Mr. Bisi-

Ms. Almond's annual compensation is \$109,140. Her salary for the new position has not been calculated yet as the position does not officially begin until July 1, 2018. Calculations for that salary will be based on the District's published salary schedule for administrative staff according to her experience at Level 212. The salary schedule can be found [here](#). Ms. Almond's benefit offerings are the same as other employees and will depend on her selections, information for benefit offerings can be found [here](#). Currently, changes in the job description for Chief Instructional Services Officer are not planned. However, we do have a new interim superintendent coming on board, so that could change.

Mrs. Walton,

I am requesting information on Bonnie Almond including her annual compensation and benefits. To the best of my knowledge, that information is public information. In addition, I would like to know if her job description will be identical to that of her predecessor, Dr. Dereck Rhoads.

Thank you in advance.
