## We Love the BU Link and Boulder Universal Learning Experiences!!

## <u>BU 9th Grade TAG Student</u> Testimonial:

"I think BU is fantastic for genuine learning - you have the freedom to focus on your work without the social/mental pressures of in-person schooling."

## BU Link 6th Grade Student Testimonial:

"I like being a BU Link student because it is fun and interactive in my 6th grade online classes. From my experience online, the teachers are nicer at BU Link."

<u>Parent Testimonial</u> from parents mostly working from home as an a full-time MSEd., STEM Student and as a full-time Principal Research Scientist:

Our 3 children have been learning online since the start of the pandemic. This year's online learning experience through BU & BU Link has been an **extremely wonderful** experience in comparison to the prior years of remote learning through neighborhood schools for the following reasons:

- Each of my children are happier with their learning experience as BU Students.
- High-quality dedicated teachers for online content classes.
- Well-balance rigorous subject content work integrated with technology, fostering the growth of key twenty-first century skills.
- Well-structured classes with online meet times balanced with asynchronous work times.
- Highly independent learning; parents can work from home.
- Increased happiness from school being only school work and not the difficult social elements.
- All 3 students have already asked to remain with BU Link through the 2021-2022 year
- 2 students (9th and 6th) have decided they would like to remain with BU for the 2022-2023 school year.

## BU Link 4th Grade Student Testimonial:

"These are 3 things that I love about BU Link:

- 1. I can work at my own pace.
- It decrease my risk of getting Covid-19.
- 3. I get to meet classmates from all over Boulder Valley School District!"
