Mr. Bequette-

I sent you a response on Monday afternoon, but it appears we had an e-mail outage and I'm unsure if you received it. I apologize if this is a duplicate.

Thank you for your request for public records in accordance with the South Carolina Freedom of Information Act. The BCSD has a web page devoted to information on the referendum. You can find it [here](#). Please see page 23 of 25 of the Presentation, which lists the estimated costs of each item in the April 21, 2018, referendum.

**Subject:** Freedom of Information Request

Please furnish me a copy of the detailed estimates for each item in the April 21 referendum. The new elementary and May River HS addition are most important.
