. Michael Thurlow Fire Chief

It is with great pleasure that I submit the annual report of the Scarborough Fire Department, Scarborough Rescue Unit, and the Scarborough Emergency Management Agency for the fiscal year ending June 30, 2010. As is customary I have included a summary of the past year's activities and emergency calls for service for those that enjoy comparing the data from year to year.

Pandemic Flu

One of the highlights of the past year was the extraordinary cooperation that existed throughout the municipal and school departments to plan for and mitigate the threat of the H1N1 pandemic flu. By the beginning of the fiscal year the department heads and school department administration had already been working diligently on emergency plans to deal with what was predicted to be a public health disaster. With the help of our Public Health Officer, Dr. Stephen Kirsch, the management team developed plans and organized community vaccination clinics with the assistance of the Visiting Nurse Home Health and Hospice Association. Our fire department EMTs took special training classes to be certified to assist with the mass vaccination clinics. In the end we hosted 11 different clinics and administered 5,720 individual flu vaccinations. It was truly a community effort that everyone should be proud of.

Grant Activities

During the past fiscal year the fire department continued its proactive work identifying potential grant opportunities to augment the funding we receive through local property tax revenues. These efforts proved very successful again this year as outlined below.

A few years ago there were some changes made to the FEMA Assistance to Firefighters Grant Program that allowed, and actually promoted, regional grants that were designed to provide a benefit to multiple departments for regional initiatives and projects that served a region or group of departments. Scarborough Fire has been an active participant in the Metro Fire Chief's Coalition, which is a

group of fire chiefs from the communities that surround the City of Portland, that meet on a regular basis to find common solutions to problems and work on regional projects that benefit all members of the group. One of the projects this coalition took on was to apply for a variety of regional grants.

Scarborough was the host department for our most recent grant award for \$ 310,000 to construct a mobile training aid to teach the operation of sprinkler and fire alarm systems to over 1,100 members of our departments. This grant funded building and outfitting the training trailer with four different fully functioning sprinkler systems connected to a working fire alarm system. It also included designing the curriculum, producing training materials, and actually conducting the firefighter training. I'm pleased to report that we completed that project for less than \$ 190,000 saving over 1/3 of the anticipated costs.

2009 Regional Sprinkler & Fire Alarm Training Trailer

The department also worked with the town's purchasing agent on an Efficiency Maine grant that provided over \$33,000 in funding to upgrade to energy efficient lighting at our Dunstan fire station, along with new heating and lighting controls and more efficient infrared bay heater upgrades in four of our fire stations. Those improvements will create long-term savings in energy costs for many years to come.

In November 2009 the department participated in a joint grant opportunity with the Southern Maine Agency on Aging (SMAA) through the National Fire Protection Association. The grant provided the funding to send one of our paramedics and one representative from SMAA to a seminar in Boston to learn about a new fall and accident prevention program. The grant provided education and materials that will be used by meals on wheels volunteers from SMAA and fire department employees as they interact with the elders in our community to teach them tips on fall and accident prevention techniques in the home.

Report from Fire / EMS / EMA

Finally we were able to take advantage of an ongoing Emergency Management Performance Grant program that is designed to fund up to 50% of the costs of eligible EMA activities. Each quarter we submit a reimbursement request for a percentage of my salary as EMA director, a percentage of the Public Works GIS coordinators time, and for other eligible emergency management expenses. This grant program is anticipated to return approximately \$ 25,000 in grant revenues per year on a continuing basis.

FEMA Disaster Reimbursements

Once again his past fiscal year the community withstood a natural disaster that met the requirements for a Presidential Disaster Declaration triggering federal and state reimbursements. The storm started on February 26, 2010, during an unusually warm winter. In Scarborough we received 7" of rain in a few short hours and there was a peak wind gust of 63 mph recorded in Portland. The heavy winds caused wide-spread power outages due to falling trees. On the Pine Point Road five telephone poles and their associated wires came down completely blocking access to Pine Point in a display that resembled the blizzard of 1978. A homeowner in the Hillcrest Retirement Community had the roof of their home blow completely off due to the high winds.

When these types of disasters rise to the level of a Presidential declaration it allows the town to recoup reimbursement for specific qualified expenses based on a cost sharing formula of 75% federal, 15% state, and 10% local. Eligible expenses for dealing with this storm totaled \$ 67,067 resulting in federal and state reimbursements of \$ 60,360.

Awards and Recognition

This past May the Town of Scarborough was officially designated as a Heart Safe Community at a special awards presentation in the Hall of Flags at the state capital building. The recognition came from the

work our department did to meet a variety of stringent guidelines including our progressive, integrated, advanced life support, Emergency Medical System, public CPR education, the availability of Automatic External Defibrillators (AEDs), and a variety of other rating factors. We were pleased that long time resident Jim Merry was able to join us at the award ceremony as the keynote speaker to talk about his sudden cardiac arrest. Jim explained how fortunate he was that our EMS system worked as designed and that he was resuscitated and has made a complete recovery.

Each year the department hosts two special events to honor the great work of our members. The first is our annual Old Timers Night, which is held in September. This is our opportunity to thank those outstanding members of our community that helped form our organization. During this years event we highlighted and recognized the past and present members of the Canteen & Ladies Auxiliary.

Each winter we hold a joint awards ceremony with the police department to recognize dedication and outstanding achievement by all our public safety employees. One of the highlights of this year's celebration was when the Pine Point Fire Company honored firefighter Stan Payson for his dedication and attention to detail as their call company treasurer for a record 51 consecutive years. Stan's record of outstanding contribution to his company will likely never be broken.

Below is a summary of the fire department awards bestowed for calendar year 2009:

${\bf Gold\ Badge\ Award\ for\ 20\ Years\ of\ Service}$

Scott True

Vernon Paulsen Award for 25 Years of Service

Warren Deering

Craig Collins

Rebecca Silver

Irwin Faunce Award for 30 Years of Service

Richard Lamontagne

Mike Wood

Ken Kennedy

Henry Goold Award for 45 Years of Service

Steve Bennett

Eldred Harmon Award for 50 Years of Service

Stan Payson

Public Safety Dispatcher of the Year

Thomas Selby

Citizen's Merit Award

VNA Home Health & Hospice

Nancy Crowell

Fire Chief's Merit Award

Lt. Nate Contreras

Student of the Year

Charlie Boettcher

Officer of the Year

Richard Lamontagne

Paramedic of the Year

Tim Cram

3,537	Total		Total Hours	10,155	hrs.

Report continued from Fire / EMS / EMA

Our dedicated personnel are the key to our success as is demonstrated by the awards noted above, and I would like to thank all of them once again for their efforts throughout this past fiscal year.

In Memory

An accounting of the past year wouldn't be complete without acknowledging two significant losses to our department and the community at large. In May Steven Delano, a senior at Scarborough High School and an active member of the Oak Hill Call Company, was killed in a tragic car crash while enroute to the Gorham Prom with his best friend and their dates. Steven was a very likeable and down to earth young man who loved his family, loved the outdoors, and loved the fire service. His loss was felt not only in our department but throughout the entire community.

Scarborough also lost another outstanding citizen and public servant in April when our first full time fire chief, Eldred Harmon, passed away just a few short weeks before his 100th birthday. Eldred was a fixture in our community. He was a long time farmer, he served as road commissioner long before the days of a formal public works department, and he was the person I was proud to call my first fire chief when I joined in the mid 70's. He was a man

of common sense and what he liked to call "farmer's ingenuity". His hard work, generosity, public service, and the mark he left on our community will not soon be forgotten. Eldred was also very proud to have earned the distinction of holding the Boston Post Cane as Scarborough's oldest citizen until his death at the age of 99.

As you can see it has been another busy and productive year for the Fire, Rescue and Emergency Management departments. I hope that this historical snapshot has been informative. In closing I would like to take this opportunity to thank the Town Manager and Town Council for their support. I would also like to thank Police Chief Robbie Moulton, Public Works Director Mike Shaw, and all the department heads that I work with on a daily basis for their help and support through this past year. Finally I want to thank the men and women of our department for all of their sacrifices, hard work, and dedication to serving the emergency response needs of our community.

