Mr. Anderson-

When you called today inquiring about a FOIA request you had submitted, you indicated that you had dropped off the request a couple weeks ago. I indicated I had not received it. The request is dated August 23, 2020 and the front desk indicates they received it on August 28, 2020.

Your request is exceedingly broad. Which schools are you inquiring about? All schools? Please consider narrowing your request to be more specific to include information about each record sought, such as the date, time and specific location of the video and resubmit your request.

All video will need to be reviewed prior to release, as any video of students is considered a student record and is not a public document. Your current request is so broad that it would require hundreds of hours of work and the estimated cost would be several thousand dollars. However, I will provide you with a quote if you are unable to narrow the scope of your request. Please let us know.

Sincerely,

Jennifer A. Staton, MS, CSP
