Yes that would be the approach I would recommend.

Jeff,

It would be our pleasure to serve you and the community by keeping these children safe. Should we reach out to Mark directly to keep the momentum going? Thanks.

Mark shared with me the results today. They were both scary and impressive. I am recommending the district pursue an agreement with Gaggle to protect our students and community.

Thank you

Jeff,

Actually we did a safety audit for your district and presented it to Mark Chauhan on June 5th. I am guessing the report was not shared with you. I know that Mark does have a copy.

Good morning Bill:

I believe it would be extremely beneficial for Beaufort County to have an evaluation conducted. I will not be here beginning in August, but if the offer still exists I would be delighted to forward this to the appropriate individuals.

I enjoyed the session and as always what you are doing to make our students and schools safe.

I'm emailing to personally thank you for your input during our session in St. Louis. As always, our company has received great direction from the consulting members of ERDI.

We look forward to sharing more information on how your feedback has impacted our services and our market approach during the winter ERDI in Newport Beach, CA. .

If you have any interest in receiving a free Safety Audit for your district please do not hesitate to contact me.

Thank you again!
