Comprehensive Needs Assessment

Revised/Approved: May 24, 2021

Needs Assessment Overview

El Jardín Elementary School first opened its doors in 1926 originally operating as a one-building country school serving all grade levels. At one point, the original structure had been renovated and remodeled however; the original hardwood floors were preserved. In 1997, a beautiful fourth and fifth grade wing was built to reduce the number of portables. In addition to this, a new mini-gym and canopy were built for the physical education department to assist students during inclement weather. Numerous much-needed renovations have occurred at El Jardín Elementary to enhance its original design. Currently, El Jardín Elementary is one of the thirty-four elementary schools in the Brownsville Independent School District serving approximately 350 students from the three-year-old program through fifth grade.

The mission of El Jardín Elementary is to educate all students to become critical thinkers by providing a strong foundation towards a college bound future.

El Jardín stakeholders consist of three campus administrators, twenty regular classroom teachers, three special education teachers, seven professional support staff, one counselor, a nurse, nine instructional assistants, four office staff members, six food service workers, four maintenance personnel, and one security officer.

El Jardín Elementary provides teacher training to all staff members in the newest trends of technology, discipline management, conflict resolution, special education issues, SLO, STAAR and T-TESS updates, including numerous mandatory policies such as Sexual Harassment, Code of Ethics, ETC. Language Enrichment, LEA and the Esperanza Programs are other reading initiatives used in the primary grades through second grade. At this point, Education Galaxy, C-Scope, Edu-Smart, and AR are programs utilized in the computer labs to help students improve their Reading, Math, and Science skills.

El Jardín promotes extracurricular activities, clubs and organizations where students are encouraged to participate in order for them to become contributing members of society and well-rounded constituents. Some of these include Choir, UIL, Spelling Bee, Science Fair, Track & Field Events, Coding Club, Chess, Brainsville, Ballroom Dancing, Volleyball, Basketball, and Cheerleading Team.

Parental and Community Involvement are definitely one of, if not, the most important components of our academic environment. Parent volunteers and Community Leaders encourage our students to perform well throughout their education years via classroom or school presentations, rallies, National Library Week readings, and speeches.

El Jardín stakeholders, including administration, teachers, and staff definitely have high expectations of meeting the rigor and expectations of the STAAR test.

Demographics

Demographics Summary

The student population at EL Jardin Elementary School is approximately 350 students in grades 3 year old program through fifth grade. According to the TAPR Data for 2019-2020 review of our campus profile, the student population includes: 98.4% Hispanic, 1.6% White, 97.1% Economically Disadvantaged, 63.6% English Language Learners (EL). Enrollment numbers for EL Jardin Elementary School have shown to be steady for the last two years. The mobility rate for the campus last year was 22.8%. A total of 383 students are identified as at-risk with the highest number of at-risk students being identified under the LEP indicator. Additionally, the retention rate is as follows: First grade 12.1%, Second grade 11.0%, Third grade 6.3%. Fourth grade 3.2% and Fifth grade 1.5%. The Attendance Rates for the 2018-2019 school year was 96.0% for all students.

El Jardin Elementary School views demographics data on a daily basis. One of the main focuses of data is daily attendance and At-Risk student data. Once attendance is taken on a daily basis, we view our average daily attendance to see if we met our attendance goals. Administration, counselors and teachers review student data from ESchools, student SARs, Eduphoria-and AWARE program generated reports. Once we identify that we have not met our attendance goals, we make sure to call the parents of students who are absent and work to make sure that absences are excused. If students are consistently absent we make sure to conference with parents. We follow our district policy afterward. Counselors ensure student coding is correct including ethnicity, economically disadvantage, GT, and At-Risk. The special education department ensures all special education students are also coded correctly. The 504/dyslexia program ensures student data is updated yearly. The PEIMS administrator oversees that all departments and special program departments verify and check student demographic data. Once students are identified as At-Risk, administrators and teachers begin consistent progress monitoring to make sure students are academically successful. Procedures for overseeing demographic concerns include verifying daily attendance, verifying after-school tutorial attendance, allotting time for teacher and parent conferences, and purchasing additional resources.