Respectfully Submitted,

B. Michael Thurlow, Fire Chief

Report from the

ANIMAL CONTROL OFFICER

To the Town Manager, Town Council, and Citizens of Scarborough:

I respectfully submit this annual report as the Animal Control Officer for the Town of Scarborough for the year ending 2010.

Every year I receive many calls regarding rabid animals or possible rabid animals. Not many of these animals are infected with the rabies virus. The following is the definition of rabies: A viral disease that causes acute encephalitis in warm-blooded animals and people, characterized by abnormal behavior such as excitement, aggressiveness, and dementia, followed by paralysis and death.

Chris Creps Animal Control Officer

There have been cases of rabies in the Town of Scarborough this year, five raccoons and a red fox... These animals all showed signs of aggressive behavior. I encourage people in town to keep their pets up to date on there rabies vaccines. Remember the signs to look for in a rabid animal, although many wild animals do contract other disease and also should be called into the department for further investigation.

The following are important reference numbers for wildlife concerns and disease.

- Animal Refuge League 207-854-9771
- Maine Health & Environmental Testing State Lab-207-287-1706
- Center for Disease Control 1-800-821-5821
- Maine Warden Service Gray Headquarters 665-2345

Notes of Interest:

Dog License 2009-2010 - 2600

Confirmed Rabid Animals - 6

Calls to Service - 1200

Respectively submitted, Chris Creps, Animal Control Officer

PUBLIC WORKS DEPARTMENT

To the Town Manager, Town Council, and Citizens of Scarborough:

Michael E. Shaw Director of Public Works

It is with great pleasure that I report on the activities of Public Works during the period July 1, 2009 to June 30,2010

This past year was a time of incredible change. With budget concerns looming over our heads being wise with the expenditures of the department's budget was even more critical than years past. As if the budget was not a big enough challenge, we undertook the privatizing of our parts room and a program to reorganize the staffing of the department.

OPERATIONS:

We were able to take advantage of the favorable bidding climate to contract two Capital Improvement Projects. The light winter allowed the start of the *Pine Point Rd Reconstruction and Drainage Project* as well as the *Old County Rd Drainage & Reconstruction Project* earlier than expected.

The Pine Point Rd project got underway in May with Dearborn Brothers installing drainage, curb, and sidewalks. Because the base bid was favorable, we extended the job to include the improvements to Depot St. The amenities included walkway, bicycle racks, seating, and landscaping to be completed in fiscal year

2011. With a healthy public process for the design the end result turned out quite well. The cost of the project was \$263,000.00 without the plantings.

As Pine Point Rd was finishing up, RJ Grondin & Sons was gearing up to start a drainage project on Old County Rd. With essentially no drainage this road segment experienced roadway flooding, standing water, and icing all winter long. The residents were adamant that the center island remain in some fashion. This unique feature separates this neighborhood from all others so the plans included landscaping elements in addition to the drainage component. The cost of the improvements is \$783,000.00.

Contracted projects are necessary but the majority of our work is done in-house by a dedicated operations staff. Annually, they are the ones who sweep, ditch, plow, sand, patch and generally take care of the 166.2 center-lane miles of road within the town.

Each year the operations division undertakes a substantial rural road reconstruction. This year was the reconstruction of Burnham Rd from Broadturn Rd to the Saco line. All the culverts were inspected and changed as needed. Ditches were cleaned and trees trimmed. Once this work was completed the road was treated to a process called full-depth reclamation. The road was ground up with a reclaiming machine. A new element to this reclamation process is the addition of dry cement to add stability to the roadbed and extend its service life. Once these processes were done and the road graded a base course and finish course of pavement were applied. A process like this costs about \$51.58 per foot. The total cost of the Burnham Rd reconstruction was \$306,500.00.

Old County Rd—Drainage & Reconstruction Project

VEHICLE MAINTENANCE:

The staff in the Vehicle Maintenance Division continued their efforts to maintain all of town department's equipment cost effectively. Public Works is responsible for repairs of police, fire, rescue, school, public works, community services and code enforcement fleets. All totaled the vehicles & equipment serviced number 210.

We here at Public Works have tried to be as environmentally friendly as possible. Past projects include vehicles converted to use liquid propane as well as sequenced block heater controls to save electricity.

This year Jay Nason worked with the School department on a grant for two new propane-powered buses. The town was successful in its bid for a D.E.P. grant that paid 50% of the purchase price. The grant is an example of the value that vehicle maintenance brings to the other departments, showing that we are always looking out for ways to save not only money but the environment as well.

Perhaps the biggest news of all is the transition from a townrun parts department to a privately operated system. As you are reading this we will be operational with the first *Vendor-Based Inventory Management System* for a Public Works Department in the state. The benefit to this business model is increased parts availability and lower pricing through the buying power that NAPA brings with it.

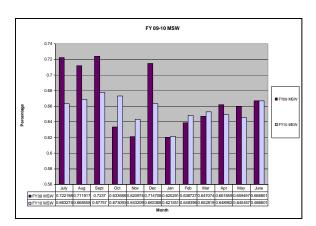

Report continued from Public Works Dept.

These two elements coupled with NAPA owning the parts until we use them will save 6% -10% annually. Another benefit is we will no longer have obsolete items on the shelf from vehicles that have left the fleet.

Although we will be starting out with auto & heavy truck repair parts this program will expand to office and janitorial supplies as well as most other commonly purchased products. I look forward to reporting on this exciting program next year when we have an experience factor.

GIS:

The GIS Department, headed by the GIS coordinator Aimee Dubois, enjoyed another productive year. We worked with all departments to create more depth to the current GIS infrastructure, improve the accessibility of existing information, and encourage cooperation and communication between departments.

Currently a WebGIS is in the development stage and is being used by Town employees to aid them with their work. This medium provides different departments with data that was not previously accessible to them. Some of the data that is currently available includes: road centerlines, property lot lines, zoning, utilities, floodplains, sidewalk locations, water features, contours, and much more.

A town-wide sign and street light inventory was completed and added to the internal WebGIS for all town employees to use. Pictures were taken of each sign and those pictures were linked to the sign's location in GIS so town personnel can now tell what signs are posted around town without leaving the office. This is especially useful when a sign has been heavily damaged or removed and must be replaced. This data will be invaluable as regulations on sign reflectivity have been changed and the Town must replace non-compliant signs on a federally-mandated timeline.

We have also collected various data and made several maps to help with the watershed analysis for the *Red Brook Watershed Management Plan* that Scarborough is developing. Target mailings to the residents within the watershed were a breeze with the aid of GIS. We were able to quickly and effectively identify landowners within the watershed and invite them to a public meeting regarding the project.

Report continued from Public Works Dept.

Aimee was elected as Chair of the Maine GIS User Group Board of Directors and also represents Municipalities on the Maine GeoLibrary Board of Directors. She is also on the GeoParcels Working Group for the GeoLibrary which is working to create an integrated land records system connecting record currently maintained across all levels of government in Maine. This system does not yet exist but its concepts have been developed and tested with a pilot underway in Hancock County

Major Watersheds in Scarborough

PUBLIC EDUCATION & OUTREACH:

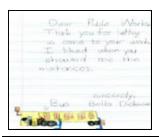

We hosted two events at Public Works with many good results.

Public Works had its first open house on September 26, 2009. The staff volunteered their time to come in on a Saturday to explain and demonstrate the various functions that Public Works provides. During

the four hours of open house 130—150 people came by to see the facility and ask questions. Thanks to the folks who attended and also the staff who volunteered their time.

The fun didn't stop with the open house. It was a pleasure to have the second grade class from Blue Point School visit us in May. The questions and comments from these young children were very interesting. The highlights of their trip appeared to be the salt pile and watching Dennis Gervais work on a school bus. The second-graders were quick in understanding our function. Once again staff set up displays and they all enjoyed the event and meeting the kids

Maintenance Garage

"Safety First"

Every organization is experiencing change and the Public Works Department had it's share of changes this year.

When the early retirement incentive program was offered to employees I decided to take the opportunity to institute changes to make the department leaner and more efficient.

Victor Cote, Bob Harmon, and Doug Donald opted to take the early retirement incentive. These men had a combined 89 years of Public Works knowledge and dedicated service. Their dedication to the department will certainly be messed but we all wish them the best of luck as they move onto the next stage of their lives.

