Gene Temanson (GT)	BVSD
Scott Stevens (SS)	BVSD
Rob Price (RP)	BVSD
DAT Team Members	New Vista

10.19.21-01

Agenda Discussion

- Overview of floor plan
- Exterior design review – Moved to following agenda
- Sustainability – Moved to following agenda

10.19.21-02

Review of revised Floor Plans

- Administration spaces
 - Label the two 'Intervention Office' spaces as general 'OFFICE'.
 - Modify the secured entry vestibule to provide secured transaction window.
 - Sensory calm room to be near the Interventionist and Itinerant suite. Sensory room will be supervised from these offices.
 - Sensory doesn't need to be directly adjacent to counseling. Stairs can connect spaces.
 - Group does not like Sensory Room near front entry.
 - Interventionist private office and conference room should be adjacent to sensory.
 - Spilt the itinerate office space into 2 workspaces and shared conference room.
 - Interventionist, Itinerant and Conference group together.
 - Only 1 full time itinerant at this time.
 - Registrar office needs to be with counseling.
 - Storage can remain with admin.
 - Testing room is not needed in the Counseling suite. Testing can take place in multiple locations.
 - Switch location of health and workroom - workroom to be accessible from hallway without requiring staff to walk through administration suite.

- Counseling would like access to the outdoor space.
- New Vista does not have a full-time nurse.
 - Half time nurse and is staffed the remaining time by admin.
- Keep all the administration offices spaces, but keep them flexible.
- Include coffee bar area in the workroom.
- Teacher Planning
 - Would like staff restrooms not to open into the space.
 - Union handbook does require staff breakroom to be separate from planning room.
 - Add operable glass wall between the two spaces.
 - Staff would like a min. of 20 desks to be planned for the space, plan for 25.
 - Would like area for collaboration in addition to personal desk space.
- Two elevators
 - Not likely a viable option for pricing and not required with one centralized elevator.
- Locate the GNRR so that they are not aligned with gendered restrooms
 - Restrooms should have a stronger sense of separation to be truly considered GN.
- Science Labs
 - Keep science where they are located currently. Until we meet separately with science and discuss the locations and relationships to other spaces.
 - Idea proposed of using STEM for Science curriculum and being able to combine science and STEM into one large lab when needed.
 - Science group does prefer these grouped together. MOA proposing that adjacent vertical circulation can provide that relationship.
- Balcony/mezzanine at auditorium
 - District likes the idea but feel it will be cost prohibitive.
 - District would like to explore idea of flat floor area in main level of auditorium rather than a mezzanine.
 - Flat floor with ability to divide auditorium into two teaching spaces will provide the best flexibility.
- Health and Fitness Studio
 - Discussed concerns of clear height and functions associated with space.
 - Clear height should be fine for the intended use and any other activities that require more height will be programmed as outdoor space
 - Divide Health and Fitness into two studios, Cardio/Weights and a flexible studio with wood floor. Allow access to each space without passing through one to get to the other.
 - Operable wall proposed to allow for separate use of the two spaces
- Classes happening at the same time: do we have enough dedicated spaces?
 - (3) Math
 - (3) language arts
 - (3) science

-
- (2) World language
 - (3) SS
 - Locate some Seminar Rooms so that they can be opened into a classroom size space.

10.19.21-03

MOA

NEXT STEPS FOR DAT #4 cont.

- MOA will provide revised floor plans to next All Staff meeting to share with the group

END OF MEETING MINUTES

MOA ARCHITECTURE will rely on these items as the approved record of matters discussed and conclusions reached during this meeting unless the author receives written notice to the contrary within five (5) calendar days of the issue date of these meeting minutes.
