

## Changes...Looking to our future while remembering our past

There have been changes over the past 50-years since Scarborough celebrated its Tricentennial in 1958; just look at some of the photos on the cover. The 350th Committee is busy planning our upcoming anniversary celebration in 2008. Just think of how far we have come since our founding in 1658 and just imagine what the future holds for us over the next 50 to 100 years.

Look at the cover photos closely; can you guess where they were taken? The key below holds the answers to the numbers on the photographs.

- 1. A photo of the Public Safety Building as it appeared around the 1970's and was expanded in the late 1980's to its current configuration. The building is located at 246 U.S. Route One and still houses both the Police and Fire Departments.
- 2. The U.S. Post Office building located on Route 1 in Oak Hill as it appeared while under construction. The Post Office moved to the Oak Hill Plaza. The building in the picture was expanded and is now a professional building.
- 3. Public Works facility from the 1960's was not much more than a two-bay garage. It was located on the Payne Road behind what is now the Dunstan School Restaurant. The building is no longer there, but the area is still used by Public Works.
- 4. Bessey School building is located on Route 1. However, it is no longer needed for school purposes and will be changing to the Bessey School Senior Housing in the future.
- 5. Dunstan fire truck a 1936 Maxim on a Ford Chassis. Firefighting equipment has improved since the photo was taken, but at the time this would have been a state-of-the-art front-line apparatus. But can you imagine driving it in the Maine winters?
- 6. The building known as the Wayland House is still located at Dunstan Corner. It now houses professional and business space.
- 7. The Scarborough Public Library building was located on the Black Point Road. The library moved in 1990 to its current location on Gorham Road and the old library is now a private residence.
- 8. Doctors Haigis, Flint and Lowell with a 1952 Chevy which served as the town's first rescue truck. The picture was taken in front of what was then the main entrance to the high school.
- 9. Chief Pride and Captain Flaherty with two new 1950's police cruisers. The photo was taken in front of the Town Hall building that was located on Route One in Oak Hill.
- 10. The Pleasantdale Grange building located on Pleasant Hill Road is now the Oak Hill Grange #104. The members of the Oak Hill Grange have worked hard to save and restore the old structure.
- 11. The photo from the 1970's shows the Public Works garage when it moved to a former MDOT site on the Black Point Road next to the railroad tracks. The Public Works Department moved to its current location in the late 1990's when MDOT redesigned the road.
- 12. A photo from the late 50's or early 60's of the Municipal Offices located on Route 1 near what is now the entrance to the Municipal Complex. The Municipal Offices moved into the current building in 1993.

## TOWN MANAGER

## To the Town Council and Citizens of Scarborough:

It is my privilege to present to the Town Council and citizens the annual report on the operations and financial condition of town government for the fiscal year ending June 30, 2006.

This year's report begins to combine our past and present in preparation for our upcoming 350<sup>th</sup> anniversary in 2008. Each department was asked not only to report on current operations but also to look back in the past and compare today's statistics, equipment and activities with those of the 1950's. Understanding our history is important to know our community, see how far we have progressed over the past 50 years, and, where the lessons of the past will likely take us into the future.

## Important achievements of the last fiscal year:

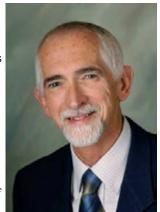

- Studying and developing a plan to bring more affordable housing to the community;
- Implementing a centralized purchasing system to obtain the best pricing on commodities and services;
- Launching a summer-long concert series in Memorial Park behind the Town Hall for young, old and everyone in between – a partnership with the Scarborough Chamber of Commerce;
- Studying and planning for long-term facility needs of our schools, library and seniors.
- Undertaking a major drainage project in the Green Acres neighborhood; and
- Studying, bidding and preparing to implement an innovative curbside recycling program using an automated collection system.

As you read through this report, you will note various comments, graphs and charts comparing our operations of past years. We have tried to make this comparison interesting, not just a recitation of facts and figures. In the early 1950's, the town hall had two electric typewriters and one photocopier, and today every seventh grader has a laptop. With similar comparisons throughout the report, you begin to sense how much the town has changed in the last 50 years. Those changes are continuing today, only at a faster pace. In the last year we have implemented our own phone system and linked most of our facilities by fiber optic cables allowing much of business internally and with the public to be handled electronically.

In terms of finances, the Town Departments continue to closely monitor their budgets with the help of electronic

information that is available in real time. Annually we have increased our fund balance, attracted excellent bond ratings and obtained competitive bidding on the issuance of bonds; and now with a centralized purchasing system we are managing and bidding more and more commodities and services with good results.

The Town has a "net worth" of \$54,500,000 with a \$3.3-billion assessed tax base making Scarborough one of the top three communities in the state and one with the

Ronald W. Owens Town Manager

lowest tax rates. Taxes are still a concern for many residents but we have pursued strategies to keep the rate as low as possible; as an example, our Recreation and Planning Departments essentially generate funding for their operations and activities through fees. We also recognize that many individuals on fixed incomes or living in high-value properties with limited incomes need assistance. During the year, 4153 individual homeowners were eligible for the Homestead Exemption, which resulted in \$54 million in property value being exempted from the tax roles valued at \$619,920.

Public Safety continues to improve operations, to improve the essential services they provide and to work cooperatively with all of the surrounding police and fire departments. The police chief has developed several innovative community policing programs to recruit and use the services of volunteers – Scouts Explorer Post, TRIAD (a partnership between the police and senior citizens) and VIPS, an active group of residents who want to volunteer. The fire chief continued his work on securing Homeland Security funds for both the community and regional programs. Rescue is a respected leading-edge emergency response unit, building on the legacy left by Dr. Haigis when he created the innovative Rescue Service in the 1950's as an example for the entire state.

I have only mentioned briefly some events that made our fiscal year 2006 an important year in the life of our residents—improved services, more cost efficiencies, greater regional cooperation and a focus on families needing affordable housing and our seniors. Please take some time to read this annual report to learn more about your community, your government and about our history. We welcome your comments and suggestions on improving town services and your ideas on improving this annual report.

Respectfully submitted,
Ronald W. Owens, Town Manager

## TOWN CLERK

To the Town Manager, Town Council, and Citizens of Scarborough:

Yolande P. Justice Town Clerk

I am submitting the report for the Town Clerk's Office for the fiscal year period of July 1, 2005, through June 30, 2006.

The following elections were held in Scarborough on Tuesday, November 8, 2005: Municipal Elections were held to elect members to the Town Council, Board of Education, and Trustees to the Sanitary District. The State elections were to elect State Representatives from Districts 127 and 128 and State Senate

TOWN OF SCARBOROUGH

TOWN CLERK'S REPORT

I hereby submit to you a report of the Town Clerk's Office for the past year for your approval.

The Annual Town Meeting was held March 4, 1957.

One Special Town Meeting was held April 23, 1957.

One Special State Election was held September 9, 1957.

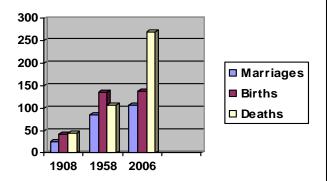

There were 137 Births, 85 Marriages, 107 Deaths recorded for the year.

Respectfully submitted,

NORMAN E. MORSE

Town Clerk

Town Clerk's annual report extracted from the Town's report of 1958.

Vital Statistics - Comparing 1908, 1958 & 2006

Representatives from Districts 6 and 7. There were also state bond issues. June 13, 2006, the State Primary Elections were held to elect members to each party to run in the November, 7, 2006, General (Gubernatorial) Election.

The Town Council holds two regularly scheduled meetings a month, except for July and August when the Council holds one meeting, totaling 22 over the course of a year. In addition, there were 4 Special Council meetings held. During this period a total of 81 public hearings were held by the Town Council.

Vital statistics include records of marriages, births, and deaths and are part of the records in the Clerk's Office. The births and deaths are recorded in three locations within the state: 1) Place of residency, 2) Place of occurrence, and 3) the State Office of Vital Statistics in Augusta. The marriages are recorded in the municipality in which the license was obtained and the State Office of Vital Statistics in Augusta.

During the past fiscal year a total of 107 marriages, 271 deaths, and 135 births were filed by the Clerk's Office.

The following is a list of some of the items issued by the Clerk's Office during the Fiscal Year, July 1, 2005, to June 30, 2006:

6

1,462

## **HUMAN RESOURCES & GENERAL ASSISTANCE OFFICE**

To the Town Manager, Town Council, and Citizens of Scarborough:

Thomas P. Guter Human Resources / General Assistance Office

The Human Resources Department is responsible for the implementation, application, communication, and ongoing maintenance of the Town's personnel practices and policies. Our policies are outlined in the Town's Personnel Ordinance, as well as through related documents detailing personnel policies. For employees in the Police, Dispatch, and Paramedic Associations. policies are also documented in their respective collective bargaining agreements. In addition, Human Resources is

responsible for hiring, promotional, and employee separation activities, a wide range of employee benefit matters, as well as consulting with management personnel and conferring with staff on a variety of personnel and benefit issues. Dealing personally with employees is a key component in assuring we can meet their needs effectively—and in maintaining open and productive communications.

The Welfare Department administers General Assistance, a state Health and Human Services Department program administered by individual municipalities throughout Maine. We are required to adopt, on an annual basis, a General Assistance (GA) Ordinance assuring that we administer this program in compliance with State of Maine guidelines. General Assistance allows us to provide aid, under clear and stringent guidelines, to individuals and families in financial crisis within the Scarborough community. The GA Ordinance provides for a mechanism which is fair, consistent, and appropriate—as well as being in compliance with state welfare guidelines. We work

closely with various units of the Maine's Department of Health and Human Services (DHHS) and with such local social service agencies as the People's Regional Opportunity Program (the area CAP agency), Project Grace (a Scarborough-based program), Southern Maine Agency on Aging, and Catholic Charities, to mention a few. Along with providing financial assistance to residents who qualify for General Assistance, we also talk with them, whether they qualify for assistance or not, about other opportunities (i.e., employment, housing, etc.) which might help them to move in a positive direction.

Some of the activities with which Human Resources and Welfare were involved during this fiscal year include:

- Successful hiring programs in Public Works, Police, Dispatch, Rescue, Excise, Community Services, Child Care, Purchasing, and Code Enforcement.
- Department of Human Services annual audit confirmed that we continue to appropriately administer the General Assistance program.
- Continued to work with the ADA Advisory Committee on an as-needed, as opposed to regularly scheduled meeting basis.
- Met with the Maine Municipal Association Loss Control Specialist to analyze workrelated injuries and lost time records. Worked with other staff at the MMA, as well as with internal town staff, to promptly file and monitor Workers' Compensation cases to be sure they were accurately administered.
- Met with all new employees to review town policies; met with all new full-time employees to fully explain and implement employee benefit package.

(Continued on page 8)

(Continued from page 8)

- Continued to work closely with our two
  occupational health providers to assure the best
  and most efficient care is being provided to
  injured employees. Worked on special project
  with one provider to deal with exposure
  incidents which might lead to potential
  infectious disease issues.
- After receiving unacceptably high dental insurance renewal rates, considered different options and decided to move the dental program to the Maine Municipal Health Trust.
- Coordinated and met regularly with a group of Southern and Central Maine municipal and county Human Resource professionals to discuss issues of relevance.
- Provided staff support to the Scarborough Housing Alliance (SHA) as it pursues its goals. The SHA continued its work on issues affecting affordable senior and workforce housing. The SHA delivered the consultant's report and the committee's initial recommendations to the Town Council.
- Provided continuing education to employees about the Retirement Health Savings (RHS) program, Maine State Retirement, 401(a), and 457 plans. Conducted financial and retirement planning workshops to help employees better understand how they might prepare for when

they are no longer working.

- As part of the Wellness Committee, put several new health promotion programs in place for employees.
- Held our annual service awards banquet to recognize employees for years of service and for special accomplishments.
- Conducted 55 state criminal background checks (known as SBI checks) for individuals hired in full-and part-time positions. Although our application process asks whether an applicant has been convicted of a misdemeanor or a felony, the SBI check confirms that information, providing us with greater assurance at time of hire.
- Worked with Community Counseling, our Employee Assistance Program provider, to conduct workshops and work with employees as needed.
- Coordinated efforts of the Energy Savings
   Task Force, an internal group created to
   identify ways in which we can use energy more
   efficiently.

Respectfully submitted,

## Thomas P. Guter,

Human Resources & General Assistance Director

## 2006 GENERAL ASSISTANCE PROVIDED

Amount expended	\$2,238.05
Amount of state reimbursement	\$1,184.03
Number of families assisted	10
Number of persons assisted	22
Expenditures for:	
Housing	\$1,957.41
Heating <sup>1</sup>	0
Heating <sup>1</sup> Electricity <sup>2</sup>	0
Food/non-food.	\$19.22
Burials	\$363.00
Medical	\$8.45
Household/personal	\$19.97

We are audited on an annual basis by the Maine Department of Health and Human Services to confirm that we are following State program guidelines. Again this year, the State's audit found us to be in full compliance. The State of Maine reimburses 50% of our approved General Assistance program costs. A breakdown of assistance provided during the 2004-2005 fiscal year follows:

NOTES: <sup>1</sup>The People's Regional Opportunity Program (PROP) is our local Community Action Program (CAP). Prop's Heating Assistance Program (HEAP) provided considerable assistance to local residents during this period so that this office did not need to provide any assistance in the "heating" category. We schedule regular times for PROP to be on site so that residents may easily take advantage of this resource. <sup>2</sup>No "electricity" costs are shown because no assistance in this category was provided in this fiscal year. We are able, in certain cases, to speak with Central Maine Power and have them afford the individual or family in question a little more emergency latitude in this regard. In addition, PROP can also assist with electricity costs.

