Independent Auditors' Report

Board of Education
Town of Scarborough School Department
Scarborough, Maine

Report on the Financial Statements

We have audited the accompanying financial statements of the major fund and the remaining non-major fund information of the Town of Scarborough School Department (the School Department), a department of the Town of Scarborough, Maine, as of and for the year ended June 30, 2016, and the related notes to the financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the major fund and the remaining non-major fund information of the Town of Scarborough School Department, as of June 30, 2016, and the respective changes in financial position and the respective budgetary comparison for the General Fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

As discussed in Note 1, the financial statements of the Town of Scarborough School Department are intended to present the financial position, the changes in financial position of only that portion of the major fund and the remaining non-major fund information of the Town of Scarborough, Maine that is attributable to the transactions of the School Department. They do not purport to, and do not, present fairly the financial position of the Town of Scarborough, Maine as of June 30, 2016, the changes in its financial position for the year then ended in conformity with accounting principles generally accepted in the United States of America. Our opinions are not modified with respect to this matter.

Other Matters

Required Supplementary Information

Management has not presented the Management's Discussion and Analysis that accounting principles generally accepted in the United States of America requires to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

Notes to Financial Statements

June 30, 2016

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Town of Scarborough School Department (the School Department) provides elementary and secondary education for the children living in Scarborough, Maine.

The financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the standard-setting body for governmental accounting and financial reporting. The GASB periodically updates its codification of the existing Governmental Accounting and Financial Reporting Standards which, along with subsequent GASB pronouncements (standards and interpretations), constitute GAAP for governmental units. GAAP also includes guidance from the American Institute of Certified Public Accountants in the publication entitled State and Local Governments. The more significant of the School Department's accounting policies are described below.

Reporting Entity

The Town of Scarborough School Department operates as a department of the Town of Scarborough, Maine (the Town), the financial statements of which have been issued in a separate report.

The accompanying financial statements present only the School Department's operations and are not intended to present fairly the financial position and results of operations of the Town of Scarborough, Maine in conformity with accounting principles generally accepted in the United States of America. Certain disclosures relevant to both the Town and the School Department are omitted herein and have been disclosed in the Town's financial statements.

Basis of Presentation

The financial statements report detailed information about the School Department. The focus of governmental financial statements is on major funds rather than reporting funds by type. The major fund is required to be presented in a separate column.

Governmental Funds

Governmental funds are those through which most governmental functions of the School Department are financed. Governmental fund reporting focuses on the sources, uses, and balances of current financial resources. Expendable assets are assigned to the various governmental funds according to the purposes for which they may or may not be used. Current liabilities are assigned to the fund from which they will be paid. The difference between governmental fund assets and liabilities is reported as fund balance. The School Department is reporting all funds using the major fund format.

General Fund

The general fund is used to account for all financial resources, except those required to be accounted for in another fund. This is a budgeted fund, and any fund balances are considered as resources available for use.

Notes to Financial Statements

June 30, 2016

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

Special Revenue Funds

Special revenue funds are used to account for the proceeds of specific revenue sources (other than major capital projects requiring separate accounting because of legal or regulatory provisions or administrative action).

Capital Project Funds

Capital project funds are used to account for financial resources segregated for the acquisition or construction of major capital facilities. Such resources are derived principally from the proceeds of general obligation bond issues.

Fiduciary Funds

Fiduciary fund reporting focuses on net position and changes in net position. The fiduciary fund category is split into four classifications: Pension trust funds, investment trust funds, private purpose trust funds, and agency funds. Trust funds are used to account for assets held by the School Department under a trust agreement for individuals, private organizations, or other governments and are not available to support the School Department's own programs. The School Department's only trust fund is a private purpose trust fund which accounts for nonexpendable trusts established for the benefit of the School Department and its students. Agency funds are custodial in nature (assets equal liabilities) and do not involve any measurement of results of operations. The School Department agency fund accounts for various student-managed activities and scholarship funds for the benefit of the School Department's students.

Measurement Focus

All governmental funds are accounted for using a flow of current financial resources measurement focus. With this measurement focus, only current assets and current liabilities are generally included on the balance sheet. The statement of revenues, expenditures, and changes in fund balances reflects the sources (i.e., revenues and other financing sources) and uses (i.e., expenditures and other financing uses) of current financial resources.

Basis of Accounting

Basis of accounting determines when transactions are recorded in the financial records and reported on the financial statements. Governmental funds use the modified accrual basis of accounting.

Revenues – Exchange and Non-Exchange Transactions

Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the modified accrual basis in the year in which the resources are measurable and become available. Available means the resources will be collected within the current fiscal year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current fiscal year. For the School Department, available means expected to be received within 60 days of fiscal year-end.

