

**Executive Summary Report from Dr. Gregory McCord to Dr. Jeffrey Moss
Presented to BCSD Board of Trustees
June 27, 2017
Academic Achievement of Student Athletes Spring 2017**

<p>Executive Summary</p>	<p>Closing out the fourth full year of the 2.0 grade point average (GPA) requirement for all student athletes (Administrative Rule SS 36), BCSD student athletes are exceeding expectations in every area.</p> <p>A review of the total numbers for both middle and high school student athletes for the second semester of 2016-2017 show significant increases in academic achievement.</p> <p>Many of our student athletes competed both on State-wide and National levels. Several schools and student athletes were crowned State Champions or Runners-up, including Hilton Head Island High School receiving the South Carolina Director's Cup Award for the seventh consecutive year for the most competitive teams in the State. Over 60 student athletes will go on to compete at the collegiate level for their respective sport.</p>
<p>Middle School Data Second Semester</p>	<ul style="list-style-type: none"> • 745 total student athletes. • 99% of student athletes have a 2.0 GPA or higher. Increase of 1% from last semester • 3.73 is the average GPA for all student athletes in middle schools (the highest ever)
<p>High School Data Second Semester</p>	<ul style="list-style-type: none"> • 1265 total number student athletes. • 98% of student athletes have a 2.0 GPA or higher. • 3.79 is the average GPA for all student athletes in high schools
<p>South Carolina Grade Scale Update</p>	<p>2016-2017 school year data will be used as the baseline for future years. This is for fair comparisons.</p> <p>The grading scale changes implemented by the South Carolina State Department of Education beginning 2016-17 uses a 10 point scale and the 7 point scale previously used reflects year prior. BCSD will continue to monitor GPA for all student athletes using the new scale.</p>