# INFORMATION SYSTEMS DEPARTMENT

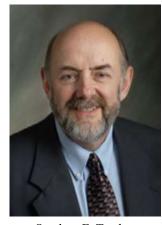

To the Town Manager, Town Council, and Citizens of Scarborough:

It is with great pleasure that I submit this report on behalf of the Information Systems Department. In keeping with this year's theme of "Where we are now" I thought a timeline would be the best way to show how far we have come in a very short time period. The town and school operation has gone from using manual procedures to accomplish tasks to a digital process during this era.

The following information will help place events in chronological order. The rate of technological change has increased dramatically in just the last decade.

- Pre-1980 All of the budgets and minutes of meetings were hand-written or created on manual typewriters. Copies were made using "mimeograph machines." The property tax information was placed on tax cards and information was updated by hand. W-2's, Federal, and State reports were typed on a manual typewriter with carbon paper. The process of collating consisted of placing pages around a table and picking up one page at a time. School report cards were hand-written, passed around to each teacher with a copy filed for permanent record.
- 1980 Town hall had two electric typewriters and a photocopy machine.
- 1982 NCR computer and 7 terminals. The unit, the size of two large file cabinets, had 81MB of total disk storage on six fifteen-inch hard drive platters. This COBOL-based system was used for the financial statements, payroll, tax billing, voter registration, high school scheduling and report cards.
- 1984 Micro-computer lab was established at middle school using Texas Instruments TI99 and Commodore 64 computers. The high school was using TRS 80 computers for student instruction.
- 1986 Town purchased two IBM PC's for word processing and budget building.
- 1987 First Apple II computer lab at middle school and high school.
- 1989 School and town purchased two networked UNIX servers for financial and student management records.

- 1993 New municipal center with server room and first networked facility.
- 1995 Fiber optic cabling was installed between seven town and school facilities at the Oak Hill Campus and established the town's first wide area network for sharing voice and data. Ethernet networks were constructed at each

Stephen F. Tewhey Information Systems Director

location. Internet access to wide area network.

- 1996 Scarborough Information Systems
   Department formed through the cooperative efforts
   of the Town Council and Board of Education. A
   single department to serve the technology needs of
   both the town and school in a cost-efficient
   manner. School adopts Comprehensive Plan for
   Technology.
- 1997 Town of Scarborough Web site was established on the Internet. G.I.S., Geographic Information System, digital base map of Scarborough created.
- 1998 Computer-Aided Dispatch is installed at Public Safety, police cruisers are equipped with networked mobile laptop computers.
- 1999 Year 2000 Project, Y2K, implementation completed.
- 2001 School and town selected MUNIS for its financial management solution, which eliminated many manual procedures.
- 2002 All seventh graders receive laptops from the Maine Learning Technology Initiative. Maine is the first state to embark upon this plan to eliminate the digital divide between students.
- 2003 Town and school provide many on-line services for citizens and parents. Board agendas and minutes, Assessing database, Community Service's WebTrac and student progress information are all available on-line.
- 2004 Installation of integrated phone system for town and school sites.

(Continued on page 10)

(Continued from page 10)

 2006 - Fiber optic cabling installed between Oak Hill network and Public Works.

Indeed, we have come a long way in a short period of time. The town and school have used technology to increase productivity and provide more services in a cost-effective

manner.

Please visit <a href="www.scarborough.me.us">www.scarborough.me.us</a> throughout the year for more information.

Respectfully submitted,

Stephen F. Tewhey, Information Systems Director

Report from the

## FINANCE DEPARTMENT

To the Town Manager, Town Council, and Citizens of Scarborough:

The Finance Department is responsible for managing and reporting the financial business of the Town of Scarborough to assure all interested parties that public resources are conscientiously received, safeguarded, invested, accounted for, and disbursed. The Department works to reduce and prevent liabilities and risks in order to protect the financial and personal interests of the residents, taxpayers, employees, investors, and visitors. Additionally, the Finance staff prepare financial statements that report the financial condition of the Town of Scarborough.

The Governmental Accounting Standards Board (GASB) is the governing body for the reporting and accounting of municipalities across the country. The Town of Scarborough Finance Department received the prestigious *Award of Financial Reporting Achievement* for the June 30, 2005, Comprehensive Annual Financial Report. Excerpts of the June 30, 2006, Comprehensive Annual Financial Report are highlighted on the following pages. Please review the completed document on the Town's Web site at <a href="https://www.scarborough.me.us">www.scarborough.me.us</a>.

The Finance Department is comprised of the following offices and describes the related responsibilities:

 Accounting: Includes payroll, accounts payable, cash management, financial software implementation and oversight, investments, risk assessment, accounts receivable, debt management, and financial reporting.

- Property Tax: Includes property tax collection and processing, general and rescue billing and collections, beach parking permits, boat launch permits, parking tickets, and various code enforcement permits.
- Excise Tax: Includes vehicle registrations, hunting and fishing licenses, snowmobile, watercraft, and ATV registrations.

Ruth D. Porter Finance Director

- Purchasing: Includes directing, supervising and coordinating the preparation of technical specifications of all purchasing-related activities of municipal goods and services.
- Assessing: Includes calculating the annual valuation of all taxable and exempt real and personal property in Scarborough.

Over the past 50 years, town finances have seen great changes.

Respectfully submitted, **Ruth D. Porter**, Finance Director

## AUDIT FOR YEAR ENDING JUNE 30, 2006

The schedules on the following pages have been extracted from the financial statements of the Town of Scarborough, Maine, a complete copy of which is available for inspection at the Town Office. The schedules included herein are:

Statement 1: Statement of Net Assets

Statement 3: Balance Sheet - Governmental Funds

Statement 4: Statement of Revenues, Expenditures and Changes in Fund Balance - Governmental Funds

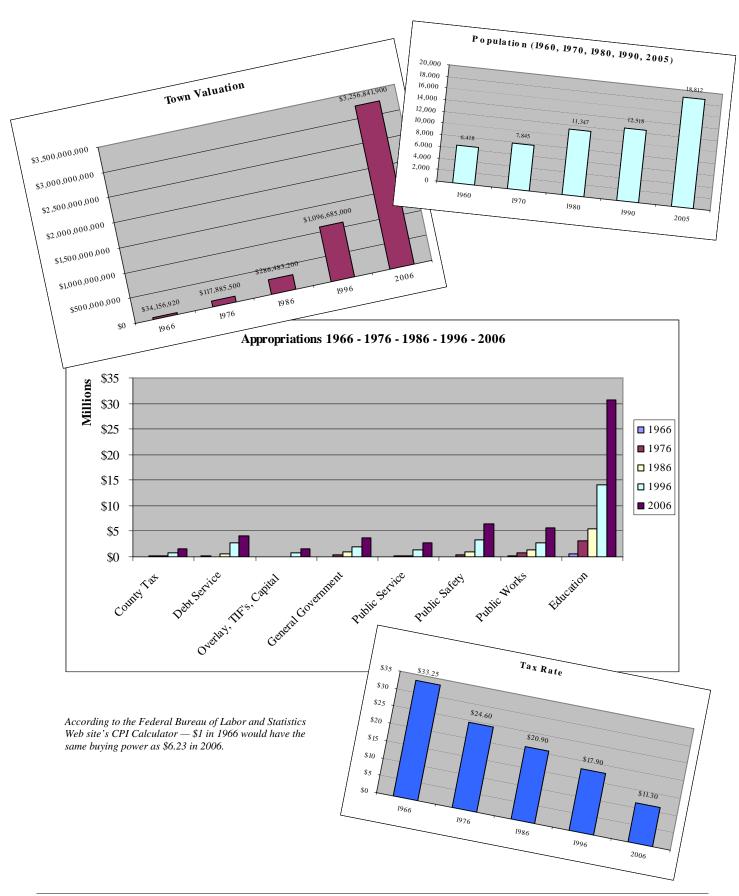

Exhibit A-1: General Fund Comparative Balance Sheets

Exhibit A-2: General Fund Schedule of Revenues, Expenditures and Changes in Fund Balance - Budgetary

and Actual

Exhibit G: Statement of Changes in Long-term Debt

## **EXCISE TAX OFFICE**

To the Town Manager, Town Council, and Citizens of Scarborough:

The Excise Department is responsible for all vehicle registrations. Our staff is here to assist you in registering your automobiles, trucks, snowmobiles, ATV's and boats, and to answer any questions you may have regarding this process. In addition, our office assists South Portland customers on an "as-needed" basis in registering their boats and ATV's.

My first year with the Town of Scarborough has sped by and I have truly enjoyed meeting so many of you. We appreciate the opportunity to be of service to the citizens of Scarborough, and I look forward to many more years of serving our community.

The annual growth of vehicle registrations in our town, and

the state, continues to climb. A State-run program known as Rapid Renewal allows citizens to register vehicles on-line via the internet. This program has been on a steady increase and, as the state perfects its online renewal process, we hope to see accelerated growth in the area. As always, all of the staff in the Excise Office will continue to be here for you with our friendly smiles and excellent customer service.

Elizabeth "Liz" Hernandez Excise Office

Report from the

## **TOWN ASSESSOR**

To the Town Manager, Town Council, and Citizens of \_\_\_\_\_ Scarborough:

Paul Lesperance Town Assessor

This year, the tax rate was set at \$11.30 per \$1000 of value based on a taxable valuation of \$3,256,841,900 for real and personal property as of April 1, 2005. This is an increase of \$1,123,720.21 from 2004, or 3.14%.

In 2005 this office completed a re-valuation of all real estate and personal property. The taxable value in 2004 was \$2,057,589,000 and for 2005 the new total increased by \$1.2 billion or 58.2%. The previous valuations were

based on the tax year of 2001. A re-valuation is required since real estate appreciates by differing amounts over time and locations which create inequities in the tax base, and, by re-valuing all real estate to current market value, the

inequities are corrected. This is the main reason for a revaluation to correct the inequities and assure that all taxpayers pay their fair share. For some taxpayers it is an increase in taxes, for others a decrease, and for some no change in their annual tax.

The total number of taxpayers who qualified for a homestead exemption in 2006 was 4,153; which exempted \$53,956,600 of taxable value.

Taxpayers each saved \$146.90. There were 605 taxpayers who saved \$56.50 since they qualified for the Veteran's exemption. It is important that each taxpayer who qualifies for an exemption file an application with the Assessor's Office. All citizens are encouraged to call or visit our office so that we can determine if you qualify for any exemptions and make sure the proper forms are completed.

The tax year of 1958 had to have been busy for the Assessor's Office. This was the 1<sup>st</sup> year that tax maps were completed and a town-wide re-valuation, all in the same year. The 1957 taxable valuation was \$4,309,525 and in 1958 the new valuation was \$25,940,879. That was an increase of 602%. The taxable valuation in 2005 is \$3,256,841,900, a major increase in 47 years. In 1958 the tax rate was \$21.60 with an appropriation of \$564,220, and

(Continued on page 22)

(Continued from page 20)

in 2005 the tax rate was \$11.30 with an appropriation of \$36,802,313. In 2005 the highest single taxpayer's assessment was more than twice the total valuation of the town in 1958. In 1958 the schools were 61% of the appropriation, County was 3%, and all others was 36%. In 2005 schools were 62%, county 4% and all other 34%. The valuation is up 125 times and the appropriation is up 65

times, yet the breakdown of each tax dollar is quite similar.

As always, I and my Administrative Assistant Sara Salisbury and Assistant Assessor Susan Russo are available to all citizens for any questions you may have concerning your valuation or property tax.

Respectfully submitted
Paul G. Lesperance, CMA, Town Assessor

Report from the

# TAX COLLECTION OFFICE / MUNICIPAL BEACH REPORT

To the Town Manager, Town Council and Citizens of Scarborough:

The following is the annual report from the Scarborough Tax Collection Office and the Municipal Beach Report for the Fiscal Year July 1, 2005, through June 30, 2006. The table below shows the revenues for both seasonal and daily beach passes along with boat launching fees that were collected for the fiscal year period. This is the second fiscal year that formal boat launching fees were collected. The following pages show the uncollected real estate and personal property taxes for this same period.

Respectfully submitted,

Wendy Frazier, Deputy Tax Collector / Treasurer

Grand Total July 1, 2004, through June 30, 2005 \$187,598,79					

The State of Maine encourages all visitors at all beaches to carry out what you carry in.

Scarborough has made available rubbish containers in and near the parking areas of all local beaches and recreation areas.
Please take the time to use them.

Keeping our beaches and parks clean is a "quality of life" issue we all need to be aware of. Your cooperation on this matter is greatly appreciated.

The containers are emptied by the Community Services Department during the summer and winter months.

Thank you for using them.

## PLANNING DEPARTMENT

Joseph F. Ziepniewski Town Planner

To the Town Manager, Town Council, and Citizens of Scarborough:

The past fiscal year has been busy and interesting as the Planning Department reviewed development plans, worked with the Planning Board, and oversaw both Code Enforcement and Engineering.

The Planning Department, with the Comprehensive Plan Committee and Planning Decisions, completed our update to the Comprehensive Plan. The Comprehensive

Plan Update Committee held a series of public information feedback sessions and public hearings throughout the fiscal year on the new Comprehensive Plan. The Committee adopted the 2006 Update of the Comprehensive Plan on May 30, 2006. The Comprehensive Plan was adopted by the

Town Council on July 19, 2006.

