Subject: RE: Bids and Awards

Your request is being honored under the Freedom of Information Act. There was only one bidder for this project – L & S Electronics of South Carolina, Inc. The award amount is undetermined, as it depends on how much of the equipment/supplies the District will purchase over the course of the five (5) year contract.

Respectfully,
Sandi

Good Morning, Sandi

May I please have the list of firms who submitted proposals for this? If it has been awarded, may I get the name of the awarded contractor and the award amount? If not available yet, do you have an anticipated date that this will be available?

Thank you, in advance, for your time.
