# Santa Claus in the Mall

By: Breyson Severns

**M**y name is Johnny and I used to love Christmas a lot because of the gifts,

the songs, Santa Claus and the baking of the star shaped cookies all until one day. It is the day before Christmas Eve and my girlfriend Amy and I are going to the Santa Fe Mall for the first time to buy Amy a Christmas present. I am going to buy her a ring to propose. Five hours later it was night time and I'm thirsty so I go to get a drink and I could of swore I heard hundreds of faint voices whispering "Johnny" getting louder "Johny" getting even louder

All untill one manly voice "JOHNNY" all of a sudden I fell to the floor and fell asleep...

In the morning I looked out the window and it was a very gloomy day then I looked at my bed "I woke up in my bed *weird*."

Twenty minutes later we arrived at the very creepish looking mall and we got out of the car "Is this the right mall Amy?"

"Of course it is dumb, dumb." Amy said.

Later we got into a clothing store and we were looking at clothes, and I got a few clothes and went to the dressing room to try them on. "It looks like this place can fall any minute" I said, and all of a sudden I see a dark shadowy figure outside of my stall. Also I hear faint banging. So I put my clothes on and burst out of the door when I looked around no one was there. I purchase the clothes and I go outside the store and see a huge line with Amy in the front of the line I "What are you doing Amy" I said

"Taking a picture with the mall santa. We're next, goof."

"Fine"

So I went to take a picture with Santa and he blurted out "I only want the girl".

"It's alright" said Amy

So I took a picture and When I reviewed it he had this nasty toothy grin that was as sharp as shark's teeth.

I got home and I went to sleep on the couch. I fell asleep.

Then I heard "Jooooohnny" I am still in the stage of sleep "santa is that you?"

"Oh yes Johnny but i have a favor to ask you Johnny when you wake up I want you to open this little orange box first thing in the morning okay"

"Okay"

"Now go back to sleep Johnny alright"

----- "... "-----

I wake up and my phone has twenty text messages from Amy.  
Are you in my driveway?

Johnny quit it, it is not funny!

And the rest were OH JOHNNY I KNEW YOU WERE GOING TO MARRY ME I KNEW IT  
OH JOHNNY I KNEW YOU WERE GOING TO MARRY ME I KNEW IT

OH JOHNNY I KNEW YOU WERE GOING TO MARRY ME I KNEW IT.

In the middle of the rugg I found an orange box and I opened it "AHHHHHHHHHH" it was Amy's hand with a note on it "Marry Me NOW!"

# The next life

Dear diary, The year was 2026 when it started. Elon Musk was coming back from mars! The ship is landing! Splash! The ship has landed. Everybody wanted to see Elon Musk. Everyone was running to the ocean and yelling are you ok, how was mars! He was not coming out. I saw divers go into the ocean to see if he was there. Suddenly, they went flying out into the ocean and then I saw four horrifying (things) came out and start to attack people. Then they stopped, I saw a bunch of people put the (things) in their van.

Day 1-10

I saw on the news that the doctors that were helping Elon musk got really sick and started to have inhuman limbs. Scientists also found out it is a virus that is turning people into the horrifying (thing) trapped on Mars for thousands of years. I also saw on the news that school and work are getting canceled so I was really happy but scared at the same time me and my family went to buy weapons, food, water, and stuff to fortify our house. When we got done fortifying our house I sat on my bed and started to watch tv. On the news I saw that the disgusting aliens they called, were evolving due to global warming.

Day 11-17

This was the worst week of my life. I saw a bunch of Aliens that were trying to break into my house and eventually they did. They started to attack my mom first, when she got injured my dad went on a rage and killed every Alien And attacked my brother by accident. My brother started to bleed and my mom yelled.

"Why did you do that? You could have killed him".

"It was an accident," said my dad. He got so mad he started to attack me but the rest of my family restrained him. That was the last time I got to see him and to this day I still love him.

Day 18 - 28

Once we realized that our home was not safe we packed up and left. It took a while for us to find a new home. But after a couple of days we finally found a new home a ambandan supermark. When we were about to go into the supermark we saw people fighting aliens in the huge parking lot. We were about to help them but we saw the aliens had advanced weapons and we had no ammo and our knives were broken. We just went inside and hid, when I heard, please help me! I got scared and just rubbed against my mom. After a while we checked outside to see if it was safe. When I looked outside I was in horror when I saw dead bodys of the people there was so much blood I almost threw up. I ran inside so fast I hit one of the metal bars and got knocked out. I work up the next not knowing what happened. I

was very surprised that most of the food and drink was there. Me and my family started to fortify the supermarket with the metal bars and after the long day I fell asleep faster than I can remember.