I would like to thank our staff – Town Engineer James Wendel, Assistant Town Planner Daniel Bacon, Chief Code Enforcement Officer David Grysk, Code Enforcement Officers Carroll Shepard and Tom Reinsborough, and Secretary Carole Logan.

I would also like to thank all the members of the Comprehensive Plan Update Committee and particularly Richard Shinay, Chair, and Sylvia Most, Vice-Chair, for their leadership through a lengthy but productive process.

Other members of the Committee included: Susan Auglis, Jamie Brown, Charles Callahan, Elliott Chamberlain, John Chamberlain, Peter Crichton, Pat Doucette, Glenn Grant, Jack Kelley, Elizabeth McCann, Doug McKeown, Dave Merrill, Chad Reed, and Analee Rosenblatt;

Staff members: Dan Bacon, Tracey O'Roak, Joseph Ziepniewski, and Planning Decisions.

Respectfully submitted, **Joseph F. Ziepniewski**, AICP Town Planner

## **ZONING BOARD OF APPEALS**

To the Town Manager, Town Council, and Citizens of Scarborough:

During the fiscal year 2005 – 2006 the Scarborough Zoning Board of Appeals acted upon 46 appeals.

Of those 46 appeals, two Practical Difficulty Appeals and one Administrative Appeal were denied. The Zoning Board of Appeals granted five Practical Difficulty Variance Appeals, two Miscellaneous Appeals, 16 Limited Reduction of Yard Size Appeals, and 20 Special Exception Appeals, for a total of 43 appeals approved.

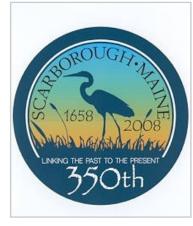

Respectfully submitted, Patrick Dryzga, Chairman Zoning Board of Appeals

# COUNTDOWN TO SCARBOROUGH'S 350TH ANNIVERSARY

The count down continues to Scarborough's upcoming 350th Anniversary in 2008, which as of the printing of this report is just a little over a year away. Scarborough 350th Committee's *Mission Statement* sets the tone for the upcoming festivities:

"Celebration 2008 – A celebration of pride in our Town's 350 years of history that will unify our diverse community. We will plan events where young, and old, generational and new residents can mingle in an informational and affordable atmosphere."

The 350th Committee is currently working on planning events that will act as fundraising mechanisms for the anniversary celebration in 2008. In addition, the Committee is working hard on soliciting donations and contributions for the 2008 celebration events.

Logo designed by members of Joanne Allen's high school art class

The Friends of the 350th has been established as a non-profit entity so any contribution or donation that is made will be classified as a gift or contribution under IRS regulations and may be tax deductible. Please contact any member of the Committee for more information on making a contribution.

The 350th also has a number of items available for sale as part of their fund-raising drive. The newest will be a book entitled **Scarborough At 350: Linking the Past to the Present**. The description on the 350th's Web site states:

"The book promises to provide an intimate and fascinating look at the Town of Scarborough as it celebrates its 350th Anniversary and will featuring the works of a team of talented volunteer writers, historians, and photographers, the book will be a compilation of facts, personal remembrances, and much, much more, from maps, photographs, and artwork, to reports on the first settlers to an in-depth account of today's thriving Town of Scarborough. For residents past and present, this book will make you proud of your connection to the town and its people. For everyone else, this book will engross and delight."

You can order the book and other items by visiting the 350th's Web site at <a href="www.scarborough350.org">www.scarborough350.org</a>, by contacting a member of the 350th, or by calling the Scarborough Town Clerk's Office at 207.730.4020 for more information.

You may visit the Web site of the 350th Committee either by clicking the link from the home page of the Town of Scarborough, <a href="www.scarborough.me.us">www.scarborough.me.us</a>, or by going directly to their Web site at <a href="www.scarborough350.org">www.scarborough350.org</a>. There are numerous fund-raising events that have begun to help raise funds for the 350th Anniversary Celebration in 2008. Please visit their Web site to find out more about what is and will be happening and find out how you can help them and your community. The members of the 350th Committee are:

Alan Cardinal	Patricia Dunn	Mark Farley	Susan Higgins
Tody Justice	Candy Macomber	John McDonough	Sylvia Most
Richard Murphy, Jr.	Helene Plourde	Carol Rancourt	Annalee Rosenblatt
Susan Snow	Dale Temm	Karen Vachon	Judi Clancy, Event Planner
6-vacancies as of 1-2007			

To find out more information on how you can help by volunteering to be a member of the 350th Anniversary Committee, please contact the Scarborough Town Clerk's Office by calling 207.730.4020, visiting Scarborough's website at <a href="https://www.scarborough.me.us">www.scarborough.me.us</a>, or emailing the Town Clerk at <a href="https://wjustice@ci.scarborough.me.us">yjustice@ci.scarborough.me.us</a>. There is still a lot of work to be done to plan our 350th Anniversary in 2008 and we need your help and participation. We have also included forms, on the following page, that you may use to either volunteer to be a member of the 350th Anniversary Committee or contact a member of the Committee for more information about making a contribution.

## 350th Anniversary **Committee Application Form**

The Town of Scarborough is responsible for appointing members to several standing committees and other committees organized to work on specific issues within stated time frames. The Appointments Committee of the Town Council is responsible for reviewing applications from interested residents and making recommendations to the full Town Council for appointments to the various committees. Please consider volunteering! Serving on a committee is a wonderful way to learn more about our community, meet our neighbors, and contribute to our Town's success. Thank you.

Please make any donations payable to The Friends of the 350th, which has been set-up as a non-profit group under

the Maine Non-Profit Corporation Act; donations may be tax deductible.

# SCARBOROUGH ECONOMIC DEVELOPMENT CORPORATION

SEDCO (Scarborough Economic Development Corporation) was incorporated in 1985 by the Scarborough Town Council as a non-profit development corporation to manage its economic development program.

Harvey R. Rosenfeld President, SEDCO

## To the Town Manager, Town Council, and Citizens of Scarborough:

It is with great pleasure that I submit the annual report for the fiscal year July 1, 2005, through June 30, 2006, on behalf of the Board of Directors and the staff of the Scarborough Economic Development Corporation (SEDCO).

- Introduction: SEDCO has been serving Scarborough and its business community for more than two decades. SEDCO is in its third year at 7 Oak Hill Terrace, located adjacent to the Post Office. SEDCO continually updates its Resource Room, which is filled with brochures, business cards, and products from local businesses, in addition to information on state and federal resources and financial institutions. As always, please feel free to come in and browse or drop off information about your business.
- Past v. Present: In order to gauge just how much the Town is changing from an economic development standpoint, below are some statistics comparing the Town in 1980 to the Town today.

#### Where we were (1980):

Valuation of \$250 million Population of 7,000 400 businesses 22 active gravel pits 70 motels Characterized as a "rural community"

#### Where we are now (2006):

Valuation of \$3.2 billion Population of 19,000+ 1,100 businesses 10 active gravel pits 22 motels One of the most desirable suburbs in Southern Maine

As you can see from these facts, where Scarborough was once primarily an agrarian society and a tourist destination, today, while still a summer tourist destination, Scarborough has grown dramatically, both in population and in the number of businesses. The manufacturing, medical, and biotech industries are rapidly growing in Town, and, along with new retail, service, and hospitality ventures, are a welcome addition,

in that they provide good jobs and access to the residents of Scarborough and increase the Town's tax base in a positive way.

• Commercial Areas in the Town: Throughout the Scarborough Industrial Park, the Pleasant Hill Road area, the Enterprise Business Park, and up and down Route One and Payne Road, new businesses are coming in and existing businesses are expanding and flourishing. In the past year alone, construction has begun on the huge Scarborough Gallery project off Spring Street, which will house the Super Wal-Mart, Lowe's, Red Robin, and more; Ira Rosenberg's beautiful state-of-the-art Mercedes Benz dealership opened on Route One; Maine

RAM Management

Medical Center broke ground for a new ambulatory care center on Route One; the Centervale Antiques building on Route One was sold to developer RAM Management for its new headquarters; and many new and diverse businesses located in Scarborough, including bei capelli, Freaky Bean, Speranza Systems, Biddeford Savings Bank, Nationwide Payment Solutions, and more. As

(Continued on page 31)

## Report from S.E.D.C.O.

(Continued from page 29)
evidenced by the number of new projects in Town,
Scarborough's business community is certainly
expanding at a rapid pace.

• Haigis Parkway: The infrastructure for the Haigis Parkway is completed. Two projects are in the works for this area, both of which are helping the area gain national recognition. One began as a large destination sporting goods retailer looking to locate in Maine and evolved into a proposed 70-acre mixed-use project, bringing the possibility of 800 new jobs to Scarborough. The other is a high-end multiple tenant retail facility. Due to the Parkway's location, having its own Maine Turnpike exit, its close proximity to the Portland Jetport, Route One, and 295, and the city and port of Portland, the area is a

Nationwide Payment Solutions

highly attractive location. We are working very hard to ensure that the right kind of high-quality businesses locate on the Parkway. The Haigis Parkway area is now referred to as "Scarborough's Professional Gateway" and the national marketing and ad campaign is currently underway to attract developers to the area. The Web site for Scarborough's Professional Gateway is: www.scarboroughsprofessionalgateway.com

- What SEDCO does: SEDCO continues to work with local businesspeople to help them create or expand their businesses in Scarborough. SEDCO fields hundreds of phone call and e-mail inquiries each year. SEDCO is also always eager to schedule introductory meetings with businesspeople, to introduce them to the Corporation and let them know exactly how we can help, and what services we provide. In addition, SEDCO deals with site location requests, financial assistance inquiries, business plan help, and provides demographic and general information on Scarborough. It is SEDCO's goal to aid entrepreneurs to determine the best possible way to plan, develop, and grow their business. SEDCO also assists Town Departments and Town Committees and facilitates meetings between the departments and business owners and developers.
- **SEDCO Publications:** Quarterly SEDCO publishes two

newsletters: Sites and Business Bulletin. Sites is sent out to commercial realtors, economic developers, financial institutions, and appraisers in the Greater Portland area, and has a full listing of properties available in Scarborough. Business Bulletin is a summary of recent business events that have occurred in Town, and also has a listing of newly opened businesses; it is sent to all 1,100 businesses in Town, as well as various public officials. Also, the Corporation maintains an up-to-date listing of available space for lease and land and/or buildings for sale or lease in a user-friendly binder in its office; anyone is welcome to come and peruse the listings. In addition to these publications, SEDCO continually updates the Scarborough Business Directory. which contains information on all 1,100+ businesses in Town. This Directory is available in hard copy, on CD ROM, and in a label format. SEDCO also provides a Scarborough Lodging Directory, which is a brochure that lists all motels, hotels, inns, campgrounds, and cottages for rent in Scarborough.

• Economic Development Incentives: Scarborough has not taken the traditional economic development approach of fast-cash incentives to attract new businesses. Rather, we have developed a set of policy-based alternative incentives that benefit the community as a whole, rather than merely individual projects. Some of our alternative incentives include: Location (ease of transportation and

Prime Motors Mercedes Benz, under construction

geographic proximity to Portland), large land area, lowest tax rate in Greater Portland, quality of life, highly developed infrastructure, high bond rating and relatively low bond indebtedness, well-articulated design standards, and a positive financial environment. These alternative incentives have eliminated the need for special interest bonuses or benefits. They also capitalize on our economic advantages to create opportunities that attract affluent, financially capable, well-educated, and well-supported business customers who bring a level of aesthetics that is compatible with our desire to continually improve the Town.

(Continued on page 32)

(Continued from page 30)

- Quality of Life: We are interested in attracting businesses that will not deteriorate our quality of life. We are a suburban community that is looking for a certain amount of high-end industrial and commercial development, such as bio- and high-tech research and manufacturing, corporate offices, and a certain amount of retail and hospitality. We are always interested in public-private partnerships to facilitate effective economic development projects. We are also especially interested in businesses that provide higher-salary jobs with good benefits.
- The Future: Our Economic Development Plan for the Future will be to continue to develop the philosophy of offering alternatives to traditional incentives, and our hope is that the Town of Scarborough will continue to lead Maine in quality economic development. The Town will strive to do this by maintaining its presence in the interconnected world of economic development and by maintaining and improving the existing level of effort that allows us to keep the non-residential tax base at a level of at least 25%. We must be prepared to respond in innovative ways to changing technology and evolving trends in the world economy. It is our goal to
- institute practices to create a commonly held vision of our Economic Development plan. The ongoing updating of the Comprehensive Plan offers a vision of the future that includes preserving our cultural, natural, and historic resources, while encouraging new areas for business location and development. Our economic development plan recognizes globalization and inevitable change to continue to make Scarborough a better place for both those who live and work here.
- Contact Us: We invite the business community and potential start-ups to contact SEDCO at (207) 883-4893. We are truly a unique service funded by the Town of Scarborough. Consultations with SEDCO are confidential, and there are no charges for our services. We look forward to working with you!

Respectfully submitted,

Harvey Rosenfeld, SEDCO President

Report from the

## POLICE DEPARTMENT

To the Town Manager, Town Council, and Citizens of Scarborough:

It is with great pleasure that I submit the annual report of the Scarborough Police Department for the Fiscal Year 2005-2006.

Robert A. Moulton
Police Chief

In preparing this year's annual report, department heads have been asked to look back approximately 50 years and compare what their departments look like today versus 50 years ago. In doing that I had the opportunity to look back at departmental records, archives, and annual reports. I found it quite interesting that, although things were certainly different, there are also some striking similarities.

