

Calvert County Public Schools
1305 Dares Beach Road
Prince Frederick, MD 20678

**Administrative Procedure for Policy #8120 (Community)
Regarding Application Procedures for In-House Use of
the Calvert County Auditorium Facilities**

1. Individual school principals are to directly contact the high school personnel responsible for facility use to schedule any events. It is advisable to make this request in writing, and principals may use the attached In-House Auditorium Utilization Request Form. Please give specific dates and times.
2. No later than two weeks before the school scheduled event, the school principal or a designee must call the high school personnel in order to give a list of technical needs for lights and sound.
3. After receiving the list of technical needs, the high school personnel will assign a technician to assist with the rehearsal and performance. Every effort should be made to assign the same technician to handle both the rehearsal and the performance.
4. Principals are to coordinate the use of equipment (chairs, podium, lectern, piano, etc.) with the high school personnel.
5. Use of choral risers, band risers, and/or acoustical panels must be communicated with the high school personnel.
6. If the school principal needs equipment transported from his/her school to the high school auditorium, the principal must submit a work order to the Maintenance Department. If an individual school has a large amount of props to move, the principal should consider bringing along a building services worker from his/her school to help with the moving. Pianos will not be moved between schools.
