**Subject:** Public Records Request

Good day, Jim. I am on the District's website and am looking for the Communications Dept. for public records requests. If this email is supposed to go to another party, please let me know to whom to direct it.

We are a NC school vendor for logo mats and classroom furniture. There have been some shifts in positions this year, and we are needing to update our PRINCIPALS' contact lists for the elementary, middle, and high schools public, charter, and any specialty schools. The DOE list is way too outdated.

Can we please have the updated info. for your principals like this:

school name  
principals's name  
e-mail address

An Excel format would be much appreciated, if possible. (attached examples)

Thank you for your feedback!

Dawn Heflin
