

STUDENT OF THE MONTH

October 2021

**Yahali
Levy**

Yahali is a hardworking, caring and supportive member of our house. She is a great role model to peers.

Just today I was able to see her giving revision advice to her peers.

The confidence with which she explains her thoughts and ideas to others will serve her well in years to come. Despite being a very able pupil, she is humble in her own abilities, is an inquisitive learner, with an excellent growth mindset.

She embodies the spirit of Elliott house and is a great asset to our school community.

**Mr R Azopardi
(Head of House)**

Yahali is determined to achieve her potential. She is always fully engaged in every aspect of the lesson, always working to the best of her ability. She always rises to the challenge, whatever the task and always maintains her good humour. She is very willing to help others too. It is a real pleasure teaching such a star.

**Ms E Machin
(Teacher of English)**

Yahali has consistently shown to be an excellent team player, this was evidence in the recent Challenge Day activities. Yahali completed several challenges during the day supporting younger members of the tutor group, her commitment and creativity was contagious to her peers. As a student in my art lessons, Yahali is incredibly driven and focused in lessons and always strives for her very best. Only this afternoon, I heard Yahali supporting a peer in the art lesson, celebrating successes and suggesting ideas for improvement with maturity way beyond her years. A very worthy winner for the student of the month award.

**Mrs L Oxley
(Tutor)**
