

Message From Principal

October 29, 2021

Hello Samantha Smith Families,

Today was a fun day at school while classrooms enjoyed Harvest Parties. If your family celebrates Halloween, please be mindful that it takes place on a Sunday evening this year. We want students to have fun and enjoy, and we also want them to feel ready to learn Monday morning. Hope you have fun and stay safe!

Reminder that we do not have school, Thursday, November 11th due to observance of Veteran's Day.

Our staff members are not required to check their emails during the evening or on the weekend. **If you need to communicate a positive Covid case, please email me (Mrs. Warner) directly at jwarner@lwsd.org.**

Health Screening:

The vision and hearing screening for Smith Elementary is coming up on November 4th, 2021. If you do not want your student to be screened, please let our school nurse by Wednesday November 3rd. You can email her at mdobre@lwsd.org.

Are you ready for inclement weather?

When emergency conditions such as snow and ice or windstorms result in school schedule changes, the district will notify families directly through our SchoolMessenger automated phone system. You can learn how to know when school is delayed or cancelled on the [School Closures and Late Starts page](#) of the district website. Families with students who ride the bus should watch their mail in mid-November for a postcard with information about their bad weather bus route.

- Here are some other ways to find out about school schedule changes: Pop-up alert on www.lwsd.org and school webpages.
- Flashalert.net – this website allows you to sign up for text messages as well.
- Local TV/radio stations – they get a feed from Flashalert.net of all school schedule change decisions.

Students go out to recess rain or shine. Please send your student daily ready for the weather. Raincoats, rain boots and umbrellas are allowed.

Please help our school stay safe. If your child is sick, keep them home. If your child has any of these symptoms, they must stay home. If they are not kept home, they will be sent home.

- Fever of 100.4 or above (a student does not have to have a fever to have Covid)

- Shortness of breath or difficulty breathing
- Chills
- Fatigue
- Muscle pain or body aches
- Headache
- Loss of taste or smell
