CESIT Course Descriptions (Alphabetical)

Term 3

November 4th to December 14th

2021-2022

Art (Leichtenberg)

We will learn how to draw a croquis. What is a fashion croquis? A croquis is a quick sketch of an ensemble. The fashion model figure is exaggerated with elongated legs, arms, and neck. The average human body is about seven heads tall, but the croquis often span from eight to eleven. Croquis drawing helps to make the body's balance, joints, and limbs all look more natural. Students will create their very own fashion line. Their fashion line must have a name and a style. We will create fall, winter, spring and summer outfits. This Cesit is for boys and girls. We will use our creative expression and be challenged. This is a drawing Cesit. We will each have a book to present at the end of the Cesit with multiple seasons and multiple outfits, including shoes and accessories.
