Department of Physician Assistant
Studies

Success in meeting program goals

The Misericordia University PA Program was granted *Accreditation – Provisional* status by ARC-PA in March 2018. The initial cohort of students began classes on July 9, 2018. Our Provisional Monitoring review was completed September 2020. Our next comprehensive evaluation is a Final Provisional review and will take September 2022.

PA Program Mission Statement:

"The Misericordia University Physician Assistant Program strives to attract intellectually talented and caring students who will be educationally transformed and mentored to become competent and compassionate Physician Assistants."

Driven by our Mission, the following Goals were created as the end toward which our Programs effort is directed.

Goal I

Recruit qualified applicants who have experience with diversity and inclusion.

Measure:

- Diversity Interview Question Score for Enrolled PA Student

Target:

- Average score of 6 or higher out of a possible score of 9
Scoring for 3 = Excellent Response; 2 = Acceptable Response; 1 = Poor Response; 0 = Inappropriate Response

Data: Diversity Interview Question Score	Cohort 2020 Cycle 2017-2018	Cohort 2021 Cycle 2018-2019	Cohort 2022 Cycle 2019-2020	Cohort 2023 Cycle 2020-2021
Overall Final Diversity Interview Question Score	Average Score 8.5	Average Score 8.3	Average Score 8.1	Average Score 8.2

Program Effectiveness:

- Cohort 2020 exceeded the target.
- Cohort 2021 exceeded the target.
- Cohort 2022 exceeded the target.
- Cohort 2023 exceeded the target.
- Overall the MUPA Program is meeting the goal of recruiting qualified applicants who have experience with diversity and inclusion.

Goal II

Develop and advance a curriculum that ensures each graduate possesses the knowledge and skills necessary for entry into clinical practice.

Measure 1:

- Preceptor Survey of Student Preparedness

Target:

- 80% or more of items on the survey will score 3 or higher on a 4-point Likert scale: 4 exceeds expectations, 3 meets expectations, 2 needs improvement, 1 unsatisfactory

Data: Areas of PA-S Rotation preparedness Assessed by Preceptor	Cohort 2020	Cohort 2021	Cohort 2022
Medical Interview	3.57	3.95	
Physical Examination	3.38	3.95	
Oral Case Presentation	3.33	3.95	
Written Patient Record	3.69	3.94	
Knowledge of Diagnostic Studies	3.33	3.74	
Ability to Perform Clinical Procedures	3.67	3.81	
Problem-solving/Critical Thinking	3.47	3.89	
Factual Knowledge and Concepts	3.47	3.89	
Assessment/Differential Diagnosis	3.40	3.79	
Ability to Form Management Plan	3.36	3.84	
Ability to Implement Management Plan	3.46	3.72	
Relating to Colleagues	4.00	3.95	
Relating to Patients	4.00	3.95	
Understanding Role of PA	3.87	3.94	
Self-Confidence	3.67	3.74	
Reliability and Dependability	4.00	3.95	
Professionalism	4.00	3.95	
Overall First Rotation	3.63	3.88	

Program Effectiveness:

- Cohort 2020 exceeded the target
- Cohort 2021 exceeded the target
- Overall this measure meets the target for showing the didactic curriculum is preparing students for clinical rotations. Data from the preceptor preparedness survey shows an overall improvement from cohort 2020 to cohort 2021.

Measure 2:

- Summative Assessment

Target:

- 85% or higher first attempt pass rate on each summative assessment evaluation and overall summative assessment evaluations

Data: Summative Assessment Evaluation Tools	Cohort 2020	Cohort 2021	Cohort 2022
Summative OSCE	87%	100%	
Summative Examination	93%	95%	
Summative H&P (conducted virtually 2020)	73%	89.5%	
Masters Project	100%	100%	
Overall Final Summative Assessment Evaluations	88%	96%	

Program Effectiveness:

- Cohort 2020 met the overall pass rate and the pass rate for 3 out of 4 individual summative assessment evaluations.
- Cohort 2021 met the overall pass rate and the pass rate for 4 out of 4 individual summative assessment evaluations.
- Overall the program meets the Summative Assessment target and shows an improvement from cohort 2020 to cohort 2021.

