WHAT PARENTS ARE SAYING...

"I wanted to send all of you a sincere thank you and note of gratitude as our daughter completes her first year of high school. **The foundation that you built towards her education was invaluable...**she read through the Odyssey like it was a 5th grade reader and enjoyed it. She referred to the skills you provided her during her **Language Arts** class this fall as her freshman teacher continued to drill them on poem writing and papers...

She often complained how easy her **Social Studies** class was this Spring semester...and breezed through her exams as well as developed a civic action plan... She said her foundation at Aspen set her up for success

She aced **Biology** in one semester and is onto Chemistry and AP Biology next year. ...**The leadership skills she gained from Aspen are beyond expectations....**thank you for being such a significant part of our daughter's education. **You gave her the tools to shine as her true self now and into the future."**