With the upheaval of people retiring and the introduction of the Vendor-Based Inventory it seemed a good time to really mix it up and change the structure of the management team as well. The existing team consisted of managers for Vehicle Maintenance and Operations divisions. Because of the quality of staff here I felt it was not necessary to have this level of supervisor. With that in mind, I promoted Richard Collins to Deputy Director of Public Works and eliminated both managers positions. We will continue to have a working supervisor in both Vehicle Maintenance and Operations divisions as in the past. Having Dick as Deputy Director makes us much more flexible as a management team and to work with the department as a whole.

The end result of these staff changes is a reduction of employees from 33 to 30. As we continue to navigate difficult financial times we will be in a better position to maintain a high level of customer service while being cost effective.

All of the activities would not be possible without the support of the residents, council, and town manager. I appreciate the confidence all of you have in the department and hope to continue that trust in upcoming years.

I would also like to acknowledge the dedication and enthusiasm of the Public Works staff. The men and women on this team are by far the best people I have ever worked with.

Respectfully submitted, Michael E. Shaw Director of Public Works

SCHOOL DEPARTMENT

To the Town Manager, Town Council, and Citizens of Scarborough:

David Doyle Superintendent

The 2009/2010 school year was one filled with outstanding achievements, tragic loses, major crises and remarkable focus. It required great cooperation among staff, parents and the community at large.

The start of school welcomed the largest Senior class in Scarborough history. Nearly 300 members of the Class of 2010 joined their schoolmates on the first day of classes. From the outset of the year, a

cloud seemed to hang over the entire school department. The Department of Education in Augusta began discussions with school districts throughout the state that focused on a reduction of state aid, called General Purpose Aid (GPA), before the school year even began. The projection was that Scarborough would be receiving 1.1 million dollars less in state aid than we had been told. It was the second year that the dreaded "curtailment" was hovering over us. Added to the potential budget issues, were banner head lines warning of an impending outbreak of the H1N1 flu virus that seemed to target school age children. And for the first time in memory the teaching staff headed back to work with an unsettled collective bargaining agreement.

In spite of these issues, the focus of the staff was how best to provide for the education of their students. Throughout the school year, no matter what the outside issues were that threatened to disrupt the work that goes on every day in every classroom, students were actively engaged in learning, and teachers were actively supporting and encouraging their students to do their best. From that perspective, it was business as usual in Scarborough classrooms.

On the outside, the threat of an H1N1 epidemic needed to be addressed. The response to this impending outbreak clearly was a community wide effort. Fire Chief Thurlow chaired a committee that included representatives from all departments in the town... the schools, police, fire, emergency services, community services, public works, the library, finance, and town administration. All these groups helped coordinate and support a series of vaccination clinics at the High School in the cooperation with the Visiting Nurses Association. When all was said and done, almost 1,900 students were vaccinated. It was a tremendous effort

and demonstrates the support that the schools receive from all parts of the Town.

Another good example of how the different departments in Town work together was the response the reduction of General Purpose Aid. Before the curtailment was confirmed, the school department put a freeze on spending. Field trips were limited and only supplies that were absolutely essential for a classroom activity were permitted. The School Board then met with the Town Council to discuss the problem and brainstorm solutions. Through a combination of expenditure reductions and some increase in revenue from Capital Improvement surplus funds for projects that were completed under budget, the school department was able to weather this storm.

While the School Department was able to resolve the issues created by the curtailment, the bigger challenge was developing a budget for school year 2010-2011. The legislature had passed a budget that reflected a significant reduction in General Purpose Aid, even with the inclusion of funds from the Federal government's "stimulus" act. Scarborough was scheduled to receive \$5.68 million dollars to support an operating budget of \$35 million. This was a reduction of \$1.4 million from the FY 10 budget. The schools already had the lowest per pupil cost in Greater Portland and among the lowest in the state, significantly below the State average. The issue was how much of the gap would be filled at the local level. The obvious struggle was trying to at least maintain the current level of service versus a significant increase in local taxes in difficult economic times. There was much discussion and great public input throughout the budget process. In the end, a budget was passed that filled the gap to some degree. While the Town's portion of the School Budget increased, the overall operating budget decreased. As a result, 28 positions were eliminated including teachers, administrative services, bus drivers and support staff.

While all of this drama was unfolding during the course of the school year, good things were still going on in the School went on as usual, and Scarborough schools. students continued to perform well in and out of the class room. Student scores on the Maine Education Assessment (MEA) and the Maine High School Assessment (MHSA) continued to outperform the State average, and ranked among the top schools in the State. The Class of 2010 continued the tradition of high aspirations that has become the norm in Scarborough. Upwards of 90% of the class has moved on to further their education. Along the way, the class contributed to an amazing display of excellence by our High School students. Nine State Championships were won by our students. They included Field Hockey; Boys Soccer; Student Congress Speech and Debate; Girls Indoor Track; Girls Basketball; Academic Decathlon; Girls Outdoor Track; Girls Lacrosse, and Boys Lacrosse. As this class graduated, its members had contributed to a remarkable 22 State Championship teams over their four years at the high school.

Report continued from the School Department.

This level of hard work was typical of our students Kindergarten thru Grade 12. At the Primary level, students were part of the "Let's Go 5-2-1-0" nutrition and fitness program, and the three schools were recipients of grants from that program. They collected non-perishable food items for the "Stuff-a-Bus" food drive. They jumped rope to support the American Heart Association, and did "Chores for Charity" to help the Haitian Relief effort. They attended the PSO concert thanks to the support of the Primary PTA, and they all participated in ACES day – (all children exercising simultaneously). Healthy living and giving back to the community were major themes for the school year. The staff worked hard with theses young students, helping to prepare them to be healthy and good citizens.

Similarly, students at Wentworth Intermediate were also very active in and out of the classroom. There students participated in a variety of activities including the United Nations' International Day of Peace. They collected food for the needy, and created mosaic stepping stones for "Becky's Garden", in memory of Rebecca Philbrick, a staff member and parent who passed away. The fifth graders visited Ferry Beach Ecology School to explore the marsh and forest ecosystems. The fifth graders also spent a day with the Leadership School from Camp Kieve. The theme was empowering young people to achieve their highest potential. The GATES Math team earned third place in a regional Math meet. Third graders participated in a Local History/Local Schools project with the Maine Historical Society.

Not to be outdone, students at the Middle School were also involved in a variety of different activities. participated in the year long Maine Community Heritage Project, which involved analyzing, writing about and digitalizing historical documents, photographs, records and artifacts from the Scarborough Historical Society collection and uploading them to the Maine Memory Network. They worked with Junior Achievement of Maine, and over 100 of them were part of the 23rd Annual Ed Wimert Memorial Bike/Walk for Aids that raised over \$7,500 for the Frannie Peabody Center. Members of the Builder's Club organized, cooked and served a meal at Friendship House in South Portland. They also raised funds to help purchase warm-up uniforms for Scarborough Special Olympians. The Civil Rights Team organized a fundraiser entitled "Sending our love to Haiti". Funds raised were donated to the American Red Cross to help in the Haitian relief effort. Students collected 716 books during the Read-a-thon that were then donated to a variety of organizations including the Barbara Bush Children's Hospital; the United Way Women's Crisis Shelter; Hospice of Southern Maine; Northern Maine Children's Miracle Network and Ronald McDonald House. Two of our students, Emma Cooper and Amara Fox participated in the Maine National History Day Competition in Augusta, and qualified to go to the National Competition at the University of Maryland. It was a busy, rewarding year at Scarborough Middle School.

Students at the High School were also quite busy. Aside from the excellence already demonstrated, students were engage in a wide range of community projects. The Student Council co-sponsored the 1st Annual Food Allergy Awareness Walk. The Pink Ribbon Club sponsored "Wear Pink Day" to raise awareness of breast cancer. Band members demonstrated instruments and showed 5th grade beginners how to assemble their instruments. The Math Team competed successfully in the Pi-Cone South Math League, accumulating the highest score of all schools in the league. The National Honor Society inducted 31 new members. GATES students worked at internships at a variety of location during the year including Barbara

Bush Children's Hospital; Let's Go Portland; Community Pharmacy; TRSS Wealth Management; Cumberland County Courthouse; Immigrant Legal Advocacy Project; Dell' olio Associates and Lone Wolf Documentary Group. They also sponsored a benefit concert with the proceeds going to support the "Lost Boys of Sudan" program. The ECOS Club held its first "Voices of the Earth" conference, which attracted 60 students and staff from six area high schools. Laura Saurez, a student at the High School was the winner of an essay contest sponsored by the French Consulate in Boston. There were nearly 500 essays from 30 different high schools entered in this contest. The Key Club conducted a food drive and collected shoes for the needy. These were among a myriad of other activities that took place during a very busy year.

