Ray,
Since this is an open on-going evaluation, no information will be released until we have a signed contract. It could possibly be the middle of December to the first of January before the contract can be signed. You may request the information at that time.

Sandra,

I know that you are still evaluating but I think we would like to do a FOIA request. Would you suggest waiting until the event has been awarded or now since we are only going to be requesting the technical scoring? Your website has the FOIA request procedures so I will follow those unless otherwise directed.

Good Afternoon:

The solicitation states we will return your cost proposals unopened if your firm doesn't meet the 80 point minimum on the Technical proposal. Would you like these sent back to your attention or can we shred your un-opened proposals?

Thank you for your interest in the Beaufort County School District.
