

Vae View Community Council Minutes

October 20, 2020

**Attendees-** McKay Allen, Travis Mackey, Principal Laypath, Michael VanderDoes, Kathi Quantz

Introductions- All in attendance introduced themselves and their families.

**Principal Report-** Principal Laypath shared three areas of focus that the school is working on. These are PLCs, Canvas, and Social Emotional Learning.

**Parent/Community Report-** We discussed ideas of what we can do to stop people from driving their cars in the west parking area (Employee parking). Some ideas were to have volunteers stand and remind the drivers that that area is not a drop off area, and to send out an email as a reminder.

We also discussed Covid-19 and its impact on the school. We talked about how parents are informed if there is a need to quarantine and what would happen if the school had to move to remote learning.

**School Improvement Plan-** We went over the school improvement plan for last year. We amended the budget to hire another reading tutor rather than a behavioral tutor. We also need to check to see if we need to amend the budget for the technology and software related goals. The software/technology was funded through the state/district for what we had planned.

We discussed possible changes for our School Improvement Plan for next year.
