

The Gow School

Greetings Gow Community,

In our communication back in September, we announced that The Gow School Board of Trustees has selected John Farber, from Resource Group 175, to lead the search for the next head of school at Gow, following Mr. Rogers planned retirement in June 2023.

This week, Mr. Farber visited campus meeting with administration, faculty and staff, students, and families. The purpose of his visit was to help facilitate the discovery chapter to write the position statement. In an effort to gather additional input for the position, Mr. Farber has created a brief survey. This survey will not only help to complete the position statement, but assist him in identifying the needs of The Gow School moving forward. We need your help.

The deadline for completing the survey is **Friday, November 19, 2021**.

The survey consists of eight questions; and providing your name is optional. Each section includes an opportunity for you to add comments. We appreciate your taking the time to submit your responses. Please reach out to John Farber with any questions regarding this search process. He can be reached at jfarber@rg175.com.

We offer gratitude for all you do for Gow and taking time to provide valuable input toward this significant next step for our School.

Best regards,

Skip Wilday
Chair, Board of Trustees

Mary Ann Coulson
Chair, Search Committee
