Subject: FOIA Response

Dear Kelly:

On October 10, 2017, you requested, “the superintendent evaluations filled out by individual Beaufort County Board of Education members for the last four school years. To be clear, I am asking for the assessment sheet filled out and comments made by individual board members before the full board puts together its collective evaluation of the superintendent.”

After review, I am informed the District does not have any documents responsive to your request.

Jennifer Staton, MS, CSP