#### **PERSONNEL**

During this fiscal year we had two police officers leave the department to pursue other interests. Officer James O'Brien left the department to expand his property management company. Jim had been with the department since 1999 and was a member of the motorcycle unit. Officer Scott Corey also left to join the Auburn Police Department after moving

to that area earlier in the year. Scott had been with the department since 2003.

We were very pleased to be able to fill our vacancies with two quality officers. Officer Rob Pellerin came to us from the Saco Police Department and Craig Hebert joined our ranks after serving with the Waterville Police Department. Both of these officers have done very well and have proven to be valuable assets to the Scarborough Police Department.

Having these two officers aboard brought us back to our authorized strength of 32 officers. By comparison, the 1956 annual report lists nine officers.

During this period, Lead Dispatcher Jay Sanborn also left to pursue his own business. Jay had been with the department since 1992 and had been a lead dispatcher since 2001. Jay was replaced by Andrew Flynn who has been involved with the department in a number of different capacities. Andrew has served as both a Sergeant and as a Captain in the department's Explorer Post, as a beach attendant, part-time dispatcher, reserve police officer, and even filled in for a time as the department's custodian while that vacancy was being filled. We are fortunate to have this fine young man in our ranks.

Hiring Andrew brought us back to our authorized strength of 10 public safety dispatchers. In 1956 police dispatching

(Continued on page 33)

## Report from Police Department

(Continued from page 31)

was done by the Maine State Police at their barracks located on Route 1 in Dunstan.

#### **COMMUNITY POLICING**

I feel very strongly about Community Policing and we have worked very hard to reach out to the community in a number of different ways. Our Community Resource Officer, Joe Giacomantonio, has worked tirelessly to initiate and maintain programs for the citizens of Scarborough. Although information about all of our programs is available on-line at <a href="https://www.scarboroughpolice.com">www.scarboroughpolice.com</a>, I would like to mention just a few of the ways in which we interact with the community.

- School Resource Officers through federal grants we have been able to assign officers to both the high school and the middle school. These programs have been tremendously successful and have given us a real opportunity to interact with the young people of Scarborough as well as to keep our schools safe.
- Explorer Post we are proud to maintain an active Explorer Post which has been the recipient of numerous awards for its accomplishments and contributions to our community. The Explorer post is for young people ages 15-21, and its intent is to educate youth in law enforcement, community service, supervision, and team skills.
- TRIAD is a partnership between the police department and the town's senior population. Senior Americans are the fastest-growing segment of our population. Increased life expectancy is leading to new challenges for law enforcement. The types of calls for service we handle, the crimes, and the victims are also changing. With these changes, the Scarborough Police Department will strive to meet these challenges and enhance the quality of life for seniors in the Town of Scarborough.

The Scarborough Police Department and Scarborough TRIAD are working with many public and civic organizations within our community. With these partnerships, our seniors and Scarborough police officers will be better trained to handle the everchanging challenges of our community.

• VIPS (Volunteers in Police Services) – We are very fortunate to have a very active group of VIPS who are dedicated to enhancing the individual and collective safety, general welfare, and quality of life of all citizens of the Town of Scarborough. This is achieved by providing direct support to the Scarborough Police in any function that can be safely and legally conducted by a civilian volunteer.

Although none of these programs existed in 1956, it is very clear in looking through the daily journals that Community Policing was alive and well. Although the practices did not come to be labeled as "Community Policing" for many years, there is no question that the principals were being

practiced on a daily basis. Many of the notations in the journals made by the officers concerning calls that dealt with young people who may have been mischievous read "had young person(s) and their parents to my home where the situation was discussed and handled." You can only use your imagination as to what the "handled" entailed and whether it was the officer or the parent that did the "handling." There is also a general sense of community that rings loud and clear in these journals.

#### GROWTH

As I write this annual report there is a community buzz

about the recent news that the Scarborough Gateway project looks like it will come to fruition. This is a \$100 million project that involves the construction of a major (Continued on page 34)

(Continued from page 32)

retail sporting goods store along with hotels, restaurants, and a number of other retail spaces to be built over the next

number of businesses, individuals that I have spoken with estimate that it was most likely well less than 100 and that many of those were seasonal.

TYPE OF CALLS	1956	2006	INC.	% Inc.
Arrest/Citations	242	2,729	2,487	1,028%
Total Calls	104	21,552	21,448	20,623%
Burglary	14	73	59	421%
Suicide	1	1	0	0%
Accidents	12	918	906	7,550%
Natural Deaths	2	7	5	250%
Mental Health Issues	3	56	53	1,767%
Population	6,000	18,500	12,500	208%
Businesses	50	1,200	1,150	2,300%
Officers	9	32	23	256%

18 months. This project will serve as the anchor for the Haigis Parkway and will undoubtedly lead to commercial expansion along the entire length of the parkway. This

is just one of many commercial and residential ventures which are taking place throughout the town.

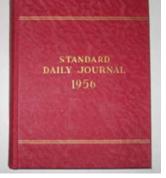

At the present time there are well over 1,200 businesses in town and a year-round population that is getting ever closer

#### CALLS FOR SERVICE

The 1956 annual report also refers to the number of cases handled (104) and the number of citations for traffic violations (242). Further exploration of the daily journals provides a breakdown of the 104 cases handled. By way of comparison, I have pulled corresponding 2006 numbers from our computer system and show the comparison table noted in these pages. I have also contrasted these numbers with the corresponding population, businesses, and number of officers. It is hard to believe that the complete records for the entire year 1956, including investigative notes, fits in one daily planner book with many empty pages. By comparison, the

information stored in our computer systems for the 05/06 fiscal year, if printed out, would most likely be in the hundreds of thousands, if not millions of pages.

In summation, I would say that the Scarborough Police Department is much the same as it was in 1956 with respect to our efforts to provide a safe, and healthy

Changes in record keeping 1956 to 2006

environment for its citizens. Members of the Police Department take their role within the community very seriously, and have pledged via our mission statement to work diligently to enhance the quality of life here. I am

very proud of the Scarborough Police Department and wish to thank the many officers who came before us. Their wisdom. vision, and pride shaped the Scarborough Police Department

Cruisers Circa 1950's to current 2006

to 20,000. I found it interesting that in the 1956 annual report there was discussion about the need for increased police coverage given the fact that the town's population would top 6,000. Although there was no notation about the

into a department that we can all be proud to be members of.

(Continued on page 35)

(Continued from page 36)

While I have mentioned a few of the employees of the Scarborough Police Department who have taken on new jobs, challenges, and responsibilities in the past year, I would also like to take this opportunity to thank all of the department's employees for their hard work and day-to-day

commitment to this community. I would also give a special thanks to all of the other town departments and employees who work hand in hand with us to ensure that Scarborough remains a special place to live and work.

Respectfully submitted,

Robert A. Moulton, Police Chief

Changes in Police Equipment 1956 to 2006

Report from the

## **ANIMAL CONTROL OFFICER**

To the Town Manager, Town Council, and Citizens of Scarborough:

Chris Creps Animal Control Officer

The theme for this year's annual report is a look at changes from our Tri-Centennial in 1958 to 2006 and where we are today.

The animal control laws have changed quite a bit since 1958; the following is just one of those changes.

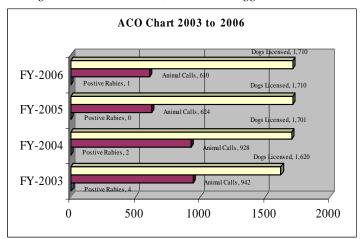

Collection of dog taxes are what we now know today as dog licenses.

"The Board of Selectmen has voted to follow the law in the collection of dog licenses. The Keeper of an unlicensed dog is SUBJECT TO ARREST at any time after June 1, as provided in the following section of State Law. Chapter 100, sec. 14, R.S., 1954."

"Municipal officers will serve a warrant within 10 days after the first of June, and will make the warrant returnable by the first of February. All dogs not licensed by this time within the city, town or plantation, will be sought out and the owners served a summons to court. Such court may order police officers or constables to sell, give away, kill or caused to be killed each such dog that has been detained for a period of six days, if the dog has not been licensed, collared or tagged."

Animal Control Officer The present dog license laws are not as harsh, as the penalties are monetary fees attached for being late on licensing your dog. Owners of dogs renewing the license(s) after the end of January 31st will be charged an additional \$15.00 late fee to the cost of the original license. After April 1st, a warrant notice will be served to all dog owners that have failed to license their dog, and there will be charged a \$25.00 late fee in additional to the original dog license. Owners who have not licensed their dog(s) within 10 days of receiving the warrant are subject to be summonsed to court.

Respectively submitted, Chris Creps, Animal Control Officer

## HARBORMASTER MARINE RESOURCE OFFICER

To the Town Manager, Town Council, and Citizens of Scarborough:

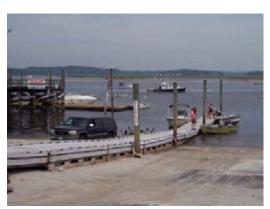

I respectfully submit this annual report as the Harbor Master and Marine Resource Officer for the Town of Scarborough for the year ending 2006.

This year has seen a large increase in all facets of activity in the Pine Point area. Two large economic factors are helping with this increase in tourism

Boats in the Harbor

and recreational fishing. One is the price of gas which is forcing people to stay closer to home and, as a result, they are discovering Pine Point and the many recreational opportunities that it offers. Additionally, the growing strength of the Canadian dollar is luring many visitors from

Boat Launch at the Co-Op

This is the closest
Atlantic beach for most
Canadians and affords them an opportunity to enjoy what we enjoy on a regular basis.

the north.

Because of this increase in tourism, combined with the impressive number of fishermen and lobstermen, the use of our resources and facilities has increased dramatically. On busy days the area from the Co-Op to Hurd Park is lined with tourists. People are attracted by the availability of the Town facilities open to the public. The addition of the second boat launch has helped to alleviate some of the pressure of launching boats. Many people have now discovered the ease of using the boat launch, and, factoring in its convenient location, we have now created a solid base of regular users, not only from this town and nearby towns but from the New England area as well.

Warm days transform this area into a populated area

quickly. It is recommend that visitors arrive early on

holidays and weekends since parking is limited during these peak times. The Scarborough Community Services Department has done a wonderful job in continuing to maintain the

> parking areas and keep the beaches clean.

The dock area at Pine Point is growing into a busy and exciting place. Fishermen line up to load and

Dave Corbeau Harbormaster -Marine Resource Officer

unload their catches and supplies. Many families and visitors dangle bait off the side to catch crabs, and at the end of the pier many people can be found casting off or merely taking in the sights of marine life. The plan for the new and

improved docks is continuing. We have already secured a large amount of grant money, and we are working toward acquiring more funds to complete the project.

We have continued with our participation in the Maine Healthy Beaches Water Testing program. Though many area beaches have been shut down for poor water conditions throughout the State, we have remained open to serve the public. We plan to continue our participation in this program and hope our waters continue to test well.

This year we added a staff member to the Marine Resources

roster. Mike
DiClemente,
hired as the
Assistant
Harbor
Master,
comes to us
from the
Scarborough
Fire
Department
and has an
extensive
background

Looking up the Scarborough River background in marine and ocean experience as he served in the United Stated Coast Guard for 20 years prior to his retirement. I am pleased to have Mike working with us and look forward to making use of his vast knowledge of marine life.

As always, it is a joy to work with the many wonderful people in the Town of Scarborough.

Respectfully submitted, **David Corbeau**

Harbormaster / Marine Resource Officer

## SHELLFISH CONSERVATION COMMITTEE

To the Town Manager, Town Council, and Citizens of Scarborough:

It is with pleasure that I submit this annual report for 2006 on behalf of the Scarborough Shellfish Committee.

The year 2006 was one of the best harvest years for soft shell clams for many years. We were closed just eight days for more than 3 inches of rain. We were also closed most of our spring and summer months for the taking of hen clams and muscles due to the red tide. At this time I would like to thank Chuck Maynard for these facts and numbers, and, for making it possible for our Committee's success. I would also like to thank the following: Pete Angis; Tim Downs; Terry Twomey; Stefanie Dylewski; Bob Willette; Frank P., Joe Delano; John McIntosh; Stan Bailey; and Don Card, of DMR for their work during the year.

Pete Angis is again working diligently trying to get a boat launch on the Spurwink River. He has spent considerable time and some of his own money to achieve this project, which we need desperately.

Thank you to Dave Corbeau, Shellfish Warden, who has always given our Committee 100%. Nice job, Dave.

The Coastal Cleanups went very well this year. The green crab projects, which were all done at night, went way over the top this year with extra hours put in by the diggers over and over their required conservation time. Thank you, all.

Dave Corbeau and Pete Angis went to local schools to make presentations on clamming and all shellfish located in the flats. These presentations were certainly a great success with the children.

Surveys of the flats went well, thanks to Sheldon Blais, Pete Angis, Chuck Maynard, Joe Delano, and others.

Next, I would like to urge everyone including commercial and recreational diggers to join the new MSA (Maine Seafood Alliance). In joining, this should help us get on the same page with DMR (Department of Marine Resources) and this would give us representation that we badly need. Thank you, Stan Bailey, for your help.

We continue to battle with the State and Federal Government on new regulations. We need all the help we can get.

I would like to extend a warm welcome to all recreational and commercial diggers to attend our monthly meetings, which are the second Tuesday of every month at 7:30 p.m. in the Scarborough Municipal Building. I think you will be very enlightened. Some of the diggers even take the time to show residents and non-residents how and where to dig. Everyone loves it, including the vacation people.

