Each year the DPI publishes a report card for every school in the state of Wisconsin in order to provide families, educators, and the public a picture of performance. These reports offer valuable information from attendance data to school-wide achievement and progress. This report does not take into account that the majority of our students were learning virtually for the 2020-2021 school year.

The statement above is provided by the school. It is not an evaluation by the Wisconsin DPI.

This priority area measures year-to-year student progress on statewide tests. It uses a value-added model that seeks to control for circumstances beyond the influence of educators. A high value-added score means that on average students in the school are progressing more quickly than other, similar students. Growth is scored from 0 to 100 to match the other priority areas and is a conversion from the roughly 0 to 6 value-added score.

Priority Area Score

This school's score was the same or higher than 63.4% of K-8 schools in the state.

English Language Arts Score: 67.9