Notes to Financial Statements

June 30, 2016

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

Revenues – Exchange and Non-Exchange Transactions – Continued

Non-exchange transactions, in which the School Department receives value without directly giving equal value in return, include local assessments, state allocations, on-behalf payments, grants and donations. On the modified accrual basis, revenue from these sources must be available before it can be recognized and is recognized in the period in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the fiscal year when use is first permitted; matching requirements, in which the School Department must provide local resources to be used for a specified purpose; and expenditure requirements, in which the resources are provided to the School Department on a reimbursement basis.

Expenditures

The measurement focus of governmental fund accounting is on decreases in net financial resources (expenditures). Expenditures are generally recognized in the accounting period in which the related fund liability is incurred, if measurable. Allocations of cost, such as depreciation and amortization, are not recognized in governmental funds.

Budgetary Accounting

The School Department utilizes a formal budgetary accounting system to control revenues and expenditures accounted for in the General Fund. The budget is established in accordance with the various laws that govern the School Department's operations. The budget is presented on the modified accrual basis of accounting, except for on-behalf payments which is excluded from both revenues and expenditures on the budgetary basis of accounting.

The following procedures are followed in establishing budgetary data reflected in the financial statements:

- Early in the second half of the previous fiscal year, the School Department prepares a budget for the current fiscal year beginning July 1. The operating budget includes proposed expenditures and the means of financing them.
- A meeting of the residents of the Town of Scarborough is then called for the purpose of adopting both the proposed Town and School Department's budgets after public notice of the meeting has been given.
- Prior to July 1 the budget is adopted.

Encumbrance accounting, under which purchase orders, contracts and other commitments for the expenditure of monies are recorded to reserve that portion of the applicable appropriation, is employed in the governmental funds. Encumbrances outstanding at year-end are reported as a reservation of fund balance since they do not constitute expenditures or liabilities and will be re-appropriated and honored during the subsequent year. Encumbrances are not treated as expenditures under the budgetary basis.

All unexpended and unencumbered appropriations lapse at year-end unless specific approval is granted to carry forward such amounts.

During the year ended June 30, 2016 the School Department utilized \$1,378,114 of available funds from the Wentworth School Construction capital project fund to pay for debt service. This resulted in an increase in the fund balance of the general fund. The resulting surplus fund balance in the general fund is expected to be utilized in future year's budgets.

Notes to Financial Statements

June 30, 2016

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

Inventories

School lunch inventories are valued at the lower of cost (first in-first out basis) or market. The cost of inventories is recorded as an expense when consumed rather than when purchased. Inventories include the value of U.S. Department of Agriculture commodities donated to the School Lunch Program.

Capital Assets

Capital assets of the School Department are recorded on the entity-wide financial statements of the Town of Scarborough, Maine.

Interfund Assets/Liabilities

On fund financial statements, receivables and payables resulting from short-term interfund loans are classified as “due from/to other funds.” Interfund balances within governmental activities are eliminated on the government-wide statement of net position.

Transfers

Transfers are used to move revenues from the fund that a statute or budget requires them to collect to the fund that a statute or budget requires them to expend and to also move unrestricted revenue collected in the general fund to finance various programs accounted for in other funds in accordance with budgetary authorizations.

Compensated Absences

Compensated absences are earned in varying amounts by employees of the School Department. The total long-term liability of \$979,373 has been recorded in the government-wide financial statements of the Town of Scarborough, Maine and the portion that is currently due to employees of the School Department as of June 30, 2016, is \$37,485, which is also included in the fund financial statements.

Fund Balances

In the governmental fund financial statements, fund balance is reported in five classifications.

- **Nonspendable** Amounts that are not in spendable form, such as inventories and prepaid items or are legally or contractually required to be maintained intact.
- **Restricted** Resources with constraints placed on the use of resources are either (a) externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments; or (b) imposed by law through constitutional provisions or enabling legislation.
- **Committed** Resources which are subject to limitations the government imposes upon itself at its highest level of decision making, and that remain binding unless removed in the same manner.

Notes to Financial Statements

June 30, 2016

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

Fund Balances – Continued

- **Assigned** Resources neither restricted nor committed for which a government has a stated intended use as established by the School Board or a body or official to which the School Board has delegated the authority to assign amounts for specific purposes.
- **Unassigned** Resources which cannot be properly classified in one of the other four categories. The General Fund should be the only fund that reports a positive unassigned fund balance amount.

The School Board establishes (and modifies or rescinds) fund balance commitments by passage of a resolution. Assigned fund balance is established by the School Board through adoption of the budget as intended for a specific purpose. A fund balance assignment is further indicated in the budget document as an assignment of the fund (such as for fund balance carryover).

The School Department's spending policy for programs with multiple revenue sources is to consider restricted funds to be spent first, then spent out of committed funds, assigned funds, and unassigned funds.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

NOTE 2 – CAPITAL ASSETS

In accordance with GASB Statement No. 34, the School Department has reported all capital assets in the Town's Government-Wide Statement of Net Position.

