1. Please explain how your past personal and professional experience make you a quality candidate for the position for which you are applying.

I am applying for the bus driver position. I feel I am a quality candidate for this position because I have had various different professions throughout my life that have prepared me for many different things and I also raised 5 children of my own. I have owned my own small business, so this gave me discipline and accountability. I have been delivering pizzas for Papa Johns for a couple of years now, and from this I have become even more timely and productive. Having raised five children of my own, they have been the lights of my life so I know the importance of getting kids home safely to their parents on a daily basis is very important. I understand the trust the parents put into the bus driver to ensure that their kids are taken to where they need to go.

2. From your point of view how important is technology in education? What technology related skills can you contribute to this position?

Technology is the future and very important to incorporate in the kids' education starting at a young age so they can become fluent in typing skills and how to get the most out of all the resources a computer with internet can provide them. My technology skills that I can contribute to the bus driving position is knowing how to operate the bus and knowing the importance of never being distracted by technology while driving the kids.