Sadly, the School Community suffered two tragic losses during the school year. Sandy Bailer, a Literacy Support technician at Blue Point School and a parent, passed away unexpectedly in March. She was a valued friend and colleague. And in May, Steven Delano, a member of the Class of 2010, was tragically killed in an automobile accident a month before graduation. Both these passing were deeply felt by the entire school community. Their deaths did bring the staff and students closer together as they supported each other in their grief.

Finally, the year did end on a positive note despite difficult times. A year that began with the faculty working under an expired contract ended with an amicable settlement between the School Board and the Association.

Respectfully submitted, **David Doyle**, Superintendent

COMMUNITY SERVICES

To the Town Manager, Town Council, and Citizens of Scarborough:

Bruce W. Gullifer
Director

The Town of Scarborough has been in final negotiations for the new working pier at Pine Point. These negotiations included the permitting, planning, procuring of easements, and finalizing the engineering work for the start of construction. It is anticipated that the project will be shovelready by this fall for actual work to be done through the winter months of 2010-11. This project has received funding from a number of sources, including Land for Maine's Future, the Maine Department of Transportation, and from the

Town of Scarborough. The planning for this project has been excruciatingly long but the fishermen of Pine Point are greatly appreciative of this effort by the Town.

The Town of Scarborough has completed two separate sections of the Eastern Trail for a total of 5 miles. The Town is now in the final phase in negotiating an easement with property owners for the completion of the final Scarborough section of trail in the Pleasant Hill area. This section is recognized to be the most significant part of the trail and the most costly one as two connectors are needed to accomplish this. We must traverse the Nonesuch River and build either an at-grade crossing, a tunnel, or a bridge over the railway section. The Eastern Trail has been a great addition to our parks system and is a tremendous benefit in advancing our town toward the "going green" concept and promoting alternative transportation and healthy living.

The Town purchased two lots in the Higgins Beach area, a purchase made possible by funding from three sources – The Trust for Public Land, Land for Maine's Future, and the Town of Scarborough. Plans are being explored to improve the parking lot and add changing facilities and restrooms. This purchase will keep Higgins Beach open to the public for all to enjoy.

Black Point Park has been completed – 10 acres of open green space with raised-bed gardens for community-sponsored gardening, irrigation, landscaping, a 60-car parking lot, a storage building, and a temporary restroom facility.

Respectfully submitted, **Bruce W. Gullifer,** Director

SCHOOL AGE CHILD CARE A State of Maine Licensed Program

Community Services continued to offer before- and afterschool care to students entering kindergarten through fifth grade for the twenty-second year. These programs are centrally located in the three primary schools in town – Blue Point School, Pleasant Hill School, and Eight Corners School – and we are fortunate enough to have our own building known to many as Bessworth where the main office and Wentworth students attend before- and after-care programs.

At Bessworth the afternoons were always packed with a wide array of activities. Beady buddies and origami were a few of the more popular clubs that long-time teacher Julianna Ackley offered. Pat Campbell preferred to cook with the kids in the kitchen, and Sarah Taylor would get everyone moving and grooving with the Wii and Dance-Dance Revolution. Students really enjoyed participating in our monthly ping-pong and pool tournaments while others took an interest in the debate club that Robert Ehrhard organized.

A generous donation of 15 computers was made to our program by Ms. Missy's husband from the US Customs and Border Patrol in South Portland. Each site and classroom received a computer. Jim Keenan donated his time to assist with the set-up process. The computers give students the ability to play a variety of games and use educational CDs.

Having a traveling gym teacher was a huge success. Dave Wakem was scheduled to work at every site within the week. He offered pre-planned age-appropriate active games, including an obstacle course, parachute play, and good old-fashioned dodge ball. Students were always eager for the day he would arrive on-site.

During January and February sledding was a daily activity, and warming up with an occasional hot chocolate was a great treat for all participants. In the spring it was always exciting to go outside to play in short-sleeved shirts. During April vacation the group attended a Portland Sea Dogs game. At the end of the year every child care site held an ice cream social. Parents were invited and could bring additional treats to share.

A new *Date Night* program at Bessworth gave parents the ability to go out and enjoy a nice dinner, movie, or just take time for themselves. Students enjoyed a variety of arts and crafts, played active games, and watched movies and enjoyed popcorn to end the night on our big screen TV.

Richard Verre from Big Brothers Big Sisters of Southern Maine oversaw our community program at Bessworth. Approximately 12 after-care students participated in Scarborough High School's Big Brothers Big Sisters program. Students met with their BIG once a week for an hour anytime between 3:00 and 5:00 pm. High school students went through an interview and training process and

hour anytime between 3:00 and 5:00 pm. High school students went through an interview and training process and were then matched to a student attending Bessworth. The BIGs act as mentors and are someone to talk with, teach them new things, and to just have fun!

Our program held a CLYNK fundraiser and parents generously donated bags of bottles which in turn were used for additional program supplies. We continued to assist Project G.R.A.C.E. during the November and December holidays by collecting non-perishable food items, games, and toys.

Club Teen Middle School

A new staff member joined our team this year along with a new group of sixth graders. This group determined that it wanted to take field trips on scheduled early release days. Trips were taken to the mall, bowling, the local pizza shop, and the movies. Walking or the Community Services bus was used to transport students to the various locations.

Cooking in the cafeteria was a popular choice by Club Teen members. An ocean aquarium with blue jello, gummy fish, and whipped cream was messy to make, yet fun to eat. Manhunt was a popular activity once the time change occurred in October. The girls enjoyed creating with beads while the boys always wanted to use their hand-held video games.

During the winter cardboard sled racing was popular, weather permitting. They also scheduled a day a week to use the ice rink facilities. In the spring the group watched their school compete in softball and baseball games when played on the Scarborough home field.

Bessworth Beginners Pre-School

The 3- to 5-year olds were a very busy group learning and playing together. The year began with an activity known as "Letter of the Week." They start with "A" and 26 weeks later end with "Z." In October a trip to Dole's Ridge in Limerick was taken to pick apples where the group learned that to keep the animals from eating the apples they hang bars of soap in the trees!

Ms. Andrea did cooking with Ms. Sam and Ms. Mary's class once a month. No peanut or milk products could be used due to classroom allergies. Science experiments about electricity were conducted in the Art Room and balloons were used. Students watched in amazement as Ms. Julie rubbed a balloon on her shirt and it stuck to her like glue.

A play entitled "Very Busy Spider," written by Eric Carle, was presented by Ms. Mary's class. Families and friends were invited to opening night, and a pot luck dinner followed. Turnout was fantastic and the students did a great job! All their practicing paid off as no one forgot their lines.

We encourage and always appreciate parents participating in our events and volunteering on scheduled field trips. Nora Freese came in and made pizzas with all the students to have for lunch compliments of the Portland Pie Co. Manu Bagali's mother gave a presentation on Indian customs and culture. The afternoon included samples of food, art, music, and native dance.

In May we held an <u>USBOURNE</u> Book Fair when students and parents were able to browse books on display and place orders on-line. The center earned free books at the end of the sale. Other field trips included going to Pineland Farms and learning all about farming and Maine agriculture and a trip to the Maine Wildlife Park where we saw a moose.

In June we graduated 20 students, 15 of which will attend kindergarten at Blue Point, Eight Corners, or Pleasant Hill in the fall. On the last day of school Ms. Mary's class celebrated with a Project Pre-School party at Chuck E. Cheese. Parents and kids enjoyed their last few hours before the start of summer vacation by playing games and eating pizza.

We are looking forward to the fall of 2010 when our extended pre-school hours begin.