I would also like to extend an invitation to the people who never go down onto the flats to please go, take a look, and experience the beauty that is there for everyone to see.

I do not know if everyone is aware of the fact that out of 17 towns in Southern Maine, with shellfish management programs, we came out on top.

Additional information I would like to pass on is that Jones Creek is open every Wednesday and Saturday all year long for clamming. Spurwink River is also open, but only in the winter months.

Respectfully submitted, **Bob Ferron,** Chairman Scarborough Shellfish Conservation Committee

## FIRE DEPARTMENT / RESCUE UNIT / EMA

To the Manager, Town Council, and Citizens of Scarborough:

It is with great pleasure that I submit the annual report of the Scarborough Fire Department, Scarborough Rescue Unit, and the Scarborough Emergency Management Agency for the fiscal year ending June 30, 2006.

## WHERE ARE WE NOW, AND WHERE DID WE COME FROM?

As we approach the town's 350<sup>th</sup> anniversary celebration in 2008 we decided to focus this year's annual report as a reflection on our past while highlight the changes from 1958 to the present. The 1950's were times of significant change in the Scarborough Fire Department primarily due to the very important work of one of our community's true leaders of the day, Doctor Philip Haigis. "Doc" Haigis,

Dr. Haigis, Dr. Flint, Dr. Lowell with the first rescue truck, a 1952 Chevrolet

with the support of the members of the Scarborough Fire Department and his good friends in the Scarborough Lion's

Club, recognized the need for an emergency medical system, and in 1951 they formed the first rescue service in the State of Maine. Doctor Haigis trained those early members in first aid, and in 1952 they purchased our first rescue truck. In our focus year of 1958 the totally volunteer Scarborough Rescue Unit responded to 46 calls, or just short of 1 per week on average.

One of three 2006 Ford / PL Custom Modular Rescue Units currently in service

Contrast that with the modern 2006 modular ambulance that is depicted here. Today the Scarborough Fire Department responds to over 2,200 rescue calls per year, or

over 6 calls each day on average. We employ nine full-time paramedics and dozens of part-time **Emergency Medical** Technicians to fully staff two identical advanced life support rescues from both the Oak Hill and Dunstan Stations 24 hours per day, 7 days per week. We also have a third spare rescue that fills in when necessary and is staffed when needed by call company rescue members that have carried on the tradition from Doctor Haigis's original

B. Michael Thurlow Fire Chief

group providing over 50 years of continuous service to the citizens of Scarborough.

## **GRANT AWARDS**

During the past year we took advantage of a variety of Federal, State, and local grant opportunities to fund programs and equipment so that those costs would not be borne by the local property taxpayer. I am pleased to report that we were very successful again this year by receiving grant awards including:

- Homeland Security Grant funding that provided a variety of public safety communications upgrades, facility security, a credentialing & identification system, and specialized emergency response equipment.
- FEMA Fire Act grants for vehicle exhaust recovery systems in each of our six fire stations, and funding to continue to expand and improve our public fire education program in the schools and throughout the community.
- A State Forestry grant that funded a fire protection holding tank in the Ottawa Woods housing development off Beech Ridge Road.
  - ◆ The purchase of a regional Mobile Communications Van through a combination of Federal, State, and county funding.

### **NEW DEVELOPMENT**

The Fire Prevention Office remains busy reviewing plans for new commercial development, conducting life safety code compliance inspections, and assisting business owners with their

new projects. During the past year two of the largest (*Continued on page 39*)

## Report from Fire / EMS / EMA

(Continued from page 37)

projects reached completion. The first was a major renovation of the Scarborough High School over a period of three years. The second was the opening of the new 440,000-square-foot Postal Distribution Center off Mussey Road. This facility is responsible for sorting all the mail down to the actual rural route sequence for the entire southern part of the state. It includes over 80 loading docks and is staffed 24/7. As those two projects and many smaller ones reach completion, ground is being broken for a new Super Wal-Mart, Lowe's, and a very large residential neighborhood project in Dunstan.

## HIGHLIGHTS AND EVENTS FROM THE PAST YEAR

Here is a brief list of some highlights of activities and projects that the department worked on this past year:

Placed a new pumper in service at Oak Hill station as outlined in the department's long-term apparatus replacement schedule. The new truck is a 2006 Emergency One with a compressed air foam system. This is an almost identical truck to the two newest

2006 Emergency One Pumper Stationed at Oak Hill

pumpers at Dunstan and North Scarborough.

- Expanded our public education program in the schools and throughout the community through the use of an interactive teaching tool called "Sparky's Hazard House."
- Worked with the Town Manager, Police Chief, and our counterparts in Cape Elizabeth, South Portland, and Old Orchard on a regional dispatch consolidation project.
- Received approval from ecomaine (formerly Regional Waste Systems) on a collaborative effort with the Cumberland County Fire Chief's Association to use part of their landfill off the Green Road for a regional public safety training facility.
- ♦ Attended the 95<sup>th</sup> birthday celebration of one of the true visionaries in our department, former Fire Chief Eldred Harmon, on 8/21/05.
- Produced specifications and awarded a bid for the

- construction of a new heavy rescue to replace our 25-year-old Squad 7.
- ♦ Our members collectively logged over 13,000 hours of qualified training during the fiscal year.
- ♦ Dedicated Bette's Park at the site of her former restaurant beside the Public Safety complex on 9/30/05 in honor of her hard work and support of public safety and

Dedication of Bette's Park

public works.

Produced a television public service feature with Shannon Moss of WCSH on residential sprinkler systems, and helped organize a symposium to educate and raise awareness of the importance of residential

outstanding group of dedicated employees who work very hard to provide outstanding community service. Each winter we hold a joint awards ceremony with the police department to recognize dedication and outstanding achievement by our members.

Our dedicated personnel are the key to our success and I would like to thank all of them for their efforts throughout the year. On a more personal note if I may, I'd also like to express how proud I am of my son Michael who joined the Pine Point Company this past year and has already completed his Firefighter I & II certification program. As the fourth generation of our family serving at Engine 4, he is just one example of the long commitment by many of the oldtime Scarborough families who have stepped up to the plate to serve the public and the citizens of Scarborough. Although things have changed a great deal in the 50 years between 1958 and 2008, one thing has not. Generations of our friends and neighbors continue to make the commitment to train, leave on a moment's notice, and be prepared to respond to a wide variety of problems throughout our community. There is a great deal of satisfaction that comes from helping a neighbor in need. I encourage anyone who is interested in learning how you can be a part of this great organization to call our office for more information.

Respectfully submitted,

B. Michael Thurlow, Fire Chief

## PUBLIC WORKS DEPARTMENT

To the Town Manager, Town Council, and Citizens of Scarborough:

Michael E. Shaw Director of Public Works

The Public Works Department logged another year of attending to the infrastructure

Ash Swamp Project

drainage and

enhancements.

guardrail and

adding 3-foot-

safety

Updating

needs of Scarborough. The department completed the Ashswamp Road Paving & Drainage Improvement Project. The project was scheduled in two phases and included paving, drainage, and road realignment from Broadturn Road to the Saco line. Total budgeted for Phase I and Phase II was \$374,000.00. The project was completed at a total cost of \$301,419.00.

The Old Blue Point Road Project was also completed. The construction bid was awarded to R.J. Grondin & Son. Additional improvements to the road, other than reclamation and paving,

Old Blue Point Project Underway

wide paved shoulders will benefit pedestrians and bicyclists who use the road for recreational purposes.

The department was pleased to award the 1st phase of the **Green** Acres Drainage Project to Glidden Excavating & Paving. A

drainage study dating back to 1998 indicated a very

undersized drainage system. The project consists of subsurface drainage, full-depth road reconstruction, and

sidewalks where needed for pedestrian safety. At a total budgeted cost of 1.8 million dollars, the project will yield a product

Green Acres Project

that should last a minimum of 50 years, during which time only minor annual street maintenance will be required.

When we think of town infrastructure, items other than roads and ditches come to mind. The department has made a continuous effort

grants as a way to fund other types of projects. This year we completed Bette's Park located on Route One next to the Oak Hill Fire Station. The park was created using funds acquired through an M.D.O.T. grant. The purpose of their "Community Gateways Grant" is to enhance the appearance of towns by funding green space for

to pursue

Bette's Park

Another grant Public

everyone to enjoy.

Works received will allow us to create a "Tree Inventory

and Management Program." The Project Canopy Grant has been awarded to us by the U.S.D.A. Forestry Service through the Maine Forest Service. It recognizes the efforts of towns interested in saving and increasing the number of street trees within their borders. Our goal is to identify all trees within the town's rightof-way using G.P.S. technology. Public works will catalog the trees in G.I.S. allowing our infrastructure records to be updated as the trees are maintained. The end result will be a more vigorous tree system. The grant covers a period of 18

(Continued on page 42)

Old Blue Point Project Completed

(Continued from page 40)

months.

Public Works continued its efforts to promote recycling in

Photo 1 - Public Works 1964

Scarborough. Sarah Wojcoski, our part-time recycling coordinator, spent time in Scarborough schools working with students on projects designed to demonstrate the importance of recycling. Her efforts, along with those of town residents, resulted in a 20% recycling rate. This rate is excellent for a town without a curbside recycling collection program.

In an effort to further promote recycling in Scarborough, the Public Works Department researched, and submitted to the town council, a proposal to offer **Curbside Recyclable Pickup.** The program would be modeled after the City of Saco's successful automated pick-up service. One major advantage of the Scarborough program would be "single-stream recycling." Single-stream recycling will allow the following:

Photo 3 - Public Works 2006

- ⇒ Residents will be able to place all the recyclables in one co-mingled container
- ⇒ It will be more convenient
- ⇒ It will result in substantial cost savings if only 2 containers per household are needed

⇒ It will increase our recycling rates significantly

The past year has also seen the addition of a standby generator for the Public Works facility. Should we suffer complete loss of power, the 350-kilowatt generator produces enough electricity to keep all systems in the building operational. It is a much-needed asset and guarantees to the residents of Scarborough that the department will be able to continue providing services under the most severe conditions. It also makes us a true "Emergency Response Center," enabling Public Works to provide backup and support to the town's other departments.

Looking at our facility, we at Public Works realize how fortunate we are. In the last 48 years, Public Works has had two other homes: 1) the garage location on the Payne Road, behind the current Dunstan Schoolhouse Restaurant, and 2) the garage on Black Point Road.

Photo 2 - Public Works 1971

The first location was nothing more than a 2-bay garage (see photo #1). Storage was almost non-existent and did not allow for much in the way of opportunity to perform mechanical work. When Public Works moved to the old M.D.O.T. location on Black Point Road in 1971 (see photo #2), we started to function more as we do today. In that facility we expanded our scope of services and started maintaining the town's fleet of vehicles. Until that time, almost all mechanical work was sent out for repair.

We moved to our present location in 1996 (see photo #3) due to a major reconstruction of Black Point Road by M.D.O.T. Our current facility provides an excellent base from which Public Works can support the needs of our fast-growing community.

Along with future town expansion and growth, we will continue to see Public Works expand and grow. We have seen great change in the last 48 years and look forward to what the future holds. It is truly a pleasure to serve the citizens of Scarborough.

Respectfully submitted,

Michael E. Shaw, Director of Public Works

## SCARBOROUGH RECYCLES

## HOW TO PREPARE MATERIALS FOR RECYCLING:

Questions on recycling? Call Scarborough Public Works - 207.883.5159

The *Silver Bullets* for recycling are located for your convenience at these locations: Next to the Bessey School\* located on Route 1, Maine Veterans Home entrance; Hannaford parking lot at Oak Hill; 1st Stop Convenience Store, County Road at Saco Street; Dunstan School Restaurant\* on Route 1; Community Recycling Center, 8 Runway Road (Pleasant Hill area).

\*Note - These 2 locations are the only cardboard drop-off locations.

## **GLASS:**

- All glass bottles, jars (colored & clear) & window glass
- Labels OK; discard lids
- Wash out and rinse
- No light bulbs or mirrors

## **PLASTIC:**

- 100% #1 & #2 plastic, including colored
- No PVC pipe or biodegradable plastic
- Labels OK

## CANS:

- All metal food & drink cans, metal lids (remove any inner rubber rings)
- Wash out & rinse

- · Empty aerosol cans with caps removed
- Please crush to save space

## **MAGAZINES & PHONE BOOKS:**

- Keep clean & dry
- Deposit loose

## PAPERS, NEWPAPERS, PAPER (KRAFT) BAGS:

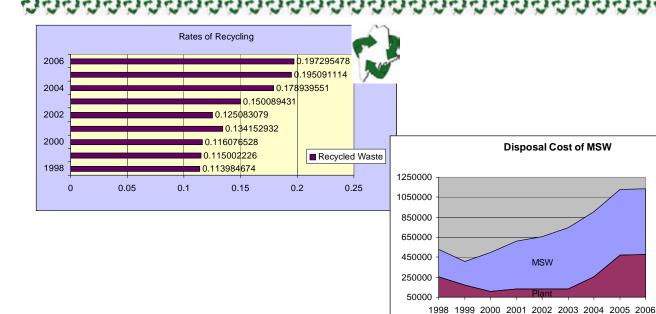

- Newspapers, junk mail, greeting cards, calendars, envelopes, computer/office paper, paper bags, flyers, inserts, school paper
- Leave them loose or in paper bags do NOT tie with string
- Please, no plastic or other paper wrap

### PAPERBOARD:

• Dry & clean paperboard (cereal, rice, cake, cracker, mix boxes, etc.) - Please remove any inside packaging

## SCHOOL DEPARTMENT

## To the Town Manager, Town Council, and Citizens of Scarborough:

We were asked to look back over the past fifty years in preparing our annual reports with the upcoming 350<sup>th</sup> anniversary of Scarborough's founding in 1658. In looking at past minutes for the Board it was interesting to find that discussions relating to overcrowded classrooms, inadequate and obsolete buildings, enrollment projections, new building projects, high school accreditation, and regionalization issues were all on the agenda of the School Board during the year in 1958. Surprised? Probably not, but what is more interesting is that these items were on Board agendas fifty years ago in 1958 -- during the Tri-centennial year in Scarborough.

