

Form A2 – School Improvement Plan

Principal: Kristen Hauge

Assistant Superintendent: Michael Lehan

School: 279Online- High School

Date: 2021-22

The School Improvement Plan priorities focus on five areas: **reading, mathematics, student behavior, family engagement, and, if applicable, graduation**. The School Improvement Plan must include: (1) the utilization of MCAs as a data point for one or more goals; (2) articulated goals related to proficiency rate(s), growth, and achievement gap reduction; (3) student behavior; (4) family engagement and, if applicable, (5) a graduation rate goal.

Guidelines

- (1) The district will insert the basic and transformational goals before the start of school using the 2021-2022 cohorts (incoming students for Fall 2021).
- (2) Basic goals represent reasonable student progress (typically district average change). Transformational goals represent the scores that are necessary to close the achievement gaps and are based on state expectations.
- (3) General Color-Coding Key (most data tables include a more specific key):

Far Below Basic Goal	Well Below Basic Goal	Below Basic Goal	Near Basic Goal	Met Basic Goal	Met Transformational Goal
---------------------------------	-----------------------------	------------------------	-----------------------	-------------------	---------------------------------

- (4) Data tables include rows for students served in Talent Development, Academic Challenge and Gifted Support (TAG), Title I, and/or Distance Learning Academy (DLA) as relevant to the site. For Fall of 2020 in last year's SIP, these were students from your school who were entering DLA, and for Fall of 2021 in this year's SIP, these are students returning to your school from DLA.
- (5) Few DLA students participated in MCA testing in 2021, and those who did participate were involved in unusual testing conditions. Because of this (and related issues in other schools), we identified and excluded some FastBridge and/or MCA scores which were inconsistent. Please refer to your preliminary 2021 MCA report (on your school reports page of the Data & Assessment site) for more information.
- (6) Final Fall 2020 cohort index scores for grades 3-8 were based on Fall 2020 FastBridge aReading or aMath scores. For grades 10 and 11, final cohort scores were based on the 2018 or 2019 MCA.
- (7) Initial Fall 2021 cohort index scores for grade 3 were from Spring 2021 FastBridge aReading or aMath scores. For grades 4-8, the 2021 MCA was used. For grades 10-11, cohort scores were from 2019 MCA.
- (8) Goals and targets may shift after assessment data is received to ensure they are equitable, realistic, and accurately reflect learning achieved.
- (9) Site teams should use these **guiding questions** for discussion in development of the action plan for each area of the plan:
 - a. What did the data tell you about your current state? Is this part of a longer trend?
 - b. What adult practices might be contributing to the results? What could be root causes?
 - c. What research-based actions, strategies, and interventions may help students meet the goals?
 - d. What knowledge and skills (professional learning) will adults need to support students so they can meet goals?

Priority Three: Student Behavior

Evidence of Need:	This the first year of 279Online, therefore there is no prior behavior data for the school. The scholars making up 279Online primarily come from across District 279, which has had referral and suspension data that disproportionately affects scholars of color and those receiving special education services.
--------------------------	--

Student Behavior (Example: office referrals, suspensions, etc.)	Baseline data by target group (Example: ethnicity, socioeconomic, grade level, etc.)	Goal
Referrals		Collect baseline data for future goal setting
Suspensions		Collect baseline data for future goal setting

Priority Four: Family Engagement

Evidence of Need:	In the spring of 2019, Osseo Area Schools’ School Board set a district wide expectation that all sites/departments would develop and implement a family engagement goal.
--------------------------	---

Goal:	This the inaugural year of 279Online, District 279’s first K-12 online school. Our goal is to identify and implement ways to engage families and scholars choosing to engage in their education in an online format.
