Subject: FOIA Request

Ms. Pidanick-

I have received your South Carolina Freedom of Information Act (FOIA) request for video of a student. Videos of students are considered student records, not public documents, and are not subject to release under FOIA pursuant to 30-4-40(a)(4) for matters entitled to exemption based on other statute or law. Your request is denied. However, if this is your child you may have access to his student records. Please contact the school to inquire if there is a video available for you to view.
