

OUR SCHOOL

Since 1936, Lincoln is the only truly international school in Argentina.

OUR MISSION

We inspire and challenge all of our learners to be kind and ethical members of a global community. We empower them to develop into self-aware, confident, innovative, and collaborative change-agents committed to honoring diversity and enhancing their world.

OUR DEFINITION OF LEARNING

Learning is the intentional process of making sense of the world through exploration, expression, and reflection. The journey of life-long learning is transformative, inspires action, and opens new pathways.

ELEMENTARY SCHOOL

Skills, knowledge, and attitudes necessary to become healthy, happy and curious learners.

Students in Elementary School (Kinder 4 to Grade 5) enjoy an excellent bilingual education program consisting of English and Spanish language experiences, as well as weekly classes in Physical Education, Art and Music. Technology is integrated throughout the curriculum in classroom work.

This is a time when students develop decision-making, communication and life training skills while acquiring fundamental character values. All Elementary School classes are designed to promote a high level of interest and to develop responsible and independent lifelong learners.

Our Elementary School Counselor visits classrooms to deliver the counseling curriculum, and is available to children, teachers and families for guidance and consultation at all times.

The counselor works as a team member alongside other school professionals, parents and community members to create a caring atmosphere where children's needs are met at all levels. Lincoln provides special student support programs such as those designed for the transition to and from the school.

MIDDLE SCHOOL

A wide range of learning opportunities to develop students' interests and skills, fostering friendship and collaboration.

Lincoln Middle School provides a broad and balanced academic program that addresses the needs of a diverse international student population. This curriculum is not only academically challenging, but also designed to foster the social, emotional, and physical development of children of 11 to 14 years old.

In the core and specialist subjects, Lincoln's Middle School offers an integrated and exploratory approach to learning. This program includes the subjects of English, Math, Science, Social Studies, Language and Geography/History. Our teachers strive to accomplish an education that combines acquisition of skills and knowledge, while also developing solid student attitudes and values.

Supporting our Middle School's core academic program is the English for Language Learners (ELL), the Learning Center and the Spanish Language Learners (SLL).

HIGH SCHOOL

Students are empowered to lead their own experiential learning in a multicultural and unique community.

The High School program at Lincoln provides a solid college preparatory program in which students are encouraged and challenged to grow academically and personally.

Students select courses from a variety of academic disciplines including English, Social Studies, Mathematics, Science, Foreign Language, Fine and Performing Arts, Technology, and Physical Education.

The college preparatory program meets the needs of students planning to attend college or university in the United States, Argentina and other countries worldwide.

We provide a unique High School learning experience that integrates the requirements of the Argentine and North American-accredited diplomas, allowing for both to be earned simultaneously. In addition, we also offer the prestigious International Baccalaureate Diploma.

ATHLETICS & ACTIVITIES

— We focus on an inclusive approach of participation, skills, sportsmanship and friendly competition.

Our curriculum is enhanced by an excellent and diverse After School Activities and Athletics program. We offer a wide variety of activities and sports in all school divisions with over 30 options for each student to explore different talents and passions. We believe this opportunity is a vital part of Lincoln's educational experience. More than 80% of our students enroll in this program each year.

The After School Activities program (ASA) fosters important values such as perseverance, commitment, self-confidence and both individual work and team work. Students are led to enjoy and cultivate their recreational activities to become wholesome and healthy individuals. Sports like soccer, volleyball, basketball, swimming, and track and field are included in the Athletics program. Students can also participate in Mindful Arts, Theater, Jazz Dance, TED Ed, and Technology groups, among others.

High School and Middle School sports teams participate in both local competitions and international tournaments with the chance to travel to different locations and meet other learning communities.
