

## Community Council Meeting

11/17/2021

3:45 pm

### **Agenda**

Welcome

#### **Review and finalize minutes from last meeting**

Read by Brooke Paras

- Move to approve – Courtney Brown
- Second – Nichole Andersen
- All council approved

#### **Share Information Regarding Internet Safety Training**

Karen Waters, school STS, presented information about iBoss, Onsite servers, CIPA Child Internet Protection Act. We talked about how we make devices available to all students, the main applications, programs, and sites used by grade levels. She shared supervision and management tools, including NetRef. She shared some of the greatest threats to students and how we address these.

Our council agrees and indicates that our internet safety measures and parent guardian education are appropriate.

#### **Review School Improvement Plan Goals for 2021-2022**

Natalie Vincent shared progress on our goals.

Goal #1 All action steps are fully in place. We started the year with 72% of our students at or above grade level. Will check progress at middle of year.

Goal # 2 All action steps are fully place. We started the year with 23% of our students at or above grade level. Will check progress at middle of year.

Goal # 3 All action steps are fully in place. Data at end of Unit 1 indicates we are meeting this goal with 80 to over 90% proficiency, depending on the grade level. We will save data from this year and compare it to next year.

Nicole Andersen wondered about how COVID has affected our students academically and what we are doing about them. Julie Young was able to talk about ways to assess, and how we are using our aides to help fill holes.

Adjourn

Next Meeting: January 25, 2021 3:45