SUMMER RECREATION

The 2009 Summer Recreation program was held during a very rainy summer. Pre-kindergarten students through eighth graders attended camp either all eight weeks or individual weeks throughout the summer. Many fun field trips were offered for the younger students in half-day segments and also for sixth through ninth graders on a full-day basis. For the first time ever we offered a three-day-aweek option which was very popular.

For the convenience of our residents we offered a payment plan beginning in April; this allowed them to register and pay in smaller amounts over an extended period of time throughout the summer. Participants could pay on-line, by mail, or through the Community Services Office in town hall or at the Bessworth Child Care Office.

PRE-K THROUGH GRADE 5 PROGRAM

Our first Friday field trip to Range Pond unfortunately had to be cancelled due to poor weather, and in place we scheduled a variety of indoor activities and pizza for lunch. Numerous trips over the summer were cancelled due to the inclement weather.

Campers had an opportunity to participate in a number of programs, such as a ceramics project. The owner of Glazey Days brought ice cream bowls and spoons which campers painted; after the owner fired each project they were then available for pick-up. During our community service week two groups visited the Pine Point Nursing Center and brought plants for the residents. This brought smiles to their faces as they checked out each hand-painted pot.

Other trips consisted of a Sea Dogs game in June where everyone enjoyed all-you-can-eat hamburgers, hot dogs, chicken sandwiches, beans, coleslaw, chips, and fountain soda. Of course, the sea dog biscuit for dessert was a treat. In August we took five buses and headed south toward Boston to tour the Aquarium where many groups attended a show about sharks, while others spent time at the touch tanks.

MIDDLE SCHOOL GRADES 6 THROUGH 9

Our middle school camp was based out of the middle school cafeteria and ultimately the high school cafeteria. Fortunately, the weather did not disrupt too many of their plans. Wednesday was a scheduled inhouse day, and one event – the *Amazing Race* – will not soon be forgotten. Teams had to eat hearts of palm, marinated mushrooms, and banana peppers in a certain amount of time in order to move on to the next station.

Campers pre-registered for an overnight at Bayley's Campground here in Scarborough. Two trips were planned -- one for the girls and one for the boys. Tents were set up, dinner cooked, games and stories played. Talking in the tents lasted into the wee hours of the night.

Summer of 2009 ended with a pizza party, our annual highlights show, and a visit from the ever-so-popular ice cream truck.

SUMMERFEST 2009

SummerFest 2009 was held on Saturday, August 15, at the Clifford Mitchell Sports Complex (high school fields). We continued the full-day format from 12:00 noon to 10:00 p.m., similar to the 350th celebration last year. This annual celebration started with a kids 1-mile road race and adult 5K race on Friday afternoon. Forty-eight vendors participated, including local churches, non-profit groups, sports booster clubs, and commercial vendors. There were fun events for all, including a magic show by Abracadabra Productions, a strolling magician (Phil Smith), an hypnosis show by Peter Mamos, and two band performances - The Awesome Band and the Robby Coffin Combo. Additionally, families enjoyed fun games, a bounce house, pony rides, petting zoo, and a dunk tank. Other offerings included face painting, removable tattoos, hair braiding, and sales of items such as hand bags, glow sticks, bracelets, and Red Storm paraphernalia. Scarborough Fire and Rescue had a demonstration of their extrication team, their on-site smoke and safety trailer, command van tours, and their rescue unit with blood pressure screenings. Scarborough Police displayed public safety information and a seatbelt convincer, along with the sale of dog tags by the Explorers. Public Works displayed some equipment such as a bucket truck and mowing tractor, along with providing other PW information. And there were various raffles (of lobsters, a

child's bike, a sports basket) as well as 50/50 raffles. And, finally, the grand finale was the ever-popular fireworks which are always a grand display. SummerFest has become a very popular community event where friends can reconnect before school and families celebrate the end of summer.

WINTERFEST 2010

This special event was held on Sunday, January 18, with Scarborough Community Services kicking off the event with lighting of the bonfire. Competitions and games ran

from 12:00 noon until 4:00 p.m. Participants competed in a variety of events, including a snow sculpture contest, snow golf, jump rope competition, ice cube hunt, cardboard sled races, turkey bowling, and skating competitions. Community Services provided free hot chocolate and s'mores

by the bonfire, tractor hayrides throughout the municipal/school complex, and visits with Frosty throughout the competitions. In addition, Community Services offered dog sled rides, a very popular activity! The crowning of Winter Fest Kings and Queens wrapped up the day along with the drawing of raffle prizes donated by local businesses. Scarborough Community Services would like to thank all of its sponsors and volunteers who made this event so successful.

SPONSORSHIPS

We are very fortunate to live in a community where so many businesses and citizens contribute to the well-being of our children. A program was formed through Community Services a few years ago which gives businesses the opportunity to provide cash donations and donations in other forms to support our special events programming. This has been a well-received program.

Within our sponsorship program, businesses can donate \$2,000 (Platinum Sponsorship), \$1,000 (Gold Sponsorship), \$500 (Silver Sponsorship), \$250 (Bronze Sponsorship), or \$100 (Friend Sponsorship). Each level receives various forms of recognition in return, ranging from cable TV and brochure recognition to the business name engraved on a public plaque at Town Hall.

Beginning in 2008, Community Services began the Benefactor program to run in conjunction with the Sponsorship program. This program gives businesses the chance to donate items (gift certificates, gift baskets, tickets, toys, etc.) rather than cash donations, while still receiving recognition through cable TV, community brochures, and our website. These donated items are given to children as prizes or are raffled off at special events, with all proceeds in turn helping to fund future special events, including SummerFest, WinterFest, and the Annual 55+Barbecue.

Scarborough Community Services would like to acknowledge the following sponsors, benefactors, and donors within our community who supported the residents of the Town of Scarborough during the 2009-2010 year:

Platinum Sponsors (\$2,000): Walmart, Woodin & Company Store Fixtures, Inc., State Manufactured Homes, Inc./Hillcrest; Gold Sponsors (\$1,000): Saco & Biddeford Savings Institution, Scarborough Lions Club, Scarborough Community Chamber; Silver Sponsor (\$500): Beech Ridge Motor Speedway; Bronze Sponsors (\$250): ACE Hardware, Beacon Appraisal, Daniel Ravin, D.M.D., Mark Diamond, D.D.S., Optimal Performance Physical Therapy, LLC, Quinn's Installation Contractors, State Farm Insurance, Villari's Self-Defense Center; Friend Sponsors (\$100): Allied/Cook Construction, Biddeford Savings Bank, Eight Corners Pizza, Gorham Savings Bank, Hannaford Supermarkets, Natural Motion Martial Arts, Pat's Pizza, Scarborough Terrace, Town and Country Federal Credit Union.

Gold Benefactors (Donation of gifts worth \$1,000): State Manufactured Homes, Bessey Commons; Benefactors (Donation of gifts worth \$500): One2One Bodyscapes, Shelly Rose Photography; Bronze Benefactors (Donation of gifts worth \$250): Eastern Cleaning Service, Jordan Hall Landscaping, MaineTutors.com, Subway Sandwiches; Friend Benefactors (Donation of gifts worth \$100): Anjon's Fine Italian Cuisine, Allied/Cook Construction, Attention to Every Detail, bei capelli, Computerworks, Dragon Fire Martial Arts, Homewood Suites by Hilton, The Kennel Shop, Land Rover/Jaguar of Scarborough, Making Waves Salon and Tanning, Portraits by Joelle; Donors (Donation of gifts worth \$100 or less): A+ Party Rental, Al's Variety, Amato's, Bad Dog Deli, Bayley's Camping Resort, Beal's Ice Cream, Bull Moose Music, Cabelas, Cartridge World, Cricket & Co., Dora's Delights, Dunstan Mobile, Eight Corners Pizza, Estabrook's, Famous Dave's, Fields of Dreams Soaps, Flaherty's Family Farm, Glazey Days, Golf and Ski Warehouse, Gorham Savings Bank, Henry VIII Carvery, Knights of Columbus, Lifestyle Fitness Center, Lois' Natural Marketplace, Maine Indoor Karting, McDonald's, Measuring Up! Cooking for Kids, Mister Bagel, Monson Company, NAPA Auto Parts, Nonesuch River Gold Club, Oakhurst Dairy, Pet Quarters, Pizza Time, Portland Sea Dogs, Rock 'n Roll Diner, Rodger's Ski & Sport, Romeo's Pizza, Sam's Club, Scarborough Beach, Scarborough Muffler, Scarborough Rotary Club, Scarborough VIPS, Shaw's Supermarkets, Shirley's Hallmark, Sudzie Autowash, TD Bank, Texas Roadhouse, Thai 9, The Children's Museum, The Dairy Corner, The Meat House, Village Center Auto Care, Wendy's, Wilderness House.

