Measuring What Matters

Third Grade Reading Metrics

2020-2021 School Year
Academic Achievement

Introduction

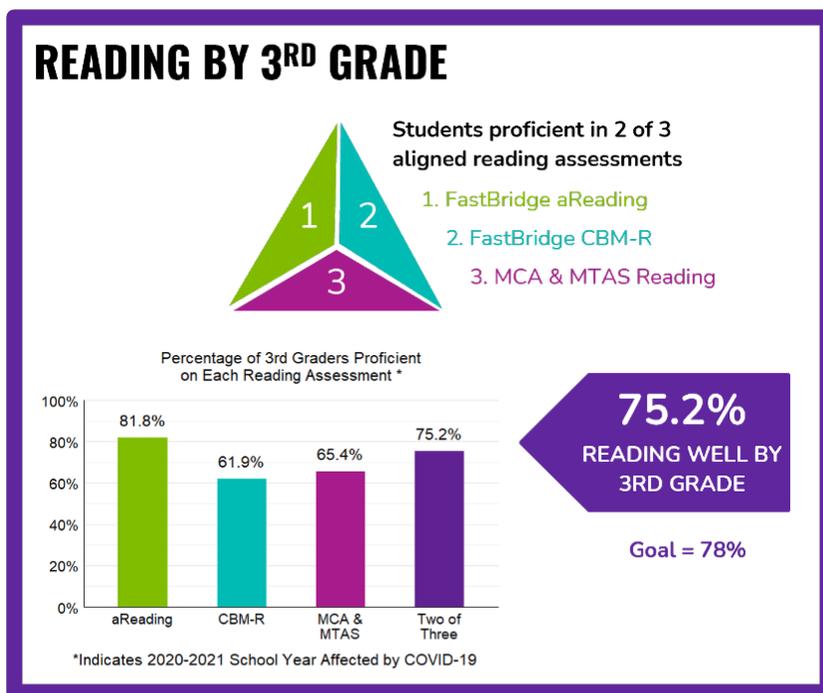

Third grade reading metrics are reviewed by the Eden Prairie School Board each year when Ends Policy 1.1.1 is monitored. This policy states: “Each student is reading at grade level by the end of third grade.” During the monitoring process the Superintendent must provide evidence that the district is making reasonable progress toward this goal.

Studies show that in third grade students transition from learning to read to reading to learn. If students are not reading at grade level in third grade it can negatively impact their academic achievement in future years, so the Board prioritized this goal in its policies.

Data

The data for the 2020-2021 school year was presented to the Board on October 25, 2021.

Target Set for 2020-2021: 78%: Level of Achievement: 75.2%

Reading by 3rd Grade: Meets Two of Three Criteria	
	2020-2021*
Overall	75.2%
Asian	95.7%
Black or African American	57.9%
Hispanic/Latino	58.8%
Two or more races	77.8%
White	78.6%
EL	34.3%
FRP	52.2%
SpEd	45.3%
<p>Note: American Indian or Alaska Native and Native Hawaiian or Other Pacific Islander groups have fewer than 10 students and are not shown to protect student confidentiality.</p> <p>* Indicates school year affected by COVID-19</p>	

School Board’s Perspective on the Data

On October 25, 2021 when the school board monitored this policy, the Superintendent asserted and the board voted to find that reasonable progress had not been made. However, given that the target was set early in the pandemic, the fact that the target was missed by only 2.8 percentage points is remarkable. The board applauded the staff for their hard work.

Because reasonable progress was not made, in the coming months the Superintendent will provide updates to the board regarding what actions are being taken to remediate the shortfall in achievement and the gaps in achievement between different subgroups of students.

Measuring What Matters

Graduation Rate Metrics

Academic Achievement

Introduction

Graduation rate metrics are reviewed by the Eden Prairie School Board each year when Ends Policy 1.1 is monitored. This policy states: “Each student graduates and is academically prepared to progress to multiple opportunities after high school.” During the monitoring process the Superintendent must provide evidence that the district is making reasonable progress toward this goal

Data

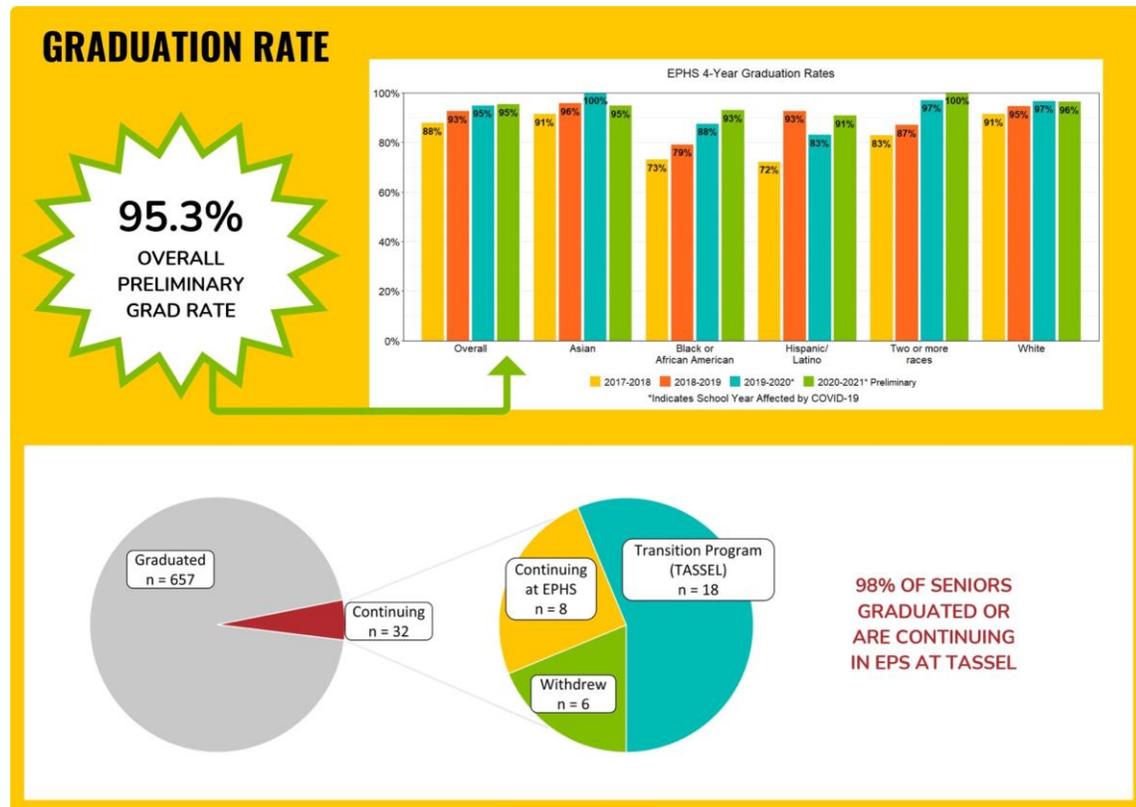

This data for the 2020-2021 school year was presented to the Board on October 25, 2021.

Target Set for 2020-2021

4-year: 94%
7-year: 97%

Level of Achievement

4-year: 95.3%
7-year: Not Available when monitored

School Board's Perspective on the Data

On October 25, 2021 when this policy was monitored, the Superintendent asserted and the board voted that reasonable progress had been made. The progress made over the last four years to reduce the gap in graduation rates between subgroups of students is truly commendable. The Eden Prairie School District can confidently say that the overwhelming majority of our students will graduate in four years, well prepared to continue on their college or career pathway.