#### Day 19-39

When I woke up my mom and my brother were already awake and eating breakfast. I was surprised because I am usually the first one to wake up. I hear my stomach growl so I eat two of the cereal boxes. My mom said

"We need to get more supplies". When we left the supermarket I suggested that we go to my school and when we got there it was abandoned and super creepy. When we went inside we got books, more food, more water, and a portable cooler. When we got back from the school we scavenged as much food, like red meat and chicken muck as we could. When there was no more red meat and chicken we put vegetables and fruit in it. Me and my family also went to Walmart to get stuff to entertain us. When we got there we got ambushed by people that were getting supplies then they realized that we were people and not aliens. When they stopped they asked us our name and if they could they could join us. We said yes because it's more the merrier right. We got all the supplies we needed to survive more than two years. When we got back to the supermarket it was very dark, so we had to scan the supermarket absent me and my brother. When we knew it was safe we went to sleep.

#### Day 40-45

When I thought it couldn't get any worse I was very wrong. The day started like a regular morning but with more people I was the first one awake and realized I never explored the supermarket. I made sure nobody was awake then I started to explore the back to front. When I was walking I was getting scared because there was a mob hitting each other. I didn't go over there just in case. I was astonished how big it was and before I knew it I was lost. I heard footsteps coming towards me at a rapid rate. Then I heard it stop I felt an unbearable pain in my stomach and when I tried to touch it my hand went through. I screamed so loud it echoed across the supermarket ten times. My family and my friends rushed as fast as they could. After that I don't remember what happened. My family said that one of our friends was one of the best doctors before the apocalypse happened. Now back to the diary, when I woke up there was a light so bright it felt like staring at the sun so I went back to sleep.

#### Day 46-56

When I woke up I tried to touch my stomach and I touched it. At first I thought I was in heaven but my friends and family helped me up. They also asked if I was ok. I said yes because I didn't feel pain. I also heard an announcement that said

"The cure is coming so come outside". When I came outside all I saw was a huge light coming over us, when I came over all I saw was white. Which felt like an entrunadiy when I saw different colors I was supesize how colorful it was. I thought I was in a different world. I saw my family and said

#### Day 57 -67

"are we in a different world." I was supesize by mom answer because she said

"We are in the same world but in a different universe". . When we were walking I was staring at the trees. When it was night we made a bed out of wood and leaves but the trees became alive and started to attack us. We ran because we did not have our weapons. When we were running we realized that this was another apokolips world because we saw tree people attacking humans. Then we found a place to hide. We already knew what to do. We had to make or find shelter, find food and water, and lastly get weapons, so we did. When we got

I went to sleep right away. When I woke up I was in a different place when I went to sleep. I asked

"where are we". My mom said

"our house got burned down so we had to move." I got a little scared because our house got burned down on the first day and the rest of the days were boring.

#### Day 68-78

When I woke up and went outside and saw the yellow, blue, and red trees with the brite blue grass I felt relaxed. Until I saw a tall, fat, and smelly guy with a gross vose. He came at me with a wooden knife. He tried to stab me but I was an expert at dogging and I grabbed the end of a tree and stabbed his knee. He fell and I stepped in his head and ran inside. When I was inside my family was not there, so I ran back outside and saw my family fight the tree people. When i saw my brother get kike into the river I ran and jump into the But I didn't know how stong the crrruct was. Then I went down a waterfall and when I looked up I was amazed how futurist it was then I heard a vores beside me it that said

"Are you one of the old people? Time moves slower there". Then he hit me. Now I only see red. This is how I am writing the diary and this is the end of the diary. The end. Ps there may or may not be a part two. The world may never know and no one will see.