Yes, there seems to be little new. During the past year, the School Board struggled with the same issues. What to do about an overcrowded Middle School. What to do with a tired and worn-out Wentworth Intermediate School. Dedicating the renovated and expanded High School all were part of the Board's activities. Some fifty years ago in September, 1958, the enrollment in the system was around 1466. This was up about 3.3% from the previous year. The

Architect's Rendering of New High School Entrance

students were housed in 11 different schools, plus 24 students in grades 1 and 2 were housed in a classroom at the Dunstan West Scarborough Methodist Church. Some 332 students were enrolled at Scarborough High School and 350 6<sup>th</sup> through 8<sup>th</sup> graders were at the Bessey School. The newly opened Pleasant Hill School had 163 students in grades J.P. (Junior Primary/Kindergarten) through grade 5.

Property searches were underway for new schools in the North Scarborough/Eight Corners area, as well as in the Pine Point/Blue Point area.

In the fall of 1958, the Town also began discussions relative to regionalization. Unlike today, however, the Board and Selectmen of Scarborough were studying the feasibility of forming a consolidated school district that would be just Scarborough. At that time, the town was part of Union 10 – Scarborough and Cape Elizabeth.

Each town had its own schools and a combined enrollment of 2689. That is about 640 fewer students than are currently enrolled just in Scarborough.

David Doyle Superintendent

The Union had one overseeing School Board made up of the Boards elected by each town. The Union had one central administration with the Superintendent and Assistant Superintendent serving both towns.

During the past school year – 2005/2006 – the School Board was focused on preparing plans for the expansion of Scarborough Middle School and the replacement of Wentworth Intermediate School. Following close on the

heels of the renovation and expansion of the High School, this was going to be a tall order. Both facilities had issues that needed to be addressed. The Middle School was overcrowded – 800+ students in a building designed for 650. Wentworth was old and worn out. It was also a building retrofitted for the age level that was housed in it. It was built as a Junior High, and now was housing 790 third through fifth graders. The condition of the building was such that, when the architects reviewed the cost of renovating the building versus constructing a new facility, the difference did not support renovation.

The cost of the two projects combined was significant – some \$55 million dollars, all funded locally. Yet, despite this price tag, it was decided to go forward with both projects for voter consideration in the November, 2006, election.

While the building projects were a significant part of the year, our real focus was helping our students achieve. In that respect, students in Scarborough continue to perform well above the state average on the Maine Educational Assessments and the SAT, which was required for all eleventh graders in April. No high school our size scored close to us. All our schools continued to meet Federal standards under the No Child Left Behind Act to achieve Adequate Yearly Progress (AYP). In addition, 86% of the class of 2006 was planning to go on for further

(Continued on page 45)

## Report from the School Department

(Continued from page 44)

education, with the vast majority accepted to attend 4- and 2-year colleges.

In addition to excelling in the classroom, Scarborough students continued to do well in extra and co-curricular activities. We fielded State Championship teams in Boys Soccer, Boys Cross Country, Girls Indoor Track, Girls Outdoor Track, Girls Lacrosse, Boys Lacrosse, and Academic Decathlon. No other school in the state had as many championship teams.

Other highlights from the year include the following:

- ♦ The High School Project was completed successfully with the new gym and locker room space coming on line in November.
- ♦ C&C Engineering issued a clean bill of health for the High School after some issues were raised regarding the construction.
- ♦ A successful beginning to the all-day Kindergarten option. It proved very popular and effective.
- ♦ The expansion of the Foreign Language program at Wentworth Intermediate.
- ◆ The sanctioning of a wrestling program at the Middle School.
- ♦ The dedication of the gymnasiums at the High School to Richard A. Plummer, a long-time Physical Education teacher and coach, and to Scarborough High School Alumni.

High School Renovations Underway

♦ The Kiwanis Club donated \$4500 for a scoreboard at Alumni Gym.

- ♦ The Class of 2005 donated \$5000 to the High School for signage and a scoreboard in Alumni Gym.
- ♦ The Scarborough Band Boosters donated over \$4500 for instruments in the High School band room.
- ◆ Joan Frustaci of Fit for Life Gym donated over \$100,000 worth of fitness equipment to the High School.

Ground Breaking for High School Renovations

- ♦ Gilberto Munguia donated over \$13,000 worth of art books to the High School Library.
- ♦ The School Board adopted a new Wellness Policy and appointed an advisory committee made up of several

citizens and staff members to develop and recommend regulations to implement this policy.

- ♦ The Bessey School was turned over to the Town so they could enter into an agreement for the building to be converted to senior citizen housing.
- ♦ Superintendent William Michaud retired to become a student at the University of Maine Law School.

All in all, despite some bumps in the road, it was another successful year for the students of Scarborough.

Respectfully submitted, **David Doyle**, Superintendent

## **COMMUNITY SERVICES**

### MISSION

## **STATEMENT**

It is the mission of

Community Services to provide to the best of our abilities
diverse, safe, quality, and cost-efficient services.
We accomplish this through communication, coordination, and education in a professional and timely manner for the

Town of Scarborough.

## To the Town Manager, Town Council, and Citizens of Scarborough:

It is a pleasure that I submit this annual report to the Town of Scarborough on behalf of the Community Services Department.

Over the past year Community Services has continued to improve the new park located adjacent to the Scarborough Municipal Building. A new program has been instituted in the park called *Sponsor a Tree Program*. Those wishing to purchase a tree and plaque may dedicate it in memory of a loved one with the plaque inscription located next to the tree. This should be a landmark for many years to come. Improvements have also been made to the Pine Point Co-Op area. Money generated from boat launching fees and parking fees go into capital improvement projects for the beaches (i.e., new ramps, new floats).

Another section was added to the Eastern Trail this year. This three-quarters-of-a-mile section was added onto the north end and it was dedicated on National Trails Day in early June of this year. I would like to thank the Desfosses family for working with the Town of Scarborough to make this happen.

Bruce W. Gullifer Director

Community Services has also added a new trail Web site to our page. Anyone may go on-line and check out our current parks and trail systems in town. The Community Services site can be accessed through the town's Web site <a href="www.scarborough.me.us">www.scarborough.me.us</a>. We encourage all residents to print a map and take a walk with family and friends and enjoy what SCARBOROUGH has to offer. Many opportunities await those who want to be active and involved in our community.

Respectfully submitted,

Bruce W. Gullifer, Director

## SCHOOL-AGE CHILD CARE - A STATE-LICENSED PROGRAM

This program provides morning care, afternoon care, and full day care for teachers in service, snow days, and vacations. We serve children in kindergarten through fifth grade. Currently the program annually enrolls approximately 300 children. We provide care at each of the three primary schools within town and are fortunate enough to have our own building known as Bessworth. Bessworth houses three full-time Community Services employees and Wentworth Intermediate School students in Grades 3 through 5. The child care program participates in a variety of community service efforts within the year in conjunction with Project G.R.A.C.E. We host a food drive during the fall, making food baskets for families; in December we collect presents for children during the holiday season; and in the spring candy and snacks are collected in order to make individual baskets.

## **CLUB TEEN**

This program serves teens in 6<sup>th</sup> through 8<sup>th</sup> grades in an after-school setting. Currently the program is housed in rented space within the Scarborough Middle School. Approximately 35 students are provided an afternoon snack and a variety of planned activities daily. In addition to the daily program, we incorporate a number of special events, like pizza and movie night at Bessworth, holiday shopping at the mall, and karaoke. This age group may also participate in full day and vacation camps located at Bessworth.

## **BESSWORTH BEGINNERS**

The preschool class met for the first time on September 5, 2005. As the 3-1/2- and 4-yearolds came through the doors in their nice new school clothes and great big smiles, we directed them to their classroom. You could tell they were excited to be at school. The group was small -- one teacher, three boys, and three girls. In October for Fire Safety month we had a visit from the fire chief and all the children were allowed to explore a large fire engine. Over the coming months there was lots of learning, play, and friendships made. The group continued to grow as new students joined throughout the year. In December we took a trip on the Community Services bus to the Cumberland County Civic Center to see Elmo. The preschool presented to their families and friends one evening in February their own version of the play the "Gingerbread Man." The students worked so hard on their

lines, costumes, and props. After the presentation we all adjourned to the room next door for a dinner of pizza, fruit, juice or milk, and, of course, gingerbread cookies. The play was presented to the Senior Series group the following week, and in April Senior Series invited the preschool to attend a magic show and lunch during one of their meetings. It was nice to see both young and old come together for such a fun event. With spring in the air the group spent lots of time outside on the playground. Children who would not do the monkey bars in September were zooming across them in May. A tea party was held and 16 seniors attended this event. Despite the gloomy weather outside, they played board games, blew bubbles, sang songs, and listened to stories read by the children's librarian, Kristin, from the Scarborough Public Library. Everyone enjoyed their lunch of finger sandwiches, chips, desserts, and an assortment of teas. On the last day of preschool we celebrated with the theme Up, Up and Away. We were referring to the students who were leaving the class for good to move on to kindergarten in the fall. Each student was presented with a certificate and a balloon. They enjoyed cake and ice cream, and, when the parents picked up their children, the teachers were presented with gifts of appreciation for a job well done. We are looking forward to the upcoming 2006-2007 year.

## SPECIAL EVENTS

We participate in a variety of special events throughout the year. In the fall we hosted a Harvest Pot Luck Dinner. Turkeys are donated and cooked in the kitchen at the schools. Families bring side dishes and desserts for everyone to enjoy. We offered a new event in the fall for the preschool students and first and second graders at Bayley's Campground. A man was on hand to draw caricatures of the children in their costumes. Chicago Dogs and Tim Hortons passed out samples. Children received balloons and pumpkins. A hayride with numerous decorations of the season was a delight. During Winterfest, a Wayne from Maine concert was sponsored by the local Saco & Biddeford Savings Bank. Our first craft fair and hot shot competitions were all held on a Saturday. Outdoor activities had to be re-scheduled numerous times due to poor weather.

## SCHOOL VACATIONS

February and April vacation camps are

(Continued on page 48)

## Report from Community Services

(Continued from page 47)

available for all kindergarten through eighth grade students. Vacation camps are held at Bessworth and Wentworth Intermediate School. There are additional fees involved with these programs and pre-registration is required. During February, groups studied a variety of different countries. They participated in arts and crafts, gym activities, and cooking. We went on a variety of field trips, including a full day trip snow tubing at Mt. Abram. April vacation was planned around the theme Colonial America. Students churned homemade butter and made corn bread from scratch. Everyone dressed for the time period with long skirts, blouses, black boots, and bonnets. We went to Norland's Living History Center which is a working farm located in Livermore, Maine. Students participated in three 1-1/2-hour sessions, which included cooking, the one-room schoolhouse, and games of the time.

## **SUMMER RECREATION**

This season started off with a bang. We held a mandatory training for all 45 staff members with Stephen Maguire who has a number of years of experience in the recreation field. He started our program off on the right foot. He re-joined us halfway through the summer for the mid-summer slump. His encouraging words of wisdom and truths re-energized the group through the final stretch. We had a total of 250 kindergarten through fifth grade campers registered on a weekly basis. We continued to offer the Scarborough School Nutrition Snack and Lunch Program to over 60 campers. They also provided us with all the food for our BBQ which was scheduled to be held at Sebago Lake, but because of rain it was held at Bessworth. Thanks to a mostly warm, sunny, and dry summer, field trips to new places like Peaks Island and Bayley's Campground were a huge success. Every Monday afternoon the camp ventured over to Happy Wheels in Portland where the Chicken Dance, Macarena, and Cotton Eye Joe were enjoyed by campers and counselors alike. On our last day of recreation we enjoyed a pizza party, our annual highlight show, and enjoyed ice cream from the ice cream truck.

## MIDDLE SCHOOL SUMMER RECREATION

The Middle School Summer Recreation program again was open to 75 campers. We were able to repeat some of our favorite trips this year, such as Six Flags, paintball games, biking on Peaks Island, and whitewater rafting. Due to low middle school numbers, we were able to offer one whitewater rafting trip to any 5<sup>th</sup> grader from the K-5 program who wanted to participate. We offered a two-day overnight trip to any camper who had completed 8<sup>th</sup> grade. Five girls and two counselors spent a day whitewater kayaking and then slept overnight on an island on Indian Pond. The next morning they met the rest of the middle

school group for a day of whitewater rafting on the Kennebec River.

We also added some new trips to the schedule this year, including Thomas Point Beach and Reid State Park. Although we were not able to go to a Red Sox game this summer, we were able to take a tour of Fenway Park, then spend the rest of the day at an interactive team adventure called TOMB. TOMB is set in a realistic pharaoh's tomb in Egypt. Teams must work together to overcome the pharaohs' challenges to escape.

