VOLUNTEERING WITH KANSAS CITY PUBLIC SCHOOLS
Introduction

The COVID-19 pandemic is a national crisis that poses a serious health risk for everyone. On March 19, the Centers for Disease Control and Prevention (CDC) updated its guidance based on science and data indicating schools are safe to return to some form of in-person learning. With this in mind, we have been moving forward with a back-to-school plan for the 2021-2022 year. This plan continues to be updated based on the status of the pandemic and the development of new best practices.

KCPS acknowledges the significant role volunteers play regarding programming, services, and achievement, and greatly appreciates the many contributions made to its students, staff, and schools. This handbook is designed as a partnership tool; it includes basic information and tips for working with students. It also includes very important legal information that all school staff and volunteers must understand and abide by to ensure that students and adults in our schools are safe.

Thank you for your support as we continue to make decisions in the best interest of safety and learning for our students, families and staff. If you have questions or concerns, please email pie@kcpublicschools.org or click on the “Let’s Talk” feature at the top of every page on our website.

Who Can Become a Volunteer
An approved volunteer is defined as meeting the following requirements:

- An adult over the age of 18 years
- An individual approved by KCPS who has completed *ALL* volunteer requirements
- An individual selected for a specific activity

*Volunteers working with students must complete a background check and have a signed code of conduct and release of liability. All this can be done on our volunteer website. [https://kcpublicschools.galaxydigital.com/](https://kcpublicschools.galaxydigital.com/)

Types of Volunteer

**KCPS Community Partner MOU:** Kansas City Public Schools has an MOU (*Memorandums of Understanding*) with a local community organization to create and offer supports that build the capacity of schools and community-based organizations to effectively and authentically partner. These volunteer duties are often assigned by program coordinators and will go through the regular volunteer requirements.

**Athletics Volunteer:** A volunteer coach is an unpaid assistant to a program or team. The volunteer must be able to provide a service to the team/program that will enhance the experience of both the athletes and coaching staff. The volunteer coach will serve under the direction and supervision of the head coach or sponsor.

**Fieldtrip Volunteer:** Chaperones are volunteers who agree to accompany and assist staff on school-sponsored field trips. Chaperones provide additional adult supervision and ensure a safe and well-supervised learning experience for students. Students are expected to treat adult volunteers with a cooperative attitude, courtesy and respect. Teachers and school administrators are responsible for assigning specific duties for chaperones.

**Mentor Volunteer:** Kansas City Public Schools offers a diverse portfolio of mentoring options for community volunteers seeking to mentor youth. Our programs are designed to equip each student with the unique type of support that best meets their needs. Please visit [https://www.kcpublicschools.org/how-to-get-involved/mentoring](https://www.kcpublicschools.org/how-to-get-involved/mentoring) to learn more about our mentoring programs.

**Event Volunteer:** Occasionally, KCPS will have 1-day events where additional support from volunteers is needed. District or school administrator will be responsible for recruiting and assigning specific duties for event volunteers.

Termination of Volunteer Activity
Individuals who are unable to continue serving in an assigned volunteer activity should notify the staff contact and school principal.

Individuals who do not meet appropriate requirements for volunteers working with children, as established by state law and the Kansas City Public School District policy, will not be accepted into the program.

If a volunteer does not conform to the guidelines outlined in this handbook, the building principal or designee may suggest alternative actions or assignments. If this option does not meet with success, the principal has the option to terminate a volunteer’s placement.

Falsification or omission on the registration form, which is a public document, is a criminal offense that can be prosecuted and may constitute grounds for dismissal. The District may, in its sole discretion, terminate a volunteer’s services.

Child Abuse and Neglect Reporting
Mandatory Reporting of Suspected Child Abuse State law provides that education professionals are mandated reporters of suspected child abuse. A volunteer who has reason to believe that a child has been subject to abuse or maltreatment must report it immediately to the teacher or a school or district administrator.

Nondiscriminatory
KCPS strives to provide all of its students, employees and members of the public with an environment that is free of prohibited discrimination or harassment. Accordingly, it is District policy to prohibit discrimination or harassment against any student, employee or applicant for employment on the basis of sex, race, religion, color, national origin, ancestry, age, disability, sexual orientation, gender identity, or any other factor prohibited by law. In addition, the District will not tolerate any form of discrimination or harassment on any such basis by employees or any other persons who interact in the workplace, school environment or District-sponsored activities. Students are also prohibited from engaging in discrimination or harassment as defined in the Student Code of Conduct. Discrimination or harassment on these bases is strictly prohibited on school property, in school transportation, in all academic programs and extracurricular activities and at school-sponsored events and activities, regardless of whether or not the event takes place on District property.

Health and Sanitation Guidelines
Mask On – Masks are required when in our school buildings and other sites, and they must cover the nose and chin.

Clean Up – We will keep our school buildings clean to the highest standards and we will encourage all students, staff, parents, guardians and visitors to monitor their own health and to practice excellent self-cleanliness practices, including washing their hands regularly and avoiding touching their own faces.

Stay Safe – We will facilitate social distancing in our schools and other buildings and will encourage all students, staff, parents, guardians and visitors to maintain as much as possible.

If everyone works hard to follow the “Mask On, Clean Up and Stay Safe” guidelines during this pandemic, we are confident that we will minimize the number of positive COVID-19 cases that result from interactions in our buildings.

Thank you for dedicating your time and talents to the students of Kansas City Public Schools!