# HOW XMIL'S DEATH WAS HEARD

## Chapter I The Meet

One day Michel and Jalen were walking down the streets of Gloomsville that are muddy ever since the hurricane hit the south ,When XMil had walked out of the town's local bakery,"Bob's Brownies",When they had smelled They had smelled the sweet glazed bliss doughnut,the signature doughnut.Xmil was a kid they had known from school.I would not say the three were the best of friends. Xmil was not a regular person, he was fairly close to becoming a comet until Michel and Jalen had gone to save him from Cassandra, so he hangs with them, ALL THE TIME!!! To them it was not a big deal,until Jax came to "pick Xmil up".

## Chapter 2 The accusation

Jax and Cassandra were a couple. They were the ones who had almost turned Xmil into a comet."Hey!"

"Who's there?" asked Jax."

"Hey over here!"

"Wait". "SALEM!?!?!?!?"

"How did you know it was me?" asked Salem.

When Michel and Jalen had gone to go find Cassandra and Jax, Then a horrifying sight of Xmil's death,The two had seen him hanging from a lightpost. They had immediately driven to the campsite where Jax and Cassandra were staying for the night.

## Chapter 3 The investigation

When Jax and Cassandra woke up, they saw Michel crying. She had asked Michel, "Are you okay?",asked Cassandra. By the time she had the will to speak to the "possible" murderer,She said,

"How could you kill Xmil?",asked Michel as she sulked.

**"WHY IN THE WORLD WOULD YOU THINK I WOULD KILL XMIL?"**

#### **Chapter 4 The Depressing confronting**

Annie and Jax went Xmil's funeral when they had heard Salem again Jax and Cassandra screamed in terror. "Jax." Alexia called. Alexia was Jax's two month younger sister. Michel had confronted Cassandra in an embarrassing maner."Hey you guys Cassandra killed Xmil but she will not admit it!!".

"Michel I do not even have a clue why you would think I would try to kill Xmil again." As Cassandra tried to explain. Even though things were going south for Jax and Cassandra they still tried to explain, the reason they would eliminate Xmil.Michel And Jalen had finally got over the fact that Cassandra did not get rid of him, The two went back gloomsville were they lived to get a bite to eat,as they talked more at the bakery,When Michel asked herself "Wait how could Cassandra kill Xmil?"

"She could not have killed Xmil Because the campsite is four miles left form the light post", she explained to Jalen.

#### **Chapter 5 The Horrible Realization**

"Wait,I just had the most blood-curdling realization."Michel said in a shrill voice.

"Xmil might be a comet."They had all stopped as, Xmil had called in the distance,

"Wow! This feels new". Xmil exclaimed. Alexia was about to scream in terror, from the fact that Xmil had popped up out of nowhere. Alexia was afraid to talk to Xmil,but Jalen said the words of encouragement she needed . Then they went back to Gloomsville, where rivers are high, and tensions' are low.

## **Chapter 6 THE last**

Now that the team is back in Gloomsville, they still had a lot to talk about, but first they went to get a bite to eat."I noticed that Bob seems a little snooty ever since Xmil passed away." Alexia stated.

Then Michel and Jalen went to talk to Bob, and the response was a shock .

"Listen, I don't care that your little friend is dead, Alright! Now beat it. Bob had ranted.

"Wow, I can't believe it, Bob doesn't even care about the situation." Michel said in an enraged voice .Then Alexia asked,"Wait what if... Bob killed Xmil."

"What that's cray cray", Jalen had said.

"But what if its not Ha Ha Ha!!!!!" Bob yelled....

## Spooky Story

[a year ago] I finished school for the day then did all the stuff before going to bed. Then in bed I saw a guy that had nothing on him, he was only black [ well I wasn't sure because he was so fast] . When I saw him I got so scared but when I tried to look at him but then he disappeared then I stayed up at night to see him but nothing happened. [next day] I finished school again then did all the stuff before bed then I went to bed wondering if I will see him again then I did but more times then last time. I went to the door to see him but I didn't so I said " I want to talk and I will call you Shadow Man. " But he didn't respond so I went back to bed then slept. I kept seeing him until one day I told my mom about him and we got a light to see if he would stop coming and he did stop coming. YAY! [ Few weeks ago ] He never came again until I left my OC on my window shelf for the night. Then I saw Bill Cipher staring at me through the T.V. Then I saw the Shadow Man again. [ a couple days later ] I put it back where the drawing back [ not right drawing ] on the window shelf but nothing happened. I will probably see them again and try to see if they will respond one day. I have a feeling that the Shadow Man is Cartoon Cat but I don't know yet.