We were able to complete a couple of community service projects this summer. First, we spent a morning cleaning Pine Point Beach and then we held a bake sale at the K-5 carnival to benefit the Animal Refuge League and PROP.

## YOUTH FALL SOCCER

Community Services has been offering this popular youth program for over 18 years. The program began in 1988 with 60 participants and has now grown to over 70 teams with 850 participants and 150 volunteers. This year Community Services has teamed up with Soccer Maine to offer clinics and training for coaches. The program continues to grow – it now includes the kindergarten age group, Divisions 1, 2, and 3, and the addition of children at the preschool level. A variety of fields are used for practices and games in this seven-week program: Two fields at Memorial Park, two at the middle school fields, four fields at Springbrook, Bessworth, Ice Rink, and the renamed Clifford Mitchell Sports Complex.

## 1<sup>st</sup> through 6<sup>th</sup> Grade Basketball

The 2005-2006 basketball season ran from November until March. A total of 46 girls and boys teams participated in games and practices at the Middle School, Wentworth Intermediate School, and outlying primary schools. This year a new kindergarten division was organized which proved to be very popular. The ongoing assistance, with clinics from the high school coaches and players, offers an ideal opportunity to teach consistent skills at all levels.

## FLAG FOOTBALL (NEW)

In the fall a new flag football program was instituted for 2<sup>nd</sup> and 3<sup>rd</sup> graders. Coaches from Scarborough High School helped to develop this non-contact program in order to introduce and initiate the basic skills for participants at this level. Forty children participated in these Sunday afternoon sessions.

## **SENIOR CITIZEN PROGRAMS**

Since its inception in 2003, Senior Series, a town sponsored program, has played a very important role in the

## Report from Community Services

(Continued from page 48)

programming for Scarborough seniors. People are invited to meet every Wednesday and Friday at the Hillcrest Recreation Center where they can socialize, listen to speakers, eat lunch, go on trips, be entertained, play bingo, and form new friendships. A Senior Series Board, as well as Community Services, oversees the planning, development, and implementation of the activities and events scheduled. A Senior Services Study Committee was appointed by the Town Council to address concerns regarding senior citizens. The group's scope and duties include describing the facility and programming needs of Scarborough's senior citizens, identifying the existing resources available in the community to meet those needs, and identifying resources that need to be developed both in the short term (one to two years) and long term (three to five years) to meet needs that cannot be addressed with existing resources. The information obtained will be used to help lay the groundwork for future programming and services for seniors in this community.

## **CONCERTS IN THE PARK**

A unique collaboration developed in 2006 between Scarborough Community Services and the Scarborough Chamber of Commerce. Formerly held at the Scarborough Library, seven concerts were performed at the Memorial Park gazebo which showcased a mixture of acoustic, jazz, folk, contemporary, and blues music. Two shuttle buses were available to help transport people to and from the parking area while many chose to take a leisurely stroll through the park. Over 2,000 residents enjoyed these Thursday night concerts which were generously sponsored by local businesses. Meetings are well under way to plan another series of this popular program for 2007.

## ADULT RECREATION PROGRAMS

Through the years Scarborough Community Services has continually tried to expand its Adult Recreation program with the hope of meeting the needs of the community. In 2006 we added dodge ball to our Wednesday night open gym lineup, and it was a big hit. Scarborough Community Services continues to offer many programs such as healthline, pilates, yoga, and a variety of open gym activities. We are always looking for new ideas and invite all residents to feel free to contact us with their input.

## **CABLE ACCESS TELEVISION**

Scarborough has two access television stations – "SCTV" Channels 2 and 3. The two channels air live local government and school department meetings and information of interest to town residents. Shows are replayed on the two channels multiple times for days, weeks, and sometimes years. Both channels have running bulletin boards for advertising upcoming events for non-profit organizations.

(Continued on page 50)

## SPECIAL EVENTS

- •Scary Hayride: This season brought a change to this 17-year program. Held once again at Bayley's Camping Resort, the program underwent a transformation with preschool through second graders participating in an afternoon of fall activities. Face painting, pumpkin picking, hayrides, caricatures, and snacks were enjoyed by families with children. The evening was filled with the traditional scary hayride 900 people took this hayride through the woods with scary goblins. Special thanks to all the local businesses and community organizations who continuously contribute to this fun-filled event.
- Winterfest: The winter of 2006 proved to be challenging for the scheduling of Winterfest. After postponing it several times, the event took place at the town ice rink complex with the following activities: Snow sculptures, horse-drawn hayrides, turkey bowling, hot shot and sure shot basketball competitions, snow golf, score-o-contest, skating races, activities at Bessworth, bonfire and hot chocolate, and the annual crowning of the Winterfest king and queen.
- •North Pole Calling: This year 375 privileged preschoolers through 2<sup>nd</sup> graders received a phone call directly from Santa at the North Pole.
- •<u>Bunny Hop and Flashlight Hunt</u>: This event consisted of a day filled with face painting, coloring, games, and having a picture taken with the Easter Bunny. The annual nighttime flashlight hunt brought 3<sup>rd</sup> through 5<sup>th</sup> graders together to search for filled eggs using flashlights. These activities entertained a total of 450 children.
- •<u>Summerfest</u>: This two-day annual event began with a road race and street dance on Friday night. Saturday kicked off with the 350<sup>th</sup> Anniversary Committee hosting a pancake breakfast at the high school and the second annual Art Show taking place in Memorial Park. In addition to the numerous artists, there was a well-attended children's corner and climbing wall. The festivities continued with the evening events taking place at the Clifford Mitchell Sports Complex. Local non-profit groups and organizations contributed by offering many games and activities. The weather cooperated as the evening concluded with the traditional spectacular fireworks display.
- •Shop and Drop: Community Services offered its second year of Shop and Drop. During the holiday season, parents could drop their kindergarten through fifth grade children off at the Bessworth Childcare Building. For a minimal charge, the participants could enjoy planned activities while parents attempted to complete their shopping.

## Report from Community Services

(Continued from page 49)

The SCTV facility is transitioning to using top-of-the-line digital equipment. Live broadcasts will soon be available from the Clifford Mitchell Sports Complex and Scarborough High School. Scarborough access television has four trained personnel who work for the broadcast networks. SCTV prides itself on producing high-quality programming and first-rate coverage of local government.

### SPECIAL EVENTS FUND-RAISING CAMPAIGN

This year Scarborough Community Services started a Special Events Fund-Raising Campaign. This new initiative offered businesses the opportunity to support Scarborough Community Services and the countless activities we provide to the residents of Scarborough. Our campaign was a great success. Scarborough Community Services would like to thank the following sponsors who have so generously contributed to our special events fund-raising campaign. These sponsors are helping Community Services provide

special events to our community, such as Summerfest, Autumn Harvest, and Winterfest. Our sponsors have also played a key role in helping Community Services sponsor concerts at Memorial Park along with the Scarborough Chamber of Commerce.

**Platinum Sponsors** (\$2,000 or more): Saco-Biddeford Savings Institution and Dunkin Donuts.

**Gold Sponsors** (\$1,000 or more): Scarborough Downs, Jay M. Cross of Edward Jones Investing, Scarborough Lions Club, and Sam's Club.

**Silver Sponsors** (\$500 or more): Hannaford Bros. Co., AAT Accounting Services, Prouts Neck Association, and Wal-Mart.

**Bronze Sponsors** (\$250 or more): Terry Brown Builders, Inc., Advanced Women's Healthcare, Mark Diamond, DDS, and Villari's Self Defense Centers.

Report from the

## SENIOR SERIES BOARD

To the Town Manager, Town Council, and Citizens of Scarborough:

The Senior Series Board was established to promote more senior citizen involvement in the programs being offered to them. The committee conducted an Open Forum to solicit input from seniors on issues such as transportation, programming, meeting space, and the need for senior housing; with transportation and meeting space the primary concerns.

The group began using the Hillcrest Recreation Center for programs in the fall of 2005. The building was offered to the group for their use at no charge. The community building at Hillcrest is equipped with a full-size working kitchen, a lounge area, exercise room, pool table, with adequate meeting space for the number of seniors participating, and bingo equipment, along with adequate parking.

The first get-together at Hillcrest was the Open House on September 29, 2005. Since then numerous programs have been offered on Wednesdays and some of the program highlights are listed on this page. Some of the programs were repeated as requested by the participants, and Bingo on Fridays was added to the program offering. In addition, arrangements were made to use the facility on additional days during the week bringing the total days offered to Tuesday through Friday.

The 2005 Senior Social was held at the Hillcrest Recreation Center due to the inclement weather. Many of the health programs offered were presented in conjunction with the Maine Health Learning Resource Center. In addition, several trips were offered and included trips to the Planetarium, Scarborough Historical Society, Jillson's Maple Sugar House, theater trips to the Lyric Theater and Portland Players, along with mystery trips to Delorme/

Desert of Maine, Pineland Farms, and Poland Spring.

The various programs and events provided were chosen by the Senior Series Board and were the result of feedback at a Senior Series Open Forum where participants' input was sought. The cost of the programs varied from free of charge to \$350 with the average cost of a guest speaker or performer between \$100 and \$125. Participants were charged an entrance fee where applicable for trips, with the exception of the Planetarium.

Community Services acquired a 14-passenger ADA minibus for use on the senior trips and for transportation to and from the Senior Series. Bus passes are available to participants for \$10 (which equates to 50 cents per ride).

The Senior Series Board will make recommendations in the future regarding transportation, location of facility for programming, and formation of an advisory council to assist the board.

Respectfully submitted,

Linda Bidler, Senior Series Board

## SCARBOROUGH CONSERVATION COMMISSION

The Conservation Commission has continued its goals of reviewing all projects before the Planning Board, providing education and information to the community concerning natural resources, updating the Commission Web site, and reviewing and commenting to the Ordinance Committee.

We have reviewed all of the development packages before the Planning Board and offered comments concerning natural resources issues. The Planning Board, staff and the development community have been very supportive of our requests and ideas. For example, it is now routine for projects to permanently mark wetland boundaries and is common to exclude lot boundaries from wetland areas. Developers have responded to requests by the Commission and the Planning Board to reduce the visual impact of structures near scenic areas by muting colors and providing vegetative screens.

Our Web site is updated and being added to on a regular basis. Our comments for the Planning Review are now posted on the Web site.

The Commission contributed comments to the Ordinance Committee concerning the Conservation Subdivision Design Ordinance. This new section of the Town Zoning Ordinances, passed by the Council, is a very progressive law which is a positive solution for both our natural resources and developers. The ordinance protects wetland areas from development by allowing increased building density in non-wetland areas. The Net Residential Density remains constant but the housing units may be built on smaller lots. This reduces infrastructure expense for the developer while protecting sensitive natural areas.

Once again the Conservation Commission provided support and supplied the posters for the Scarborough Spring Cleaning, this year expanded to 11 sites throughout Town with more than 100 participants.

The Commission would like to thank the town manager, staff, the town council, local developers and residents for their cooperation and support this year.

I would personally like to thank the members of the Commission: Jeannine Uzzi, Jamie Brown, John Cole, Payson MacCormack, and associate member Laurene Swaney for their service this year. Jamie Brown, who recently moved from the area, has made significant contributions to the Town as a member of the Conservation Commission and the Comprehensive Plan Committee and will be sorely missed. We welcome Dr. Kelley Pendleton to the Commission.

The Conservation Commission has an opening and would enjoy inquiries from residents with a scientific background, natural resources experience, or a strong interest in conservation.

Respectfully submitted,

Paul Austin, Chairman of the Conservation Commission

Report from the

## HOUSING ALLIANCE

This year has been a stimulating one for workforce housing advocates in Scarborough. The Scarborough Housing Alliance formally presented its comprehensive housing report to the Town Council and the Comprehensive Planning Update Committee. Two developers have indicated their support for an integrated approach to workforce housing; and Housing Initiatives of New England Corporation, a non-profit housing group, has leased the Bessey School for a subsidized senior housing project while preserving the historic character of the building. The Town's support in leasing the building for \$1 has helped make this possible.

The Town Council has enacted three other initiatives to assist with creating affordable housing. First, the Town Council established two zones that provide incentives to developers to create affordable units. Second, the town purchased a parcel of land off the Broadturn Road that may be used for both conservation and housing. And finally, the new Comprehensive Plan update includes this vision for Scarborough's Future Housing:

"We will encourage housing of all types and will work to provide affordable housing for teachers, young families, retirees, and local workers."

Typical monthly rental costs are \$1000-\$2000, and average home sales were higher than \$300,000 in 2006. The median family income in the Portland, Maine area for a family of four was \$68,200. The goal of affordable housing is to help create housing that will be affordable to those people who make \$54,000 to \$83,000, which is 80-120% of the median area household income. This translates to houses that cost between \$126,490-\$213,715.

The committee is considering requiring the builders to include affordable housing units in their developments. The Alliance has discovered that, while inclusionary zoning can be controversial, it is vital to successful housing programs. The building of housing for families and individuals who earn incomes between 80-120% of median family income is everyone's responsibility, and it ties directly to economic development. For additional information please refer to the committee's report on the town's Web site for more details of our recommendations. If you are interested in joining our committee or have any questions regarding our efforts, feel free to contact us.

Respectfully submitted, Suzanne A. Foley-Ferguson, Chair

Nancy E. Crowell

Report from the

## PUBLIC LIBRARY

The preparations underway for celebrating the 350<sup>th</sup> anniversary of Scarborough's founding have prompted us to reflect on our past. Founded in 1899, the Library too has a long history. Yet, it is hard to envision a span of time in our past or our future that will include the radical changes experienced by the Library over the past fifty years. These changes have been in response to the growth in population and the influence that technology has had on all of us in our daily life.

