RE: Technology Plan Outcomes

Good Afternoon JoAnn,

In response to your 9/18/18 request regarding outcomes of the 2016-2019 Technology Plan, Bonnie Almond, Chrissy Robinson, Mark Chauhan and I met yesterday to discuss. We gathered from this meeting that outcomes for the Technology Plan have not been formally compiled or reported to the Board in the first two years of this plan. We have already begun to work on compiling data, and will report outcomes to the Board, via PE 1.4 "Foster Technology Use," at the January 25th/26th Board work session as required of the Strategic Governance 2018-19 Work Plan.

Sincerely,

Tonya

Good Morning JoAnn,

At my request, Mark has forwarded your email to me regarding the Technology Plan outcomes. Mark, Chrissy, Bonnie and I are meeting this Thursday to discuss the plan, and Bonnie and I will provide a response to you after that meeting. With transitions in both her department and mine, we want to get up to speed on where we are and what we need to focus on going forward. We will be in touch with you very soon.

Thank you,

Tonya

All,

Just circling back regarding my question below:

Question: Do you have a copy for review with the outcomes columns
filled in?

Thank you,

JoAnn Orischak

Subject: Technology Plan Outcomes

Hi Chrissy,

I had the opportunity recently to watch the May 21, 2013 Board meeting where Dereck Rhoads, Ross Hendricks (previous head of Technology), and you presented on our BCSD technology plan. At this time, Dr. Jackie Rosswurm was serving as our interim superintendent, but Dr. Moss was present in the audience. According to Dr. Moss' employment contract, Dr. Moss was at that time a paid consultant by the BCSD as he was transitioning into his role as superintendent.

During the May 21, 2013 meeting, the Board was asked to transfer \$417K from funds earmarked for iPad repairs to be used for iPad purchases instead. Chrissy and Ross delivered an excellent, comprehensive presentation on our rather significant iPad pilot launched by previous superintendent, Dr. Valerie Truesdale. Our then chairman, Bill Evans, asked how we might measure the success of our pilot program. You and Ross presented initial thoughts on how to best do that. I would encourage all to watch this portion of the meeting, as it provides background into the start of our technology expansion.

Attached is the BCSD 2016-2019 Technology Plan found on our BCSD website.

Question: Do you have a copy for review with the outcomes columns filled in?

Sincerely,

JoAnn Orischak

PS. Once Moss realized how easily
He could dupe the majority of board members, aided by my attacking, stalking board representative. The hocus pocus smoke and mirrors became his constant MO.

This was not a problematic issue when I was in school. We had uniform expectations across the entire country. Students who failed to master grade content repeated the grade until they were prepared for the next level of education. Fast forward to BCSD 21st. Century. Instead of bruising students self-esteem, we began rewarding mediocrity with grade floor programs. All of a sudden poverty became a crutch for the unmotivated. The solution here is basic. Keep students at grade level until such time as they can compete at the next higher level, and quit making excuses for the lazy.

Well well well, according to Dr. Moss the BCSD achievement gap level is one that would be welcomed by any district in the US. and Instructional

leader Bonnie Almond blames the state for lack of uniform expectations.

What kind of nonsense is this and who would be gullible enough to believe those ridiculous statements?

The fact that this 250 million dollar a year operation doesn't know how to competently analyze the in- house schools tests data - only how to manipulate the info is disgusting.

A severe disservice to the students, parents and community has been carried out here.

Another unintentional and inadvertent
propaganda presentation by our former school district leader!!
A perfect example of why Ethics
Matter.!!!

I firmly believe an excellent education is available to all student who apply themselves in our Beaufort County School District. Regarding the "achievement gap" which I view as code for identifying lazy, unmotivated students, I keep asking; why are students who are unable to compete at grade level continue to be promoted to the next level of incompetence?

Subject: Re: Achievement Gap

Astonishing what is being uncovered.

More to come - I'm sure.

But the biggest disappointment is that we have some inadequate school board members who lack the knowledge on how to carefully verify and supervise their one employee, They lack proper board behavior themselves and strike out in a childish manner instead of paying attention to what they were elected to do. Playing into unacceptable power politics, supporting an unethical plea bargain Supt.

Otherwise this school district wouldn't be at this low point of no majority community support. It's going to take an enormous effort

for the school district to recover from these past five years under Moss.

Instructional and financial support has to be revived - and this will only be accomplished with new nonpolitical mindset Supt and school board that operates with knowledge and dignity in the best interest of everyone.
