

FREE Homework Help

Free homework and tutoring assistance is now available online through the county library. The web-based program is available to anyone with a library card and provides “live,” expert tutors in all core subjects for students in grades 3 – 12, daily from 2:00 - 11:00 p.m.

To access, go to <http://cosmos.somd.lib.md.us/>. There are orange tabs on the top of the page. Click on “online tutoring.” At the bottom of the page there will be a space to enter a library card number to start the free tutoring. This is an excellent resource and can be used by students alone or by parents helping their children