NOTE 3 – LONG-TERM DEBT

In accordance with GASB Statement No. 34, the School Department has reported all long-term debt in the Town's Government-Wide Statement of Net Position. The School Department has two capital leases for copier equipment and also has certain bonds payable. Total annual debt service requirements as of June 30, 2016 are as follows:

Year Ending June 30,	Bonds Payable		Capital Lease Obligations		Totals	
	Principal	Interest	Principal	Interest	Principal	Interest
2017	\$ 3,470,865	\$ 2,289,467	\$ 53,606	\$ 1,770	\$ 3,524,471	\$ 2,291,237

Notes to Financial Statements

June 30, 2016

NOTE 4 – EMPLOYEE RETIREMENT SYSTEMS

GASB Statement No. 68, *Accounting and Financial Reporting for Pensions – and amendment of GASB Statement No 27*, was implemented by the Town and the associated liability has been reported in the Town's government-wide financial statements.

Maine Public Employees Retirement – Teachers Group

Description of Plan

All school teachers, plus other qualified educators, participate in the Maine Public Employees Retirement System's teacher group. The teacher's group is a cost-sharing plan with a special funding situation, established by the Maine State Legislature. The Maine Public Employees Retirement System provides retirement and disability benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. The Maine State Legislature establishes and amends benefit provisions. The Maine Public Employees Retirement System issues a publicly available financial report that includes financial statements and required supplementary information for the teacher's group.

That report may be obtained by writing to Maine State Retirement System, 46 State House Station, Augusta, ME 04333-0046 or by calling 1-800-451-9800.

Funding Policy

Plan members are required to contribute 7.65% of their compensation to the retirement system. The State of Maine Department of Education is required, by the same statute, to contribute the employer contribution which amounts to approximately \$2,765,000 (12.55%) for the fiscal year 2016. This amount has been reported as an intergovernmental revenue and retirement expenditure in the GAAP basis financial statements (page 4). The School contributes for federally funded teachers 12.55% of their compensation. This amounted to approximately \$55,000 during the fiscal year 2016. This cost is charged to the applicable grant.

The School Department also makes a contribution to the Maine Public Employees Retirement System Teachers Fund for the teachers of the School Department. The payment is determined by an actuary and is approximately 3.36% of the qualified teachers' salaries for the entire teachers' fund. For the year ended June 30, 2016, the amount of this contribution was approximately \$754,000.

Consolidated Retirement Pension Plan

Description of the Plan

School Department custodians, school lunch personnel and other non-teacher personnel can elect to participate in the Maine Public Employees Retirement System Consolidated Plan, a cost sharing multiple-employer public employee retirement system established by the Maine State Legislature. The Maine Public Employees Retirement System provides retirement and disability benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. The Maine State Legislature establishes and amends benefit provisions. The Maine Public Employees Retirement System issues a publicly available financial report that includes financial statements and required supplementary information for the Consolidated Plan. That report may be obtained by writing to Maine Public Employees Retirement System, 46 State House Station, Augusta, ME 04333-0046 or by calling 1-800-451-9800.

Notes to Financial Statements

June 30, 2016

NOTE 4 – EMPLOYEE RETIREMENT SYSTEMS – CONTINUED

Consolidated Retirement Pension Plan – Continued

Funding Policy

The contribution rates of plan members and the School Department and the Town are established and may be amended by the Maine Public Employees Retirement System Board of Trustees. The School Department's contribution to the Maine Public Employees Retirement System Consolidated Plan for the year ended June 30, 2016 was approximately \$142,000.

NOTE 5 – CONTINGENCIES

Grants

The School Department participates in numerous state and federal grant programs, which are governed by various rules and regulations of the grantor agencies. Costs charged to the respective grant programs are subject to audit and adjustment by the grantor agencies. Therefore, to the extent that the School Department has not complied with the rules and regulations governing the grants, refunds of any money received may be required. In the opinion of the School Department, there are no significant contingent liabilities relating to compliance with the rules and regulations governing the respective grants. Therefore, no provision has been recorded in the accompanying financial statements for such contingencies.

Insurance

The School Department is exposed to various risks of loss related to tort, theft of, damage to and destruction of assets, errors, and omissions, and natural disasters for which the School Department carries commercial insurance.

Based on the coverage provided by the commercial insurance purchased, the School Department is not aware of any material actual or potential claim liabilities which should be recorded at June 30, 2016. There have been no significant reductions in commercial insurance coverage from the prior year and no settlements have exceeded commercial insurance coverage in any of the past three years.

Independent Auditors' Report on Additional Information

Board of Education
Town of Scarborough School Department
Scarborough, Maine

We have audited the financial statements of the Town of Scarborough School Department as of and for the year ended June 30, 2016, and our report thereon, dated December 20, 2016, which expressed an unmodified opinion on those financial statements, appears on pages 1 and 2. Our audit was conducted for the purpose of forming opinions on the basic financial statements as a whole. The accompanying schedules on pages 16 through 26 are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the basic financial statements as a whole.