Measure 3:

- Graduate Program Assessment Survey: Curriculum Items

Target:

- Score 3 or greater on a 5-point Likert Scale: 5 strongly agree; 4 agree; 3 neutral; 2 disagree; 1 strongly disagree

Data: Graduate Program Assessment by Section	Cohort 2020	Cohort 2021	Cohort 2022
Evaluation of Courses & Curriculum	4.37	4.46	
Effectiveness of Didactic Curriculum (self-assessment of student preparedness for Rotations)	4.28	4.48	
Evaluation of Clinical Sites	4.64	4.51	
Graduate Learning Outcomes	4.56	4.66	
Overall Curriculum Content Graduate Survey	4.46	4.53	

Program Effectiveness:

- Cohort 2020 exceeded the target across all four curriculum content areas and overall average of curriculum content.
- Cohort 2021 exceeded the target across all four curriculum content areas and overall average of curriculum content.
- Overall the program meets the target for the Graduate Program Assessment Survey: Curriculum Items.

- Based on the 3 outcome measures above, the MUPA Program has been effective in developing and advancing a curriculum that ensures each graduate possesses the knowledge and skills necessary for entry into clinical practice.

** Cohort 2022 data to be added upon program completion.*

Goal III

Retain and graduate at least 92% of all matriculated students (3-year average total retention rates).

Measure:

- Retention and graduation rate

Target:

- Average 3 Year graduation rate of 92% or greater

Cohort	Matriculated Students	Successful Progression from Clinical to Graduation	Total Retention Rate	3 year average of Total Retention Rates
Cohort 2020	16	15	93.75%	
Cohort 2021	20	19	94.44%	
Cohort 2022	18			

Program Effectiveness:

- Current data to date shows the MUPA Program is on track to meet our target.

Goal IV

Achieve a first-time-taker PANCE passage rate of 90%, or better. height

Measure:

- PANCE

Pass Rate Target:

- Annual First Time Pass Rate of 90% or greater

Cohort	Class Graduation Year	Number of First Time Takers	Program First Time Taker Pass Rate	National First Time Taker Pass Rate For the Class Graduation Year
2020	2020	15	53%	95%
2021	2021	*	*	*
2022	2022			
2023	2023			
2024	2024			

*See <https://www.misericordia.edu/physician-assistant/additional-program-info/nccpa-pance-pass-rate> for most current NCCPA report.

Goal IV

Program Effectiveness:

- Based on the first year, PANCE first time pass rate, the MUPA Program conducted a critical analysis of the following data: admissions criteria as predictors of success, individual course performance, course and instructor evaluations by students, program instructional objectives, learning outcomes, and breadth and depth of the curriculum, student summative evaluation results, remediation practices and results, attrition criteria and data for cohort 2020, feedback from students who were unsuccessful on the PANCE, preceptor feedback and graduate survey data . Analysis of this data led to the following changes: Cumulative assessment of student performance in Clinical Medicine courses, specifically the cardiovascular system, the pulmonology system, the neurologic system, and the reproductive system; increased assessment on formulating the most likely diagnosis; additional medical documentation assignments; and increased PANCE style testing.
- Changes made to the curriculum have had a positive impact as evidenced by the data listed in Goal II that shows improvement from cohort 2020 to cohort 2021 in all three measures evaluating the program curriculum effectiveness.

Goal V

Demonstration of institutional commitment for continuing professional development of the principal faculty, medical director, and program director.

Measure:

- Conference attendance and professional development supported by Misericordia

University Target:

- Each faculty member is allocated 100% funding and non-vacation days by Misericordia University to attend at least one conference annually or complete professional development

Program Effectiveness:

- 2017 – 2021: All faculty including the program director and the medical director were allocated 100% funding to attend one conference or complete professional development using non-vacation days. Non-vacation days were used for all conference attendance and professional development.
- Overall the MUPA Program is meeting the goal of demonstration of institutional commitment for continuing professional development of the principal faculty, medical director, and program director.
