

St. Joseph School

Illness/Return to School Policy

2021-2022

Any student exhibiting signs of illness, including those listed on the Daily At Home Health Screen Checklist, are required to meet one of the following criteria to return to school:

1. A health care provider's clearance letter to return to school; may indicate a resolved illness or chronic, non-contagious condition.
2. A negative COVID-PCR test result, with resolved symptoms for 24 hours and without using symptom-reducing medication for 24 hours (examples: Tylenol, Motrin, Kaopectate, or cough suppressant.)
3. A mandatory ten (10) day quarantine and resolution of all illness symptoms for 24 hours, without symptom reducing medication for 24 hours.

Signs of illness include:

- Rhinorrhea (runny nose), nasal congestion, "stuffy nose."
- Fever 100.0 Fahrenheit or above
- Sore Throat
- Cough
- Diarrhea or vomiting
- Rashes
- Extreme Fatigue
- Loss of Taste or Smell
- Eye discharge