Critical to the academic success of El Jardin Elementary is the desegregation of students' assessment data. Data is disaggregated consistently to identify the areas needing improvements such as meeting the state's student expectations and TEKS mastery. Data is disaggregated on a weekly basis through the analysis of progress monitoring, student grades, percentages of students on a RTI plan, TPRI/Tejas Lee BOY, MOY and EOY, benchmarks, and practice state assessment exams. Administrators and teachers look at students' scores in all subjects and break down the test objectives to identify strengths and weaknesses.

Once weaknesses are identified, teachers plan instruction accordingly to target the weaknesses. Teachers also plan for intervention instruction and tutorials in order to provide support and differentiated instruction for students who are considered at-risk. The SBDM meets to disaggregate assessment data and discuss campus needs. Administration and teachers evaluate student achievement history by generating state testing history results in Eduphoria-Aware program and Tango Trends Program. Administration analyzes trends in student achievement by evaluating test history by special population groups. Teachers disaggregate their student data to identify the strengths and weaknesses of their students and also to determine which objectives could have been taught differently or more in-depth to produce better results.

School Processes & Programs Strengths

In 2020-2021, a major factor contributing to our strengths continued to be the constant data analysis and planning.

Frequent walkthroughs ensured constant monitoring of classroom instruction based on the diverse needs of the district. Many classroom activities involved modeling, coaching, and providing instructional support to teachers.

Significant gains have been made in the school academic (STAAR) scores. By using prescriptive methods of intervention to assist students in passing state-mandated tests and courses.

Our attendance rate has consistently remained above the state rate set at 95%.

Daily parent calls and conferences (attendance, tardies and academics)

Attendance

El Jardin will provide incentives and awards to students meeting the district attendance goals.

Technology needs include increasing the available infrastructure to support online testing and student access including using Bring your own device (BYOD), professional development in technology integration into instruction (over 72% of teachers indicated the need for technology training on the Spring 2021 staff survey), increased Campus Technology Support staff and improved campus hardware and software.

Title I Schoolwide Elements

ELEMENT 1. SWP COMPREHENSIVE NEEDS ASSESSMENT (CNA)

1.1: Comprehensive Needs Assessment

Students, staff and parents completed an end of year needs assessment survey during Spring. The campus leadership team and SBDM members met as a committee to discuss the purpose of the committee and to reviewed the available survey results from students, staff and parents. The CLT then returned to their teams and reviewed the information discussed along with the EOY Assessment Results and Retention data for each grade level. Multiple measure areas were reviewed a a grade level and strengths and challenges were identified for each measure. CLT will meet for quarterly reviews of progress and a range of data sources to review existing strengths and needs to determine any changes in these areas. The committee members re-ranked needs and determined priority areas to complete the CNA process on May 24th, 2021.

ELEMENT 2. SWP CAMPUS IMPROVEMENT PLAN (CIP)

2.1: Campus Improvement Plan developed with appropriate stakeholders

The Site-Based Decision-Making (SBDM) Committee conducted a comprehensive needs assessment (CNA) over a period of one year to determine the strengths and needs of students, staff, parental & community involvement, and facilities before deciding how to use available local, state, and federal budget allocations. Based on the CNA, the campus leadership committee decided to concentrate on improving the passing rate of all students and student groups including Migrant, Bilingual, At-Risk, Dyslexia, GT, Title I, and Special Education on state assessments. El Jardin Elementary will have a school-wide program that may use Title I funds for any activity that supports the needs of students as identified throughout the CNA. The school develops a CIP that includes a description of the strategies that the school will be implementing and activities that address the needs of students, teachers, and parents. The CIP will be presented during parent's meetings and in the school website. The plan will continue to be translated into Spanish upon request. The CIP will be review every six weeks by the SBDM to make sure all strategies are being implemented or if any updates to the plan need to be made. On May 24th, 2021 the SBDM met to rank the needs and plan accordingly.

2.2: Regular monitoring and revision

El Jardin Elementary will continue to monitor and revise all school academic needs to improve academic performance every six weeks.