Fifty years ago the Library built in 1900 and expanded in 1937, was enjoying the benefits of its second expansion completed in 1953. A third expansion, including a public meeting room and a dedicated children's room, was completed in 1976. In 1990, the library moved to its present location with a master plan to expand the facility by 2005.

This year the Library Board presented a proposal for the expansion of the building. The plan to add 13,000 square feet included expanded collection space, additional seating, separation between quiet and active areas, improved children's and young adult areas, a computer lab and a community meeting room. The project also included technology enhancements and environmentally friendly design features.

The project cost of \$6.75 million was to be funded by a loan from the Town of Scarborough. The Library anticipated raising \$1.5 million toward the cost and organized a capital campaign to begin the fundraising upon approval of the Town. A low-interest \$1.5 million loan was obtained from the United States Department of Agriculture Rural Development Program to reduce the project financing costs.

In June 2006, in an advisory referendum, the citizens voted not to support the project that was presented. The Town Council chose to honor the vote of the citizens and the project planning was halted. Early pledges and gifts to the capital campaign were returned to the donors. The Board committed to a review of options for the future and to engage the community in the process.

While the Library reviews strategies to improve its physical

	1958	1968	1978	1988	1998	2006
Hours open	5	9	39	45	55	55
Collection	8,500	8,863	18,937	28,718	48,957	70,726
Circulation	7,000	5,519	35,707	45,447	129,409	191,627

space, services continue to be provided to a growing and increasingly diverse community. Statistics alone never tell a full story but these numbers from the last half century suggest themes of responsive and appreciated service.

The Library's ability to provide service has been enhanced

by access to technology. With aid from computers and the Internet, we are focused less on ownership and more on ready access to information. Consider the following service enhancements that were implemented on the path to this computer-reliant era and we can appreciate how nimble the Library has become in responding to change.

1976 16-mm film projector (used) was purchased to show children's films

1978 Electric typewriter with half page of memory used for catalog card production

1987 Personal computer added for staff use

1988 Statewide Catalog on CD-ROM available at the library

1991 Computer network installed with volunteer help

1992 Card catalog converted to computer-based catalog

1994 First laser printer (still in use)

1995 Library connects to the Internet and launches first Web site

2000 Library catalog available to citizens from home

2004 Wireless Internet access for the public

This year the future was very much on our minds as we worked on the prospect of an expanded building and the possibilities for new and improved services. We remain dedicated to providing the best services possible in our current space. We appreciate the many ways the community helps with this, from the 36 volunteers who provided 1122 hours of service, to the donors who contributed nearly \$18,000 to our annual appeal. We are grateful to the Friends of the Library who provide programs throughout the year

and who presented our first "One Book, One Community" program with help from the Maine Humanities Council and local businesses.

On behalf of the Board of Trustees and the members of the library staff, I thank Scarborough citizens for their support and welcome suggestions that will help us continue to provide outstanding

service to our community. I encourage you to visit us often, in person and through our Web site.

Respectfully submitted,

Nancy E. Crowell, MLS, Library Director

Report of the

## SCARBOROUGH LAND CONSERVATION TRUST

The Scarborough Land Conservation Trust is a private, non-profit, community-based organization committed to being a conservation leader by providing the knowledge, skills, and experience necessary to preserve land where natural resources, scenic vistas, and historical significance offer unique value to our community.

## To the Town Manager, Town Council, and Citizens of Scarborough:

The Scarborough Land Conservation Trust (SLCT) focused its efforts on two major project areas over the past year: the renovation of Meserve Farm, and a continued emphasis on stewardship at SLCT properties.

In the summer of 2005, SLCT began an extensive renovation of the 150-year old Meserve Farm and attached barn on Broadturn Road in anticipation of leasing the 434-acre farm to a farm tenant. SLCT solicited business plans

from prospective farmers through a 'Request for Proposal' process early in 2006. A proposal review committee made up of agriculture professionals and community members selected John Bliss and Stacy Brenner as tenants after reviewing and ranking a half dozen applicants. In partnership with the Snell Family Farm in Buxton, the Blisses and the Snells

set to work on improving soil productivity as a prelude to their organic farm and small livestock operation expected to be fully operational in spring 2007. Welcome John & Stacy! It will be wonderful to see, once again, active agriculture at Meserve Farm and, indeed, agriculture's presence within Scarborough's landscape.

Stewardship of SLCT properties received equally high priority. In the summer of 2005, SLCT welcomed Stewardship Director Marla Zando as its first professional staff member. Marla's first

responsibility was to oversee a \$54,000 intensive 12-week Maine Conservation Corps (MCC) trail project sponsored in part by the Maine Department of Conservation's Recreational Trails Program (RTP), the Fields Pond Foundation, and the Davis Conservation Fund. The MCC trail project installed over 2300 feet of bog bridge trail at our Libby River Farm, Fuller Farm and Sewell Woods properties. In addition, over 850 feet of new and/or relocated trail was established at Fuller Farm. Visitor kiosks were also constructed and installed at each of these three properties. Working with the National Park Service and a group of students from Bowdoin College's Environmental Studies program, Marla oversaw the completion of

educational posters for Sewell Woods and Fuller Farm. These posters are now mounted for display in their respective visitor kiosks. And, finally, SLCT was successful in being awarded another RTP grant of \$30,000 to fund the continuation of trail improvements by MCC in the fall of 2006. Another significant stewardship accomplishment of note was the restoration and cleanup of the historic Moulton Cemetery at Meserve Farm. SLCT would like to thank Eagle Scout Chris Gregoire and his troop for a job well done—it was no small undertaking.

SLCT also had two land protection successes in the fall of 2005. The first was the acquisition of 6.4 acres of upland adjacent to the 3,190-acre Scarborough Marsh Wildlife Management Area in Scarborough's Pine Point area. This property affords a critical upland buffer to the marsh along with sweeping views of it. Our ability to protect property such as this has become increasingly harder to accomplish as it is aggressively sought

after by homebuyers and brokers. SLCT would especially like to thank the Friends of Scarborough Marsh and the Town of Scarborough Land Bond for their participation in the purchase.

In February, 2006, SLCT accepted a conservation easement on 58 acres of land with significant

Marla Zando at the MCC Trail Project.

frontage along the Nonesuch River. Located between Mussey Road and Route 295, this property is made up of an intact forested riparian buffer which provides substantial benefits for fish and wildlife habitat and serves a critical function in preserving water quality.

While SLCT obtains financial support from grants and publicly available land acquisition funds, we remain largely a donor-supported organization.

My sincerest thanks to all our contributors for making our work possible!

Respectfully submitted, **Laurene Swaney,** President Scarborough Land Conservation Trust

## HOUSEHOLD WASTE COLLECTION SCHEDULE

Household trash must be **curbside at 7:00 a.m.** on the scheduled pick-up day in tied plastic bags or in covered containers; maximum weight per container must not exceed 30 gallons (75 pounds). No commercial waste, large items, cardboard, yard waste, construction debris, or hazardous waste may be placed with household trash.

### PICK-UP AREAS

- MONDAY: Pine Point Road to railroad overpass, Broadturn Road to Maine Turnpike, Payne Road to Milliken Road, Milliken Road to Route One, Route One to Saco line, and back to Oak Hill.
- TUESDAY: All areas north of the Maine Turnpike.
- WEDNESDAY: South side of Route One from Oak Hill to South Portland line and north side of Route One from Milliken Road to South Portland line. North to Maine Turnpike, including Green Acres area and Heritage Acres area.
- THURSDAY: Black Point area, Pleasant Hill area, and Winnocks Neck area.
- FRIDAY: Pine Point Road from railroad overpass, Pine Point, then all of Higgins Beach.
- HOLIDAYS OBSERVED (NO PICKUP): Thanksgiving, Christmas Day, New Year's Day, July 4th.
- Note: Occasionally rubbish collection will not be affected by these holidays. The current policy is to check the contractor's pickup schedule and post a notice outlining any changes. Notices are posted in the *Scarborough Leader*, the *Forecaster*, on the local access channel, the Town's Web site, and at various municipal locations. Because holidays may fall on different days of the week each year, the schedule may also change, so check for notices regularly. On storm days rubbish will still be collected (even if there is no school); only in extreme weather conditions will pickup be cancelled. Cancellation will be announced on radio and TV stations.

### **RECYCLABLE MATERIALS:**

Clear and colored glass, cans, #1 and #2 milky and colored plastic, newspapers, magazines, phone books, paperboard, corrugated cardboard.

### RECYCLABLE MATERIALS DROP-OFF LOCATIONS:

Located next to Bessey School on Route 1, Maine Veterans Home entrance; Hannaford parking lot at Oak Hill; 1st Stop Convenience Store, County Road at Saco Street; Dunstan School Restaurant on Route 1; Community Recycling Center, 8 Runway Road (Pleasant Hill area).

Cardboard drop-off locations are located only at Bessey School and Dunstan School Restaurant.

## TOWN BEACH PASSES AVAILABLE FOR:

## FERRY BEACH

A sandy beach along the Scarborough River channel that is located off Black Point Road, at the end of Ferry Road. There is a municipal parking lot at the end of the road. The beach is somewhat protected from ocean waves by the jetty located on the other side of the channel. The Town maintains the beach area, parking lot, and facilities located there.

The facilities include public restrooms with showers and a public boat launch. There are fees to park in the municipal parking lot and to use the boat launch.

Seasonal passes are available for residents and nonresidents at the Municipal Building located at 259 US Route One. Passes may be purchased for Ferry Beach or a combination pass for both Town beaches. Vehicle registration must be presented at the time of purchase.

FMI call (207) 730-4000.

## PINE POINT BEACH (HURD PARK)

A long sandy beach extending from the jetty at Pine Point to Old Orchard Beach. The beach is both public and private with public access. During the summer months the Town rakes the beach weekly. The municipal parking lot is located on Avenue 5 off King Street. The Town maintains the beach area, parking lot, and the facilities there.

The facilities include public restrooms, showers, and a concession stand; there is no boat launch at this beach. There are fees to park in the municipal parking lot.

Seasonal passes are available for residents and non-residents at the Municipal Building located at 259 US Route One. A pass may be purchased for Pine Point Beach (Hurd Park) or a combination pass for both Town beaches. Vehicle registration must be presented at the time of purchase.

FMI call (207) 730-4000.

## FOR YOUR INFORMATION

## **BIRTH CERTIFICATES**

Birth certificates in the State of Maine can be obtained from:

- 1. The city or town in Maine where the child is born;
- 2. The city or town in Maine where the mother was living at the time of the birth; or,
- 3. The State Department of Vital Statistics located in Augusta, Maine.

The fee for a birth certificate at Scarborough Town Hall is \$10 for the first copy and \$5 for each additional copy obtained at the same time. Call the Scarborough Town Clerk's Office at 207-730-4020 for more information.

## MARRIAGE LICENSES

Residents of Scarborough need to obtain a marriage license from the Office of the Town Clerk to be married in the State of Maine. If you are both residents of Maine but from different communities you may obtain a license from either community. If neither of you are a resident of Maine you may obtain the license in any town or city in the State and be married in any community within the State. For persons who have been previously married, a certified document must be presented indicating the dissolution of the former marriage. The application for a marriage license is valid for 90 days from the date of issuance. The application fee is \$30. Please call the Scarborough Town Clerk's Office at 207-730-4020 for more information.

## **DOG LICENSES**

All dogs in the State of Maine are required by state law to be licensed in the town in which you reside. To license your dog(s), you must present a current <u>State of Maine rabies certificate</u> along with a spaying or neutering certificate issued by your veterinarian. The fee for unaltered dogs is \$10 and for spayed or neutered dogs it is \$6.

All dogs six months of age or older must be licensed each year. A late fee of \$15 will be charged after February 1st and \$25 after April 1st. Call the Scarborough Town Clerk's Office at 207-730-4020 for more information.

## PASSPORT INFORMATION

The Town Clerk's Office has been a certified passport agent since January 2003. We have applications for new passports, for passport renewals and many other forms you many need to get or update your passport. We process passport applications Monday through Friday from 8:00 a.m. until 3:30 p.m. For further information you may visit the following website <a href="www.travel.state.gov">www.travel.state.gov</a> or contact the Town Clerk's Office at 207-730-4020.

## VEHICLE REGISTRATION

New registrations, as well as re-registrations, can be done at Town Hall without having to go to the Department of Motor Vehicles. To register a vehicle, you must have the serial or vehicle identification number (VIN), year, make, model, color, weight, and optional equipment of the vehicle to be registered.

You must also provide the current mileage of the vehicle and proof of insurance. With a new vehicle registration you must also present the bill of sale or dealer's certificate and the application for title. For brand-new vehicles, you must also present the window sticker showing the manufacturer's suggested retail price sticker that was affixed to the window of the vehicle.

Under state law we cannot process your registration without <u>current proof of insurance</u>. Call the Scarborough Excise Office at 207-730-4016 for more information.

## RESIDENT HUNTING AND FISHING LICENSES

Resident hunting and fishing licenses may be obtained from the Excise or Tax Collector's Offices at Town Hall and also online at <a href="www.informe.org">www.informe.org</a>. The cost is \$23 per license.

The cost of a combination hunting and fishing license is \$40. A junior hunting license (10 - 16 years of age) may be obtained for \$9. Anyone over 16 years of age may obtain an adult license after presenting a valid hunter safety certificate. Please call the Scarborough Excise Office at 207-730-4016 for more information
