

2021-2022

Dear Rising Star Parents and/or Guardians,

Our school has been identified as an official Title I school. Rising Star qualifies for this federal program, which provides extra math and reading support for students by a formula based on the percentage of students who qualify to receive free or reduced lunch benefits in the school.

Because we qualify for these special resources, the *No Child Left Behind Act* (NCLB) requires us to meet specific criteria referred to as Annual Measurable Objectives (AMO) as defined by the state of Kansas and determined by a formula that considers:

- The performance of third through sixth grade students on the Kansas math assessment
- The performance of third through sixth grade students on the Kansas reading assessment

Federal guidelines mandate that Title I schools provide parents the right to know. As a parent, you have the right to know:

- The qualifications of your child's classroom teacher, such as:
 - Whether or not the teacher is certified in Kansas
 - Whether the certification is emergency or provisional
 - The teacher's college major and if he/she has advanced degrees
 - Whether aides or paraprofessionals are providing services to your child and, if so, his/her qualifications
- How your child performed on the Kansas reading and math assessments

We will be able to share the information with you regarding your child's performance on the state assessment as scores are available. Information about our staff credentials and our test scores are public information and will be listed in our state report card.

Thank you for your continued support of our school. Together we can make a very positive difference for your child. We are working hard to provide the best possible education for your family. Please call the school and set a time to meet with your child's teacher or me if you have any questions during this school year.

Respectfully yours,

Tammy De La Rosa
Rising Star Principal
