

Referral Program for New Students

Word of mouth is so important in promoting our school. We hope you will help us by being active ambassadors for Bishop Dunne!

We would like to reward you for promoting our school to your family and friends! Through our referral program, your family can receive a \$500 tuition credit for every qualifying family you refer to the school who enrolls in both the fall and spring semesters. This applies only to the enrollment of new students whose families are not already in the school's admission database. Alumni children, siblings of current students, or children who have previously attended Bishop Dunne are not considered new students and therefore not eligible for the referral incentive. Your \$500 tuition credit for every qualifying family will be applied to your account in March of the spring semester of the subsequent academic year.

Please reach out to family and friends with children who will be in grades 6-12 next year. Put them in touch with Admission and encourage them to strongly consider Bishop Dunne. Tell them why you made the decision to enroll your children here. Together we can help Bishop Dunne grow and thrive!

Go Falcons!

***If you are referring a family, the referred family will need to document your name on their student's enrollment form. Credits will not be given outside of stated criteria.
