

General Requirements

The following general conditions apply for commercial advertising:

1. Advertisement design and content shall be approved by the Executive Director of Communications and be in accordance with GKB(LOCAL) "Standards of Approval."
2. The Assistant Director of Marketing shall serve as the point-of-contact for commercial advertising requests and maintain customer-client relationship.
3. The District will not charge for early cancellation of contract, minus the actual production costs of advertisement, except in the instance of the cancellation of long-term contracts (three or more years) where significant forecasted revenue may be lost as a result of the cancellation and a replacement client must be identified in such cases, the District may levy an early cancellation fee, not to exceed 10% of the original contract total.
4. Production costs related to the development of advertising materials will be paid at the time of contract approval.
5. The District permits advertising on the following venues which are generally accessible to the public:
 - a. CCISD School Buses
 - b. CCISD Athletic Venues
 - c. CCISD Website and Electronic Communications
6. Advertising rates are based on market values and will be reviewed annually, See Exhibit 1.

Advertising Procedures

The following procedure shall be used for commercial advertising requests and approval:

1. Requests to advertise with CCISD should be directed to the Assistant Director of Marketing.
2. The Assistant Director of Marketing will set up a meeting to discuss and outline advertising options and rates.
3. The Advertiser will be required to sign an order form, contract, and pay a non-refundable production fee prior to the district fulfilling the request. The non-refundable production fee is strictly the direct cost in producing the actual signage for bus and stadium advertisement.
4. The District shall use a time-date stamp on all advertising requests. The District will utilize a first-come, first-served process for advertisers vying for the same location/venue.

5. The actual term of the contract will begin when signage is placed.

Advertising on Website and Electronic Communications

1. The District will seek viable and family-appropriate advertisement for its website and electronic communications.
2. By request, the District will provide the advertiser web-traffic analytics from a third-party source, such as Google Analytics or Constant Contact, to the extent that this information can be obtained and is available. The District is not liable for the accuracy of such analysis.
3. Advertisement shall not be more prominent than district-related graphics and content. See Exhibit 1 for website and electronic communication advertising rates.
