## **Friends' Central School Overview**

Friends' Central School is an independent, coeducational Quaker day school founded in 1845 and serving approximately 775 students in Nursery through grade 12. Located in the Philadelphia suburbs, the School has two campuses. The Middle & Upper Schools are located just outside of West Philadelphia in Wynnewood, and the Lower School is on our Old Gulph Road campus in the heart of Wynnewood.

The exceptional faculty at Friends' Central offers a curriculum that cultivates the intellectual, spiritual, and ethical growth of our students. Our pedagogy is grounded in continuing revelation, reflection, integrity, and a willingness to accept responsibility. From Nursery to grade 12, our students participate in a process designed to foster creative, critical, and flexible thinking, along with compassion. As they transform from playful children to skilled, self-possessed teenagers, they are always intellectually curious and engaged thinkers. Friends' Central prepares graduates to succeed in college and in life.

## **Upper School Math Teacher**

Friends' Central School seeks a math teacher to join the faculty of our Upper School (grades 9-12) beginning with the 2022-2023 school year. We are looking for a committed individual who can lead our students in class while also helping them to grow and learn outside of class. The position requires dedication to the School's Quaker values and identity, the ability to collaborate and inspire, and a willingness to participate fully in the school community, including in its commitment to diversity.

### **Responsibilities:**

- Teach courses in our math program. The offerings currently range from Algebra I to Multivariable Calculus (Advanced). We are looking for as much flexibility as possible.
- Collaborate with colleagues to incorporate coding into each math course
- Lead an extracurricular activity or club based on experience and interest – this may or may not be math related
- Be prepared to work with students outside of class for support and enrichment
- Advise a group of students

In addition to having a professional and educational background in teaching math, we seek someone who will:

- Be an enthusiastic teacher and supportive guide for Upper School-aged students
- Stay current with best practices in teaching and the teaching of math, including incorporating technology and differentiating instruction

- Determine learning goals and design coherent instruction and assessments accordingly
- Have the mindset and ability to work in partnership with colleagues and parents
- Understand and be committed to the School's Quaker values and mission
- Be an engaged member of the Friends' Central faculty and wider community

**Qualifications:**

- Experience working with Upper School-aged students
- A BS in mathematics or a related field. An advanced degree is preferred
- Proficiency with technology applications to enhance classroom learning

*Friends' Central School seeks candidates with a commitment to fostering an inclusive learning community who will address issues of diversity, as well as enhance the Philosophy of Inclusivity and Awareness articulated in our [Diversity Statement](#).*

Interested candidates should send a resume, cover letter, three references, and a statement of educational philosophy to [careers@friendscentral.org](mailto:careers@friendscentral.org).