YOUTH PROGRAMS

Scarborough Community Services offers many different activities for each of the seasons to keep children active and

involved throughout the whole year. We are always looking for new ideas and programs.

SUMMER PROGRAMS

Our summer programs were a hit with all participants. This summer our sports camps included swimming lessons, soccer, basketball, track & field, baseball, football, tennis, lacrosse, wrestling, and golf. Most of our instructors are high school varsity coaches and without them these programs would not be possible.

In lieu of sports camps, we offered several alternatives which included horseback riding lessons and our extremely popular Art Attack program. Because of its popularity last summer, we once again offered our technology camps -- Engineering Challenge, Blast-Off Rocketry, and Lego Robotics I & II. These classes put a fun twist to education and the arts which keep all participants wanting more.

FALL PROGRAMS

Once the heat of summer breaks and the cool air settles in we get geared up for the fall with some top-notch programs. In the fall we offered several youth programs which included Cross Country, Mini-Kicks Soccer Clinic, and Flag Football.

The fall soccer program is one of our largest programs and a success with all involved. The large support from the community allows for this program to thrive. Children from pre-kindergarten to 8th grade participate in this program. The focus is for everyone to have fun while learning the basic fundamentals of soccer. This year we offered an under-the-lights round-robin tournament for Divisions II and III (Grades 3 through 8) because of its popularity in past years. It might be cold out, but the kids love playing no matter what the weather conditions are!

This year we added a new field hockey program to our lineup. This program was taught by Kerry Mariello, our high school field hockey coach, and several of her star varsity players. This program had a focus on learning the sport of field hockey and included some games against surrounding communities. This programs looks to be a hit for years to come.

WINTER PROGRAMS

Once the cold air settled in and the snow began to fall, we moved into our winter schedule. Throughout the winter we offered a variety of indoor activities to keep the children busy while the snow kept people indoors. Our most popular winter program was basketball with over 475 participants. Our parent volunteers were very dedicated and without them the program would not have been as successful.

Indoor soccer is our other league sport for the winter; it is a fast-paced, fun, and exciting activity for the children. We added the pre-kindergarten and the kindergarten age group

this year and over 100 people signed up, so it will be back for years to come.

As the snow hit the mountains so did our skiers and snowboarders. We offered trips to both Lost Valley and Sunday River where children could sign up for lessons, rentals, or just a lift ticket. They enjoyed days of

carving the mountain with their friends. The Lost Valley program ran Monday nights after school while the Sunday River program ran during the day on Saturdays.

Dribblettes is always a popular program for girls in grades 2 to 4. This performance-based program was choreographed with music, dancing, and dribbling all at the same time. These extremely talented girls performed at half-time shows during varsity basketball games, where most likely they will be the next basketball starts for Scarborough High School!

We also offered a winter softball pitching clinic for girls in grades 2 to 8. This class is taught by Tom Griffin, the popular and highly successful high school varsity coach. This program teaches the basics and advanced techniques of windmill-style pitching. This class always fills up fast.

SPRING PROGRAMS

Once the snow started to melt we prepared for our spring sports with baseball, softball, and lacrosse camps. These camps help develop skills in our young players while helping to get the rust off before they start league play. This year our spring camps had one of their largest turnouts ever.

Spring Cross Country is always a hit. With this program children run against each other and against other teams from surrounding communities. With competitive meets held in Scarborough and other towns, our participants got to test their speed throughout the season. This program ran directly after school two days a week.

New this year was our Mini-Hits program, teaching the basics of baseball and softball to boys and girls ages 2.5 to 4. From running the bases to hitting and catching, these participants had plenty to learn in a fun-paced and low-pressure environment.

ADULT RECREATION PROGRAMS

Scarborough Community Services adult recreation programs are always popular. The open gym programs of basketball, volleyball, and dodge ball always pack the gyms with adults. In the mornings we offered a fitness class (Healthline) that allows adults to use the high school gym. We offer both cardio and weight-training sessions with this program.

New this year was Zumba, Yoga, and Adult Tennis. Zumba is a Latin dance class that seems more like a party than a

workout. These classes keep the middle school cafeteria hopping on Tuesdays and Thursdays. Yoga helps to test flexibility and stamina; this Zen-like experience was popular with all who attended. The class took place on Wednesdays in the middle school cafeteria. The Adult Tennis program ran as part of a tri-league with Saco and Biddeford which allowed for more competitive play at all levels. Our new programs were popular, and we look forward to offering them next year.

We are always looking for new ideas and opportunities to offer more adult recreation programming and invite all residents to contact us with their suggestions.

SCARBOROUGH 55+ PROGRAMS SPONSORED BY SCARBOROUGH SENIOR WOW

WOW is right . . . The 2009-2010 year brought a steady expansion of the Scarborough 55+ Programs with a variety of new and existing programs, transportation opportunities, and trips that pleased even the most finicky of people.

The mission of the Scarborough 55+ Programs is to give all seniors an opportunity to maintain dignity, enrich their quality of life, and actively promote participation in all aspects of community life. The Scarborough 55+ Programs are sponsored by Scarborough Community Services and Scarborough Senior WOW. The 55+ Programs has a Seniors Advisory Board which provides directional advice for development of senior programs and services to the Seniors Program Coordinator. The Senior Advisory Board, now with seven members, meets each month as they continue to help with the direction of the 55+ programs.

As in recent years, we offered weekly programs at the Hillcrest Recreation Center. Our weekly line-up at Hillcrest included Wednesday Lunches, which always run September through June. These catered lunches were served to seniors not only from Scarborough but from surrounding towns as well. The weekly programs ranged from entertainment, such as Gloria Jeans and Lighthouse Jubilee, to the Health and Wellness Committee bringing a diverse selection of informational lectures and hands-on topics. This year we enjoyed entertainment from the WOW Players and the annual Bring--Your-Grandchild-to-Lunch program. The Activities Committee is responsible for bringing us these wonderful and innovative programs each week. Our yearround Bingo games on Fridays continue to be very well Scarborough Community Services and the seniors of Scarborough would like to extend sincere thanks to the Desfosses family and State Manufactured Homes for their ongoing support and generosity for Scarborough seniors and for the use of the Hillcrest Recreation Center.

Bessey Commons has also generously offered the use of their common rooms for Senior programs. At Bessey Common Commons our Healthy Living/Healthy Minds group "Choices" met every Monday morning.

"Choices" is a free drop-in program, and we are looking forward to bringing seniors additional programming at Bessey Commons in the near future.

The annual Senior Barbecue was held in September in Scarborough's beautiful Memorial Park. The Jeff Scott Trio was the entertainment and we served 150 people that day. The weather was great and everyone had a wonderful time.

We have continued our partnership with Southern Maine Agency on Aging and offered the As You Like It plan along with the Easy Adventures programs. The As You like It plan provides older Americans with the chance to purchase As You Like It tickets for a small donation of \$4; these tickets can be used at all of the Maine Medical Center Cafés and at our Wednesday Lunches at Hillcrest. Being part of the As You like It plan saves participants money at our Wednesday lunches. Easy Adventures is a health promotion initiative that coordinates low-intensity fun outdoor activities for aging adults. Programs offered have been raft trips, "get back on a bike" events, geo-caching, snowshoeing, cross-country skiing, skating, and horseback riding. The idea is to get adults together in a sociable, fun, active outdoor setting. Events were \$10 or less and adults from Cumberland and York Counties participated.

