Jeff Zhou	Adjust the current educational district boundary (new Pacific Sky School, 92130)	Approve/A favor	Dear SDCOE board, We live in Torrey Del Mar Neighborhood (Zip code 92130). We have learned that a new elementary school, Pacific Sky School, 1.2 mile from our neighborhood will be opened next year. However, the current school assignment, Willow Grove Elementary (Zip code 92127) is 3.5mile away. In the past 20 year since our neighborhood was built, the population and new residential developments have changed significantly in this area. There is a clear Geographical boundary between our neighborhood and Willow Grove El. Therefore, For school redistricting, we highly propose assigning Pacific Sky for kids living in Torrey Del Mar neighborhood. Thanks for your consideration. Parents of K-6 graders.

Naishan Chen	4	Approve/A favor	Dear CCSDO, I am resident of Torrey Del Mar neighborhood (Zip Code 92130). I support the redistricting of our neighborhood from the current Poway Unified to the Del Mar school district. The distances for both elementary and middle schools will be much closer than the current schools. Thank you for your consideration.

Weidong Xu	Adjust the current educational district boundary	Approve/A favor	<p>We are residents of Torrey Del Mar neighborhood (Zip Code 92130). When our neighborhood was first developed in 2002, we were zoned to Poway Unified School District due to more population residing east of the neighborhood. In the past 10 years, the population along Carmel Valley Road has increased and changed dramatically. There is a clear geographic boundary between our neighborhood and neighborhoods along Camino del sur. As part of Carmel Valley (based on our zip code), we are A LOT closer to the public schools in Pacific Highland Ranch (San Dieguito Union High) than the public schools in PUSD. Specifically, these are the distance between our neighborhood and the elementary school, middle school, and high school if we are redistricted, comparing to the current schools we are zoned. 1.4 miles to Pacific Sky elementary school (Open in Aug. 2022) vs. 3.4 miles to Willow Grove Elementary School (Zip code 92127). 2.7 miles to Pacific Trail Middle School vs. 3.8 miles to Black Mountain Middle School (92129). The high school distances are compatible. 2.4 miles to Canyon Crest Academy vs. 2 miles to Westview High school (92129). It is safer and healthier for our children to go to school closest to home. When childhood and adolescent obesities are a public health concerns, we want to encourage our kids to walk or bike to school if possible. To do so, they need to be able to go to school that's closest to them. We want to teach our children's to be environmentally conscious and reduce their carbon foot print. To do so, they need to be able to reduce their commute time in the car and they need to have the option to walk/bike to school. Because of these reasons, we propose school redistricting for our neighborhood. Thanks for your consideration.</p>
