

Grace is so deserving of the Superintendent's Student of the Month award. She is an absolute treasure. She has excellent manners, and is incredibly kind and respectful. Her positive attitude is infectious. She is inquisitive and eager to learn. No matter the subject, she always has something to contribute and asks questions to help further her own understanding. She is quick with a smile and a helping hand. At recess she's a force to be reckoned with on the soccer field. But of course, she always leads with good sportsmanship.
