

ONLINE LEARNING CHALLENGE OR FUN?

ILIAS

"I think that online learning is fun and not fun at the same time. First, it's fun because we get to stay at home with our parents, wake up late, and don't have to wear masks. Online learning is not fun because we cannot see our teachers and friends in person. Also, if the teachers want us to be quiet, they mute us and we have to wait for our turn to speak for about 10 minutes."

HENRIK

"I don't like online learning because we cannot play fun games in PE, but I like online learning because I can play on my Ipad."

GEORGE

"I am bored of not being at school, I want to go back NOW!"