In the 2009-2010 year the Scarborough 55+ Programs continued to offer round-trip transportation to an array of locations. For a small fee we have provided rides for Wednesday Lunches and Friday Bingo, with door-to-door service offered to Scarborough residents. During the spring and fall semesters the 55+ mini bus provided transportation to Senior College for the SAGE lectures on Tuesdays and to OLLI on Fridays. Two times a month we offered shopping at a local grocery store -- Scarborough residents were picked up at home and driven to the store. However, the transportation opportunities did not end there; the 55+ Programs also offered transportation to Portland Players and Lyric Theater for their Thursday night preview performances. Round-trip transportation fees were \$2 from the Scarborough High School parking lot and \$5 for doorto-door services. To meet the transportation needs of Scarborough Seniors, we continued offering financial help for transportation for Scarborough seniors through the Blanche Cook Memorial Transportation Fund. This fund was formed in memory of Blanche Cook who passed away on June 7, 2009, at the age of 107. Blanche was involved in many Senior WOW programs and enjoyed being picked up at her home by the Scarborough Community Services minibus and participating in the many activities offered.

The Scarborough 55+ Programs were not just located in the Scarborough area. There were various trips . . . from our Destination Goodwill trip . . . to the Lilac Festival in South Paris . . . to the very popular Rangeley Foliage trip. There were three Out-To-Lunch Bunch groups, each taking one trip a month to different restaurants in Maine. Joining one of these groups is simple, and, for the low-cost bus fee and

the price of lunch, Seniors can have a great time while experiencing new and diverse foods and meeting new friends.

Scarborough Community Services continued to offer seniors a little help paying for 55+ trips through the Alternative Payment Fund, monies made available through the Wednesday Lunch 50/50 raffles.

In 2009-2010 the Scarborough 55+ Programs instituted a new and exciting membership program. For \$10 per year (or \$17.50 per couple) members would receive discounts on all trips, early trip registration privileges, and the 55+ newsletter sent to their home six times a year. Trip discounts ranged from \$5 per person per trip on mini-bus trips and \$10 per person per trip on the coach bus trips. Also offered with this membership were discounts at participating Scarborough businesses. Membership registration has been easy and painless and can be done just by updating personal information with Community Services. Membership in the 55+ Programs has been optional and provides discounts for the 55+ trips and special offers to its participants. Membership is not mandatory to attend any of the 55+ Programs that are offered.

With all these programs and events, the Scarborough 55+ group is always looking for volunteers to help out. Volunteers are needed to help set up programs, make phone calls, and help the Scarborough Program Coordinator plan and execute different aspects of programming. Debbie Jones would welcome any questions or new ideas, and she looks forward to meeting new seniors in the community and working with everyone already in the 55+ Programs.

Scarborough Community Television

Scarborough Community Television continues to provide to Scarborough citizens coverage of all town and school meetings. As well, other public programming is aired through its channels (2 and 3) . . . from school projects (such as Middle School News, High School theater productions) to summer concert series in Memorial Park to candidate information nights prior to town elections. SCTV began offering live sporting events at home high school varsity games from the Clifford Mitchell Sports Complex (high school fields) and from the Alumni Gym in Scarborough High School. When programming is not airing on the two public channels, a bulletin board slide show is presented to Scarborough citizens with local community information. The studio is managed by Eric Huntington whose job combines with a teaching position in video production at the high school. His high school production students then work as interns during the school year by helping to work the cameras at town and school meetings. This combined job helps to broaden the students' experiences and, in turn, provides SCTV with valuable audio and video operations.

Scarborough Town Facilities

Community Services is responsible for scheduling all reservations in town -- outdoor and indoor. includes the municipal building, all schools, all fields, parks, and beaches. We handle over 30 to 40,000 reservations every year made by town officials and administrators, school administrators, teachers, parents, student groups, local youth organizations, sports booster groups, area churches, non-profit groups, and non-resident athletic groups. Additionally, our department manages the lighting system on the fields and tennis/basketball courts which are set up in seven separate zones. Our scheduling program allows interested persons to check for availability of our facilities on-line by going to the Town's website, clicking on Community Services and Field/Facility Calendars which are all updated in real time.

Beach Management

Community Services oversees the day-to-day operation of the beach parking lots and boat launches for the town. This summer was extremely rainy and was not one of the best seasons for beach-goers. However, the last three weeks of August cleared and allowed residents and non-residents alike to flock to Pine Point and Ferry Beaches and enjoy some of the best beaches in the state.

The town continued to participate in the Maine Healthy Beaches program by monitoring the bacterial levels in the water to ensure safe water conditions. Water samples were taken every Tuesday morning throughout the beach season and reported to the Maine Healthy Beaches. This program is a partnership between the University of Maine Cooperative Extension/Sea Grant, the Maine Department of Environmental Protection, and local municipalities, and is funded by the U.S. Environmental Protection Agency through the Beaches Environmental Assessment, Closure and Health (BEACH) Act of 2000.

Grounds Maintenance

Community Services handles all mowing, pruning, weeding, mulching, trash removal, brush clearing, and other outdoor maintenance projects for all schools, parks, and trails within the Town of Scarborough. We oversee the athletic lining of fields, field preparation, and field maintenance of all athletic fields in Scarborough, including the high school and middle school sports complexes.

During the winter season, grounds maintenance assists with snow removal at the high school, middle school, and intermediate school, and is also responsible for the sidewalks surrounding the schools at Oak Hill and Memorial Park. When not plowing snow, the grounds maintenance crew cleans and maintains the outdoor ice rink located behind the maintenance building, adjacent to the high school fields. The ice rink provides the community

many opportunities to skate or play ice hockey for free during the winter months. Depending on weather and ice conditions, the rink is open from 2:00 to 8:00 pm Monday through Friday, with extended hours from 8:00 am to 8:00 pm on Saturday, Sunday, and during school vacation.

Concerts in the Park

The Scarborough Community Chamber of Commerce and Scarborough Community Services teamed up once again to host six musical groups on Thursday nights at the Gazebo at Scarborough's Memorial Park, with one show indoors at the Winslow Homer Theater at Scarborough High School. Despite some menacing weather, all who attended had a fantastic time - given the opportunity to kick back and enjoy the show, reconnect with friends and family, or simply relax in the park and take in carefree evenings of summer. Along with the shows, the Chamber conducted a 50/50 raffle at each show with additional prizes of Indoor Karting passes, Amtrak Downeaster passes, free T-shirts and Frisbee give-aways, all benefiting the Chambers' High School Scholarships fund. Additions to this year's series were the Gateway Shops trolley and the Capt'n Eli's Soda Draft truck at the concession stand run by the Scarborough Rotary Club, providing reasonably-priced family fare.

Concert attendees were able to enjoy a variety of music from:

- Bob Charest Band
- Don Campbell Band
- Wavelength
- Motor Booty Affair
- Montgomery Road
- Tony Boffa Band

The concert series was a great success thanks to excellent performers, generous sponsors, and helpful volunteers. This year's concert series attendance was superb (over 5,000 attendees) despite some problematic weather, but support increased through sponsorships, creating great visibility for the Scarborough Community Chamber of Commerce and the area businesses that assisted in sponsoring the series. This year there were over 50 area businesses involved.

Planning for next season has already begun and looking forward to another great series next summer. Look for returning favorites, Don Campbell, Motor Booty Affair, Tony Boffa, and newcomer Bellamy Jazz Band with two bands to be announced.

Public Library

To the Town Manager, Town Council, and Citizens of Scarborough:

Valuable, relevant and thriving — these are the themes of our year. Whether your interest was information, entertainment, connectivity, socialization, or enlightenment, the Library was ready to serve you.

Our high speed Internet access is a back bone that allows us to provide many of our most valuable services. Users clearly appreciated the Minerva online

borrowing system. Nearly 14,000 items were borrowed from other libraries. Our circulation of all materials increased 15% to 246,000. More than 10,700 people made use of our public access computers, an increase of 7%, and many more took advantage of our wireless access. Overall, we saw over 5% more visitors this year.

Statistics can't tell the whole story. We know that you have turned to the Library to help ease the impact of the economy. Our computers have become a lifeline for some, as more jobs are being posted on web-based services and employers are requiring that applications be completed online. Income tax and property tax rebate forms are now distributed through the Library. As video and audio disks become alternatives to more costly entertainment, these collections are seeing large increases in usage. And we are responding to the most basic of all needs, a friendly place to sit and engage with others in a building that is safe and comfortable even in the most severe weather.

