

STUDENT OF THE MONTH

May 2021

**Oliver
Jacobson**

Oliver is an excellent student, he is hardworking, motivated and dedicated. Throughout the two years I have taught him he has made outstanding progress; he seeks to further develop his knowledge by asking questions and demonstrates a passion for Physical Education. He shows a kind, caring nature to his peers and can offer guidance and reassurances to others. Even when faced with adversity, Oliver shows fantastic resilience and perseverance. He finds a way to keep pushing forward, doesn't make excuses and does so with a positive attitude. I have thoroughly enjoyed teaching Oliver the past two years and wish him every success in the future.

**Mr R Woodward
(Teacher of PE)**

Oliver has an approach to his education that is really admirable; an excellent work ethic, positivity and a "can-do" attitude even when faced with challenges have been his hallmark. As a matter of fact, having taught Oliver chemistry for the last three years, I cannot recall him ever becoming fazed by any obstacle that has confronted him. This coupled with his good sense of humour and willingness to help his fellow students makes him an excellent role model for everyone in our school community and a most worthy recipient of the Student of the Month award. Congratulations on a well-deserved award Oliver.

**Mr A Kennedy
(Head of Sciences)**

Oliver is a lovely young man who is universally praised by his teachers for both his academic achievements and excellent character. Oliver's GCSE year has been a real test of his determination and resilience, but neither a global pandemic nor significant injury could keep him from fulfilling his potential. If this year is anything to go by, I am certain that Oliver has an extremely bright future ahead of him. I am so proud to have this very worthy winner as a member of Rooke House and our Sports Captain.

**Mrs D Perry
(Assistant Head, Welfare)**

Oliver is a mature student. I'm very proud of the fact that he has maintained his positivity and naturally kind demeanour, despite all of the challenges posed by the pandemic. He is incredibly resilient, and he is quietly determined to succeed in his GCSEs and to be happy in life in general. Whatever the challenge, Oliver is ready, even if it does involve choreographing moves to McFly's It's All About You and singing, dancing and generally giving it his all ... in every attempt to help Rooke House finally win.

**Ms E Machin
(Tutor)**