Cartoon Cat

Bill Cipher

One night I was going to go trick or treating with my friends. David dressed up as black panther, Jeremiah dressed as a puppy, and I was dressed as a power ranger and Icy was dressed as superman. We were going to get so much candy, and we did get a lot of candy.

I said "let's go to the haunted house."

"No way!" said Icy.

"I want to go in," said Jeremiah with a chuckle so we ventured in to see what was waiting for us. A creaking sound greeted us.

"I'm scared," said David.

"I'm sure they're trying to scare us," I said.

A ghost popped out of nowhere and ahhhhhhhhhh said everyone, everyone ran upstairs.

"Quick hide in this room" said Icy.

Suddenly a puppy appeared. It was a German shepherd whose eyes were red And had smooth fur. "Hello!", the German shepherd said, "Can the dog talk?" we all said to one another.

"I've lived here for 500 years," said the German shepherd

I have had no company ever since my owner Maximilian died in the fire.

"Are you lonely?" I said

"Yes, I want people to come to my house on Halloween but they think it's really scary."

"What if we help you so people won't be scared?" said Icy.

"Yippee!" said the German shepherd. Everyone helped clean the house. We dusted the whole house and made it inevitable.

"Thank you!", said the German shepherd. "How can I thank you?"

Well you can come over to dinner and go trick or treating with us!

The German shepherd said "please call me Buddy. "

From then on every Halloween Buddy had tons of tricks or treaters and he lived happily ever after.

# The Haunted Doll

## Chapter 1

### The Doll

"Ella come downstairs, it's time to go" called her mother, Jessie. "OK mom coming," Ella yelled. When they were in the car Ella read a newspaper. She read it out loud, "The most haunted house in New York! BOO!". "Ahhhh" screamed Ella very quietly. "Oh cool, a haunted house. Do you want to go?" asked Jessie. "sure" said Ella, a little scared.. We will bring your BFF, Daisy announced Jessie. "Well anyway we're here, let's find you a toy" mom said. "OK mom," Ella said. They started looking and then finally Ella found it," I found it, a doll" Ella said.

## Chapter 2

### The long Drive

"Are you sure?" asked Ella's mom. "Yep" replied Ella. "OK" Jessie said. "let's go then" Ella announced excitedly. "I'm going to name you Lily. Ella sat there quietly, until finally," are we there yet" asked Ella. "No," Jessie said quietly. "it's taking so long," Ella complained. "I know sweetie, but it's only two minutes away from your friend's house" her mom said. "OK" Ella said a little louder... 2 minutes later..." where here lets get Daisy"... seconds later... "I'm ready," Daisy said.

## Chapter 3

### The haunted house

"I'm scared," cried out Ella. "it's OK" uttered her mom... A few seconds later... "I'm ready," confidently said Ella. "OK then let's go, ready Daisy?" asked Jessie. "Yep," Daisy answered... In the haunted house... "AHHH" Daisy and Ella screamed. "I want my doll". "lucky I have it" mom answered. Ella looked away for a second, and she looked back and there was the doll with a different face from a grin. It was a creepy look. "I want to leave" the two friends cried together. The doll jumped out of Ellas hands and there were other dolls beside her with creepy looks too! The doll she had made the other dolls fall to the ground, out of nowhere they didn't see it, but there was a clown that tripped and spilled ketchup on the ground. It was all over the dolls, so it looked like blood but it was ketchup. The two girls screamed, "AHHHH".

## Chapter 4

### Is the doll really gone?

They were finally out of there! "That was a disaster" Daisy started. "Can we please go to the dumpster?" asked Ella. "Ya I want to go to the dumpster too! Daisy also said." OK then let's go to the dumpster then" said her mother confused... At the dumpster..." We're here" Jessie said, still confused. "Ok we will be right back" they said. "Here we are, at the dumpster" Ella said. "let's do this," Daisy announced. BING, BONG, BOOM. There we go Ella said relieved. "Let's go back" Daisy uttered. "Yep let's go" Ella uttered too.