You responded to our efforts to inform and entertain you through our programs. 6555 of you, a 21% increase, attended the 240 programs we presented. Some of our activities were traditional such as the annual summer reading events for children and author visits for adults and families. Some were directed to the needs of the community such as speakers presenting information on Social Security, elder care and Hospice Care. We learned about other cultures through members of our community, including a day-long celebration of the culture of India.

We occasionally have an opportunity to serve the community in less traditional ways and this year was one such opportunity. The Library coordinated volunteers to assist at vaccination clinics in response to the H1N1 Pandemic. We are also a partner in regional planning should volunteers be needed in a declared emergency.

The important work of the Library is clearly appreciated. But the work is supported by resources both financial and human. Our financial support from the Town of Scarborough has been steadfast, but this does not represent

the entire package. We turn to the community each year and ask for your help during our Annual Fund appeal. This year, you exceeded our goal of \$40,000 when you responded to our first-ever solicitation through email. And more than 50 people, from school students fulfilling community service credits, to members of the RSVP organization. bolstered our dedicated staff with more than 1330 hours of volunteer service. The Friends of the Scarborough Library also contributed to this financial and human support.

Nancy E. Crowell Library Director

By all accounts, we are thriving. Your support as a community will enable us to remain a valuable and relevant service. I join the Board of Trustees in thanking you, the citizens for your support.

Respectfully submitted, Nancy E. Crowell, MLS, Library Director

SCARBOROUGH LAND CONSERVATION TRUST

The Scarborough Land Conservation Trust is a private, non-profit, community-based organization committed to acquiring, protecting and preserving land for public access and enjoyment of its natural resources, scenic vistas and historical significance. The projects undertaken by the Trust, working in partnership with the Town, offer unique value to our community

To the Town Manager, Town Council, and Citizens of Scarborough:

Everyone involved with the Scarborough Land Conservation Trust (SLCT) is grateful for the continued assistance and support from the generous citizens of Scarborough and helpful town officials and employees over the past year. SLCT is Scarborough's local land trust, helping to preserve our town's open, rural heritage while protecting recreational resources, water quality, wildlife habitats, scenic vistas, and productive farmland. Trails are maintained for walking, cross-country skiing and snowshoeing on our Broadturn Farm, Fuller Farm, Libby River Farm, and Sewell Woods properties. Trail maps were created with the help of the Town's GIS Coordinator and are available on both the Town's website and SLCT's website, www.scarboroughmaine.com/slct. SLCT provides access to its properties free of charge.

Ben Acker, Boy Scout Troop 39

Over the past year, SLCT has worked on many exciting stewardship and land protection projects. In October of 2009, SLCT built a bridge over a stream at its popular Fuller Farm property. The bridge allows recreational visitors to avoid walking through the stream, thereby lessening the impact on a tributary that eventually finds its way to the Nonesuch River. Funding for this project was provided by the Sand Dollar Foundation and The Phineas W. Sprague Memorial Foundation. Later in November of 2009, Ben Acker, a Scarborough Boy Scout, created a trail and built a bridge over a stream at Broadturn Farm as his Eagle Scout project. Visitors can park on the farm's access road off of Hanson Road and walk the short loop trail. It is a great, short walk for families with small children.

John Bliss and Stacy Brenner, the farmers at Broadturn Farm, received an award from the Cumberland County Soil

and Water Conservation District at its Annual Meeting in March of 2010, where their operation was designated as the "2010 Outstanding Conservation Farm of the Year." John and Stacy run a successful Community Supported Agriculture program (CSA) which provides produce and flowers to members in and around Scarborough, maintain a farm apprentice program for young adults, host weddings for which the flowers and food come from the farm, and run a farm camp for children. John and Stacy and the farm were also featured in one of a series of "Meet Your Farmer" films commissioned by the Maine Farmland Trust. The film series showcases eight different farms across the State to highlight the many different kinds of farm businesses that

John Bliss & Stacey Brenner

thrive in Maine today. SLCT continues to work on the rehabilitation of the buildings on the farm with the help of volunteers and donors who want to see farms and farming survive in Scarborough.

One of Scarborough's most noteworthy characteristics, without which SLCT could not protect so much land (over 1,000 acres to date), is that so many of its citizenry believe that our rural environment, and especially ecologically sensitive areas, should be saved - and they are willing to help pay what it costs. In November of 2009, Scarborough citizens voted, once again, in favor of using town resources to protect land, as a \$1,000,000 land bond was approved by nearly 70% of Scarborough voters. SLCT supported and advocated for the passing of the land bond resolution because this funding is crucial to the work accomplished by the land trust, not only for the dollars it provides directly but because such local public support is key to attracting funding from other sources. SLCT has helped to protect several properties with the use of Scarborough's land bond fund, including Broadturn Farm in 2004 and the Gervais Farm (now part of the Scarborough Marsh Wildlife Management Area) in 2009.

Report continued from the Scarborough Land Conservation Trust

Bridge connected to trail at Broadturn Farm

1,000 acres to date), is that so many of its citizenry believe that our rural environment, and especially ecologically sensitive areas, should be saved - and they are willing to help pay what it costs. In November of 2009, Scarborough citizens voted, once again, in favor of using town resources to protect land, as a \$1,000,000 land bond was approved by nearly 70% of Scarborough voters. SLCT supported and advocated for the passing of the land bond resolution because this funding is crucial to the work accomplished by the land trust, not only for the dollars it provides directly but because such local public support is key to attracting funding from other sources. SLCT has helped to protect several properties with the use of Scarborough's land bond fund, including Broadturn Farm in 2004 and the Gervais Farm (now part of the Scarborough Marsh Wildlife Management Area) in 2009.

The Town also received a special gift from a donor who created the "Stand Up and Be Counted Fund" through the Maine Community Foundation to spur towns across the State to bond for land conservation funding. Scarborough received a 20% match of its \$1,000,000 bond, so when Scarborough voters passed the referendum for \$1,000,000, Scarborough also received a promise of \$200,000 from the Stand Up and Be Counted Fund for future land conservation projects. Money from the land bond can also often be matched with funding from federal and state programs, including the Land for Maine's Future program (LMF), as well as private charitable foundations, so every dollar that Scarborough citizens put forth for land conservation typically becomes three or four dollars by the time we complete a project.

We are particularly grateful for the support, cooperation and encouragement of the Town Manager, the members of the Town Council and the Scarborough Parks and Conservation Land Board, and numerous dedicated Town employees and officials, as well as the citizens of Scarborough. Without their commitment to land conservation and their support of the Scarborough Land Conservation Trust, our work would not be possible.

Respectfully submitted, Jack Anderson, President Scarborough Land Conservation Trust

Report from the

Conservation Commission

To the Town Manager, Town Council, and Citizens of Scarborough

This past year the Scarborough Conservation Commission worked on several projects around the themes of definition, education, outreach and coordination. Defining our goals and setting priorities has resulted in a renewed effort at education and outreach.

Working closely with Jay Chace at the planning office we have worked to expand the protective zoning along the Nonesuch River. We are also working on a project to offer Transfer Development Rights to citizens and developers that would result in preserving private lands and allowing for higher development in certain subdivisions.

We have committed to reaching out to the community with written, "Conservation Conversations" in the Scarborough Leader, and by hosting educational meetings on matters that are timely and relevant to town concerns and policies.

The third year of the Vernal Pool Survey has resulted in few changes. We have checked on several pools around town and identified significant vernal pools. These will need to be verified by trained field scientists before being submitted to the town and state for protection.

We are assessing several parcels of town owned "open space" properties and developing a management plan for these parcels.

We currently have vacancies on the Conservation Commission and would encourage those interested in serving to contact the town office.

Respectfully submitted, Robert Jordan, Chairman

COMMITTEE/BOARD APPLICATION

The Town of Scarborough is responsible for appointing members to several standing committees and other committees organized to work on specific issues within stated time frames. The Appointments Committee of the Town Council is responsible for reviewing applications from interested residents and making recommendations to the full Town Council for appointments to the various committees. Please consider volunteering! Serving on a committee is a wonderful way to learn more about our community, meet our neighbors, and contribute to our town's success. Thank you.
