Kelly-

Thank you for your request for public records pursuant to the South Carolina Freedom of Information Act. Attached are the requested responsive documents for August, 2016, through December, 2016. Although the BCSD previously provided these documents to the IP/BG, the BCSD makes these records again available as requested. Please understand that the BCSD's response to this repetitive request does not bind the BCSD to a similar response in any further request for records previously provided to the IP/BG, and the BCSD reserves the right to seek relief from future repetitive FOIA requests in accordance with the express provisions of the FOIA.

My apologies that it's repetitive on your end, but I was not passed along those records from those employees. Whenever I leave the paper, I will make sure my digital files are passed along to the next person to help avoid this situation.

Can you tell me what part of FOIA law cites repetition/previous requests as a legal exemption for a public agency to decline providing public records? As soon as you can point me to that, I'll be happy to ask a friend to request the five reports I am missing from this request.

Kelly,

Thank you for your request for public records in accordance with the South Carolina Freedom of Information Act. The Beaufort County School District previously provided 2016 personnel ratification reports in response to one or more requests from the Island Packet/Beaufort Gazette. As such, this request is repetitive to the extent it seeks such records.

To the extent this request seeks those 2017 personnel ratification reports not obtained by the Island Packet/Beaufort Gazette through previous requests, those reports are attached.