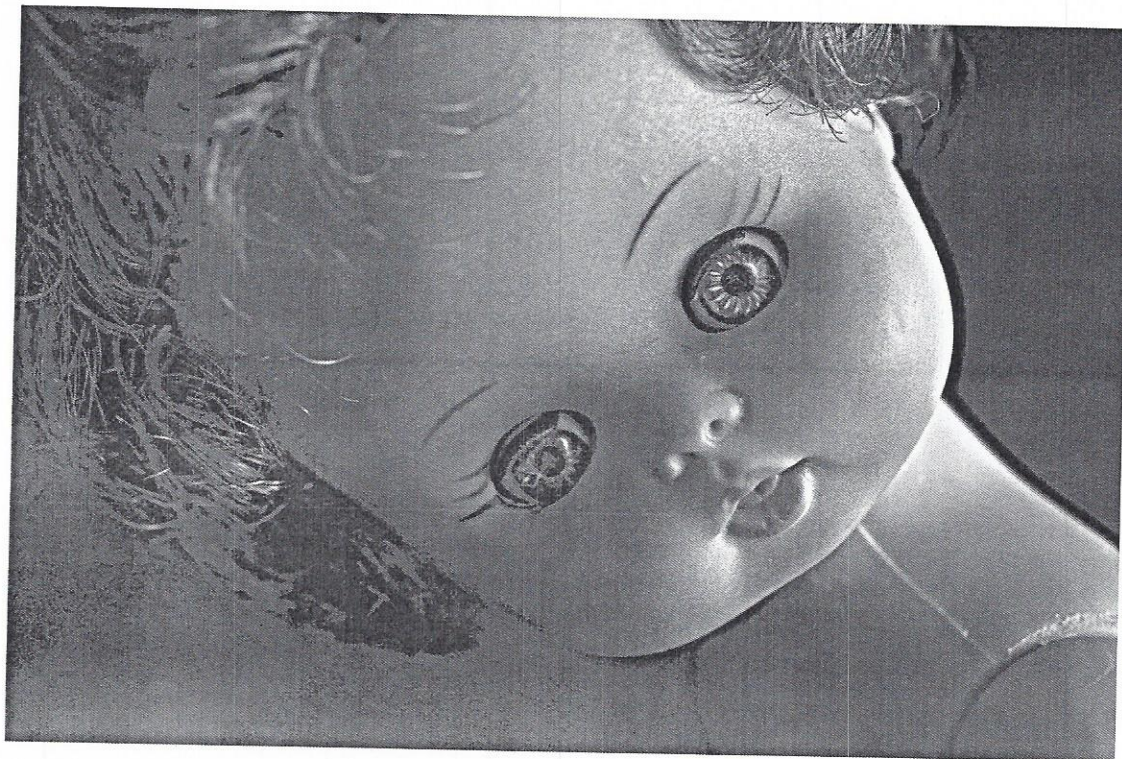

## Chapter 5

### The Dolls Back

"Ella, can you please take out the trash?". "Sure" Ella stated... "Outside..." AHHH THE DOLL IS BACK". Daisy came running out. "Where?" she asked. "In the garbage can" Ella said scared. "AHHH THERE IT IS. They tried to run, but it was too late. They got turned into dolls just like her. Jessie ran out. "Ella, Daisy this is

not funny". Then she found the dolls. She also tried to run away, but the same thing happened to Jessie. She got turned into a doll. The four dolls went around hunting and turning them into dolls too. Soon there were 2,000 dolls on her team. Maybe you will get turned into a doll too!!!!!!BOO!

### Halloween Writing

One day at school I was with my friends and I saw a shadow walking down the hall at the time I didn't think much of it. After school when I got home I saw the shadow again but this time it wasn't walking it was running. It couldn't be my mom , dad , brother ,or sister because they were all at the store. I went to see what it was and it was a phantom. He looked like a soldier but there were no wars in my town or anywhere near it. I still see him every night standing over my bed.

Halloween Writing

One day I was on a walk at 1 a.m. at my aunt's farm. First, I heard a rustling in the corn. I heard more coyotes howling than usual. When I settled down I felt something soft and fluffy touch my leg. Afterwards, I looked down and saw a huge owl with an extremely bloody beak, 6 inch talons, bloodshot eyes, 55 pound, and solid black feathers with gray legs. It bit my leg and left a large wound.

The next day I went to my aunt and told her to tell Baxter the barn cat, Oliver, and Oscar to be careful around because the cats could be eaten by the owl which I named Bloodjaw. After that day a fox attacked Oliver on his evening walk down the lane and when he got home he passed out from being exhausted. At the end of the week we came back to Colorado.
