Career Pathways Classes

Your first step toward a new or better career! Metro South offers a guided progression into the workforce combining practical work skills and education. Career Pathways bridges the gap between adult education and a career.

- Improve English skills
- Career planning with a career navigator
- Taught by qualified teachers
- Visit employer workplaces
- Learn from industry professionals
- Most classes lead to certifications, credentials and/or high school or college credits
- It's free

This program is partially funded with a grant from the Minnesota Department of Education using state and/or federal funding, Minnesota Statute Section 124D.522 and/or CFDA 84.002, Adult Basic Education-Grants to States. A proud partner of the American Job Center network.

Metro South is an Adult Basic Education site for the Minnesota Department of Education and a consortium of the school districts of Bloomington, Richfield, Edina, and Eden Prairie.

Program Descriptions

English as a Second Language Classes (ESL)

Metro South offers ESL classes at many different levels to adult learners from a variety of countries. We have classrooms in Richfield, Edina, Bloomington, and Eden Prairie.

Family School

Metro South partners with the Pond Family Center in offering family literacy classes through the Family School program. Parents study English and participate in a parenting education class, while their 3 or 4 year-old child attends preschool.

Diploma Programs for Adult Learners

Metro South offers an Adult Diploma program with classes in the daytime and evening for adult learners who are working to complete the requirements of a high school diploma. Upon completing the requirements, students will receive a Bloomington diploma.

GED

Metro South offers preparation in all four areas of the General Education Development (GED) exam. These classes, small groups, and tutors help learners improve their reading, writing, and math skills in a supportive environment.

College Preparation

Metro South assists adult learners with specific goals of learning to read better, learning math skills, and improving writing abilities. Some learners need to improve their skills before taking a trade test or school entrance exam.
